1PM Lunch & Awards

Your Chance to Golf Mira Vista!

In 2011 Mira Vista Golf & Country Club completed a $2.5 million full restoration of their golf course. The work included new drainage, resurfaced putting greens, new bunker sand, and the leveling of several tee complexes. The club has also installed more than one mile of new concrete cart trails. Hallmarks of the work include reclaiming 17 lost fairway bunkers, restoration of the famous risk-reward 17th Hole, and rebuilding a series of bunkers on the 18th Hole that had been removed during World War II. Panoramic views from Mira Vista's four prominent ridge tops have also been reopened. Today, grand views of downtown San Francisco and the North Bay greet the golfer at more than two dozen points across the 18th-hole layout.
