The City of El Cerrito serves, leads and supports our diverse and transit-rich community by providing exemplary and innovative services, public places and infrastructure, ensuring public safety and creating an economically and environmentally sustainable future.

- Council Meetings can be heard live on FM Radio, KECG – 88.1 and 97.7 FM and viewed live on Cable TV - KCRT- Channel 28 and AT&T Uverse Channel 99. The meetings are rebroadcast on Channel 28 the following Thursday and Monday at 12 noon, except on holidays. Live and On-Demand Webcast of the Council Meetings can be accessed from the City’s website at http://www.el-cerrito.org/streamingmedia. Copies of the agenda bills and other written documentation relating to items of business referred to on the agenda are on file and available for public inspection in the Office of the City Clerk, at the El Cerrito Library, and posted on the City’s website at www.el-cerrito.org prior to the meeting.

- In compliance with the Americans with Disabilities Act, if you need special assistance to participate in this meeting, please contact the City Clerk, (510) 215-4305. Notification 48 hours prior to the meeting will enable the City to make reasonable arrangements to ensure accessibility to this meeting. (28 CFR 35.102-35.104 ADA Title I).

- The Deadline for agenda items and communications is eight days prior to the next meeting by 12 noon, City Clerk’s Office, 10890 San Pablo Avenue, El Cerrito, CA. Tel: 215–4305 Fax: 215–4379, email cmorse@ci.el-cerrito.ca.us.

- IF YOU CHALLENGE A DECISION OF THE CITY COUNCIL IN COURT, YOU MAY BE LIMITED TO RAISING ONLY THOSE ISSUES YOU OR SOMEONE ELSE RAISED AT THE COUNCIL MEETING. ACTIONS CHALLENGING CITY COUNCIL DECISIONS SHALL BE SUBJECT TO THE TIME LIMITATIONS CONTAINED IN CODE OF CIVIL PROCEDURE SECTION 1094.6.

- The City Council believes that late night meetings deter public participation, can affect the Council’s decision-making ability, and can be a burden to staff. City Council Meetings shall be adjourned by 10:30 p.m., unless extended to a specific time determined by a majority of the Council.

BACKGROUND

Staff began publicizing vacancies on all the Boards, Commissions and Committees in September 2016. Vacancies were published on the City’s website and in the West County Times, posted at City Hall, the Community Center and Library and appeared as a lead article on the City newsletter News and Views. Although the City conducts a continuous recruitment, the deadline for submitting applications for the first round of interviews was set at December 5 however additional applications continued to be submitted throughout December 2016. At the conclusion of the recruitment 39 applications for boards, commissions and committees had been received. In accordance with new rules adopted by the City Council on December 3, 2013, some board and commission members termed out on January 1, 2017 but were agreeable to serving in an interim capacity through March 1, 2017. The City Council approved these interim appointments at its December 20, 2016 meeting. New appointments resulting from the interviews conducted throughout February will either fill existing vacant unexpired terms or become effective March 1, 2017. Candidates who have listed a committee as a preferred choice on their application are contacted by the City Clerk and the staff liaison to discuss the committee appointment process.

COMMISSION FUNCTION SUMMARIES

Arts and Culture Commission
Meetings 4th Monday, 7:00 p.m., City Hall – Council Chambers

The Arts and Culture Commission consists of seven members who demonstrate a commitment to various arts disciplines, including but not limited to: fine arts, visual arts, performing arts, literary arts, art history, and arts education.

Citizens Street Oversight Committee
Meetings 4th Monday in January and September, 2nd Monday in November, 7:00 p.m., City Hall – Hillside Conference Room

The Citizens Street Oversight Committee monitors the expenditures of revenue collected pursuant to ECMC Chapter 4.60 (the “Pothole Repair and Local Street Improvement and Maintenance Transactions and Use Tax”) to determine whether such funds are expended for the purposes specified in the then-current Street Repair and Maintenance Expenditure Plan, and issues reports on their findings to the City Council and public at least annually. The Committee may also review the annual financial or performance audits performed by an independent auditor.

Civil Service Commission
Meetings On-Call, 7:00 p.m., City Hall – Council Chambers

Hears appeals submitted by any person in the competitive civil service relative to any disciplinary action, dismissal, demotion, or alleged violation of the municipal code or the personnel rules and certifies its findings and recommendations. Holds hearings and makes recommendations on any matter of personnel administration requested by the Council or the City Manager.

Committee on Aging
Meetings 3rd Wednesday, 3:00 p.m., City Hall – Council Chambers

Membership on the Committee on Aging is open to any and all interested adult residents of El Cerrito. Members are appointed by the City Council upon recommendation of the Committee and there is no limit on the number of Committee members. The Committee has established four long-term goals as follows: 1) Affordable housing options for older and disabled residents 2) Adequate space and facilities for, and the provision of, quality programs and services for seniors 3) Improved accessible public transportation and paratransit services for persons unable to use public transit facilities and 4) Increased support services to assist frail older adults and their families both within and outside of their homes.

Crime Prevention Committee
Meetings 2nd Wednesday, 7:00 p.m., City Hall – Hillside Conference Room

The Citizen’s Crime Prevention Committee was formed by resolution of the City Council in 1975. Membership is composed of El Cerrito residents interested in or knowledgeable of the criminal justice system. Appointments to the committee are made by the City Council upon
recommendation of the committee. The committee has received awards for “National Night Out” and has conducted identity theft workshops.

**Design Review Board**
Meetings 1st Wednesday, 7:30 p.m., City Hall – Council Chambers

The Design Review Board reviews all development (public or private), including all buildings, site layouts, and signing in all districts, except single-family, for the purpose of encouraging quality design of such facilities. The Board provides a framework by which elements of poor layout and design of a project may be prevented. Membership on this Board requires the filing of a Statement of Economic Interests – FPPC Form 700.

**Economic Development Committee**
Meetings are held on the 4th Wednesday of each month at 7:30 p.m., City Hall – Hillside Conference Room

The Economic Development Committee (EDC) acts in an advisory capacity to perform tasks and duties identified by the Economic Development Strategy and Action Plan. The Committee advises the Council on economic development matters, makes recommendations on the annual economic development work plan, and oversees the work of subcommittees established to concentrate on creating plans for high-priority areas. The Committee also provides input to other City boards and commissions on economic development matters and reviews progress towards achieving the annual work plan goals and long range economic development goals. The EDC encourages community involvement in economic development. The Chamber of Commerce President serves on the Economic Development Committee for one year.

**Environmental Quality Committee**
Meetings 2nd Tuesday, 7:00 p.m., City Hall – Council Chambers

The fifteen member Environmental Quality Committee serves in an advisory capacity to the City Council, staff, other boards, commissions, and committees, and the residents of the City with regard to environmental quality issues within the City of El Cerrito. The Committee recommends programs, policies, and ordinances to the City Council and promotes the City’s environmental quality efforts. The Committee also promotes and fosters public awareness, education, interest and support for environmental quality efforts, fosters volunteer opportunities, and educates El Cerrito residents regarding environmental quality and issues relating to environmental impacts.

**Financial Advisory Board**
Meetings 2nd Tuesday, 7:00 p.m., City Hall – Hillside Conference Room

The Financial Advisory Board (FAB) conducts a review of the proposed annual budget and long-term financial plan for the City and the Redevelopment Agency to assist the City Council and Redevelopment Agency in making decisions on major expenditures and revenue sources. The FAB develops a long-term financial plan for the City and the Redevelopment Agency, conducts an annual review of the City's investment policies and gives consideration to the managing of the City's financial reserves to assure maximum returns on approved investments. The FAB also reviews the annual audit and management letter and provides the City Council and the Redevelopment Agency with recommended changes in financial practices and reviews and
makes recommendations on all proposed bonds or other debt instruments to be issued by the City and the Redevelopment Agency.

**Human Relations Commission**  
Meetings 1st Wednesday, 7:00 p.m., City Hall – Hillside Conference Room

The purpose of the Human Relations Commission is to initiate educational and cultural programs, and promote tolerance and mutual respect between all persons. When requested by the City Council, the Commission will evaluate and make recommendations regarding discrimination charges levied against the City. Commission members shall be generally representative of the demographics of the City including the racial, religious, age, gender, ethnic, and other groups.

**Parks and Recreation Commission**  
4th Wednesday, 7:00 p.m., City Hall – Council Chambers

The Parks and Recreation Commission acts in an advisory capacity to the City Council on all matters pertaining to public recreation, including parks, playgrounds, landscaping, childcare, the arts, educational courses and entertainment. Current projects include an Urban Forest Plan and the Ohlone Greenway. The Commission considers the annual budget of the Recreation Department during its preparation and makes recommendations with respect thereto. Additionally, the Parks Commission assists in the planning of a recreation program for the City-promoting and stimulating public interest; and to that end, solicits to the fullest possible extent the cooperation of special authorities and other interested public and private agencies. The Commission studies present and future needs of the City with regard to park and recreation facilities.

**Planning Commission**  
3rd Wednesday, 7:30 p.m., City Hall – Council Chambers

The Planning Commission, which is a mandated advisory body under the California Conservation and Planning Law, is appointed by the legislative body, with powers and duties as defined by that law. It functions as an advisory body to the City Council in matters relating to planning and the physical development of the City. The Planning Commission reviews the General Plan annually, makes modifications or additions as necessary, hears and acts upon use and variance permits, initiates required zoning amendments or changes to the zoning map, conducts public hearings on subdivisions and other matters, makes recommendations to the City Council, and considers other matters referred by the City Council. Membership on this Board requires the filing of a Statement of Economic Interests – FPPC Form 700.

**Tree Committee**  
2nd Monday, 7:00 p.m., City Hall – Hillside Room

The Tree Committee serves in an advisory capacity to the City Council, other commissions, and the citizens of the City with regard to the growth, maintenance, and location of trees within the City. The Committee recommends programs, policies, and ordinances to implement and promote the City’s Master Street Tree Plan and Urban Forest Management Plan and to coordinate with the Public Works staff regarding management and maintenance efforts. The Committee promotes and fosters public awareness, education, interest and support for urban
forestry efforts, fosters volunteer opportunities for tree planting and irrigation along the city’s streets and in residential front yards, and educates El Cerrito residents regarding selecting, planting and maintaining trees. The Committee also promotes and fosters public awareness and education about potential hazards of trees near underground and above ground utilities and the appropriate tree species for avoiding such hazards.

City of El Cerrito
Strategic Plan 2015 to 2020

Updated in April 2015
April 2, 2015

Mr. Scott Hanin  
City Manager  
City of El Cerrito  
10890 San Pablo Ave  
El Cerrito, CA 94530

Dear Mr. Hanin:

Management Partners is pleased to deliver this updated strategic plan for the City of El Cerrito. The first version of this plan was developed in 2013 using broad-based input from the community and City organization and two facilitated strategic planning sessions conducted with the City Council. This updated version reflects the changes made during the City Council study session held on March 28, 2015. In its updated form, this plan articulates the City’s vision, mission, and values, as well as important goals and strategies to be pursued over the next three to five years. Changes are highlighted in yellow. The graphics contained in the document are from the 2013 plan and do not reflect the 2015 updates.

We look forward to continuing to assist the City of El Cerrito as it continues to integrate and align services to achieve the community’s vision.

Sincerely,

Gerald E. Newfarmer  
President and CEO

Background

**Updating the Strategic Plan**

On March 28, 2015, the City Council held a study session to revisit the City of El Cerrito’s strategic plan, which was originally adopted in 2013. During this session, Council members discussed changes to the City’s vision, mission, values, goals and strategies. This version of the strategic plan incorporates those edits and advances El Cerrito on a path towards achieving its vision.

**Developing the Original Strategic Plan**

In June 2012 the City Council and City Manager initiated a strategic planning process to create a multi-year plan for the future. During the prior year the City Council had adopted a mission statement for the City and the strategic planning process was intended to build from there. The City of El Cerrito has a strong tradition of leadership, sound planning, prudent financial practices and a track record of accomplishment. Building on this tradition, City leaders launched a process to develop a plan that will guide decisions over the next several years.

This strategic plan provides a framework for linking identified priorities to the budget process, capital improvement program, important policy considerations, economic development initiatives, and the organization’s desire for continuous improvement. Council members provided policy direction about priorities and the City’s executive team provided professional input about the contents of the plan. Management Partners designed and facilitated the process and prepared the Strategic Plan.

**Strategic Planning Process Overview**

The strategic planning process began with an analysis of strengths, limitations, opportunities and threats (SLOT). These were identified through a series of interviews, focus groups with staff and community representatives, and through a variety of community outreach efforts, including an Open House at City Hall, an online survey, and community
events. Management Partners interviewed the Mayor, members of the City Council and the City Manager to confirm the strategic planning process and hear initial ideas.

Approximately 50 staff representatives were randomly selected to confidentially inform the process. Staff members were asked to identify the strengths, limitations, opportunities and threats of El Cerrito and to brainstorm words and phrases that define a vision of the City of El Cerrito and their vision for the future of the community. The staff focus groups were comprised of representatives from all levels of the organization, from line staff to management, and all City departments.

Six focus groups of community stakeholders were held to solicit input and ideas about what makes the City of El Cerrito special. As with the staff groups, participants were asked for their perspectives on the strengths, limitations, opportunities and threats of El Cerrito.

In addition, to further engage the community and hear perspectives about what makes El Cerrito unique, the City held a public open house. City staff attended community events and administered an online public forum. These efforts informed the creation of a vision for the City’s future and helped to prioritize goals and strategies.

Finally, an online survey was administered to solicit input from members of the public. Using words and phrases identified through the online survey Management Partners created “word clouds” that visually present perceptions of the City today and a desired future five years from today. Those word clouds are included as Attachment A.

Management Partners provided guidance to staff who prepared an environmental scan of current and future factors influencing the City. The combination of broad-based qualitative input and quantitative trend data laid the foundation for a highly interactive study session with the City Council. A graphic recorder captured the results of the Council workshop conducted on January in a visual, “storyboard” format.

A graphic representation of the strategic planning process is presented on the following page.
The City of El Cerrito Strategic Plan sets a clear vision for the organization and establishes goals and strategies to move in that desired future direction. In addition, the plan articulates the organization’s values and the behaviors that support them.

Figure 1 shows the core elements of the strategic plan.
A glossary of terms is provided in Attachment B.

These elements are graphically presented in the strategic plan. A summary presentation of the strategic plan elements is included as Attachment C.
The City of El Cerrito is a safe, connected, transit-oriented and environmentally focused destination with welcoming neighborhoods, thriving businesses and vibrant public spaces, and diverse cultural, educational and recreational opportunities for people of all ages. The vision is visually depicted below.

The City’s vision sets the focus for the future. It is a statement of where the organization is going.
OUR MISSION

The City of El Cerrito serves, leads and supports our diverse and transit-rich community by providing exemplary and innovative services, public places and infrastructure, ensuring public safety, and creating an economically and environmentally sustainable future. The mission is visually depicted below.

The City’s mission is a statement of the purpose of the organization. It fundamentally defines what the organization stands for and what it will do.

GOALS AND STRATEGIES

Goals are multi-year in nature. The timeframe for achieving goals is typically five to ten years. Strategies are the means to achieve the goals. The timeframe for implementing strategies can span several years as specific programs and projects are undertaken. It is recommended that the Council review the goals and strategies again in three to five years.
Goal A: Deliver exemplary government services

Strategies

- Increase productivity and efficiency by utilizing data-driven analysis to ensure appropriate resource allocation.
- Promote employee development and professional growth.
- Recruit and retain a talented and effective workforce.
- Ensure City programs and services are inclusive of people of diverse backgrounds.
- Develop and strengthen relationships with public and private partners, residents, businesses, schools, and community groups.
- Maintain emphasis on providing excellent customer service.

Goal B: Achieve long-term financial sustainability

Strategies

- Maintain financial discipline by establishing decision-making guidelines to evaluate whether or when to pursue a new project or program.
• Ensure policies, procedures and systems represent best practices in financial management.
• **Maximize opportunities for existing and expanding businesses.**
• Explore opportunities for public/private partnerships.
• Continue to pursue and support opportunities for new funding, including outside grants and ballot measures.
• Develop a financial plan to address ongoing and deferred maintenance of facilities and infrastructure.
• Develop a plan to ensure that Citywide revenue meets the cost of providing Citywide services, including adequate reserves for unanticipated revenue shortfalls.
• Track and promote State and Federal legislation that would create new funding opportunities.

**Goal C: Deepen a sense of place and community identity**

**Strategies**

• Promote strong neighborhoods.
• Celebrate the City’s diversity by welcoming residents of all ages and cultures and encouraging their civic involvement.
• Adopt a Revised General Plan that meets the needs of the community now and in the future.
• **Develop a vision for** underdeveloped and underutilized properties through advanced planning efforts that encourage investment and/or new development.
• Develop an Economic Development action plan to build on our strengths, including our diversity, arts, culture, and environmental sustainability.
• Review and update policies on preservation of historic and cultural resources and develop an inventory of historical and cultural assets in the City.
• Encourage dense business nodes to minimize or eliminate automobile traffic.
• Identify, promote, and/or develop entertainment, recreational, and leisure activities for people of all ages and demographics.
• Promote arts and culture and community celebrations.
• Develop plans for the City’s 100th year anniversary (2017).
• Be a strong partner with the schools.
Goal D: Develop and rehabilitate public facilities as community focal points

Strategies
- Develop a plan to address ongoing and deferred maintenance of facilities and infrastructure.
- Continue the facilities assessment to prioritize and strategize investment (i.e., library, public safety facility, senior center, community center).
- Revisit and update the Structural Facilities Management Plan.

Goal E: Ensure the public’s health and safety

Strategies
- Provide transparent information on crime and address perceptions of safety through outreach and education.
- Utilize environmental design techniques to deter and prevent crimes.
- Apply data-driven analysis to target law enforcement and fire resources and enhance safety.
- Maintain disaster preparedness programs and ensure emergency response plans are current.
- Continue multi-division/department teamwork to ensure and enhance the community’s safety through a thorough, efficient and comprehensive plan review, permitting and inspection process.
- Continue to work with local partners (i.e., BART, the school district, other communities, East Bay Regional Park District) on a coordinated approach to public safety.
- Utilize community-oriented policing and problem solving.
- Utilize a diverse array of crime prevention techniques (e.g., School Resource Officer [SRO] program, Traffic Unit, Bike Patrol, etc.).
- Explore innovative and best practices for promoting public health (e.g., smoking ordinances, nutrition, obesity prevention, living wage, and strategies to promote walking/biking).

Goal F: Foster environmental sustainability citywide

Strategies
- Be a leader in setting policies and providing innovative programs that promote environmental sustainability.
- Promote environmental education to facilitate behavioral changes by working with the school district and other community groups.
• Implement polices to promote waste diversion (i.e., mandatory commercial recycling and green waste).
• Encourage alternative modes of transportation to the single occupancy vehicle.
• Implement and monitor the City’s Climate Action Plan to:
  o Reduce vehicle miles traveled (by creating a well connected, pedestrian, bicycle and transit-oriented urban forms that will make it easier for residents and visitors to leave their car behind.)
  o Facilitate energy and water efficiency and greater use and generation of clean energy
  o Reduce the amount of waste generated in El Cerrito
  o Make municipal operations more resource efficient and environmentally friendly

This set of goals and strategies will guide and inform the City’s annual priority-setting and resource decision-making processes and serve as a broad framework to achieve the exceptional quality of life expected and experienced by the residents of El Cerrito.
The following graphic shows the key components of a strategic plan.

A **vision** sets the focus for the future. It is a statement of where the organization is going.

A **mission** is a statement of the purpose of the organization. It fundamentally defines what the organization stands for and what it will do.

The **values** of an organization drive the goals created and the process of implementation. Values provide the basis for how the organization and its members will work to achieve the mission and vision. Examples include professional excellence, innovation, responsiveness, and integrity.

**Goals** set the framework that guides the direction and focus of the organization, budget decisions and allocation of other resources, such as staff time. They are “up on the balcony” wide views of opportunities for change and improvement and state the desired future. Goals or strategic priorities provide the “why” (larger meaning and context) of the specific actions the agency takes. They help the executive team decide which of the many worthy projects should be done and when, within available resources. Goals must be meaningful and attainable.

**Strategies** are the means to achieve the goals. They describe an approach or method and begin to answer the question: How will we go about accomplishing the goal? They may include broad areas to pursue, rather than individual projects. To assure that the goal is achieved, later in the process each objective must be assigned to an individual, with resources identified, and incorporated into a work plan.

An **implementation action plan** is the blueprint for carrying out the strategic plan. It contains the detailed steps that must be taken to assure that the goals and strategies are achieved. Action plans provide a framework for determining specific timelines, assignments, and resource allocations. They are designed to be a management tool to help the organization assure that goals are attained and are well-suited to periodic check-in about progress, changes or challenges.

The National Citizen Survey™ (The NCS) report is about the “livability” of El Cerrito. The phrase “livable community” is used here to evoke a place that is not simply habitable, but that is desirable. It is not only where people do live, but where they want to live.

Great communities are partnerships of the government, private sector, community-based organizations and residents, all geographically connected. The NCS captures residents’ opinions within the three pillars of a community (Community Characteristics, Governance and Participation) across eight central facets of community (Safety, Mobility, Natural Environment, Built Environment, Economy, Recreation and Wellness, Education and Enrichment and Community Engagement).

The Community Livability Report provides the opinions of a representative sample of 400 residents of the City of El Cerrito. The margin of error around any reported percentage is 5% for the entire sample. The full description of methods used to garner these opinions can be found in the Technical Appendices provided under separate cover.
Most residents rated the quality of life in El Cerrito as excellent or good. This rating was similar to comparison communities across the nation (see Appendix B of the *Technical Appendices* provided under separate cover).

Shown below are the eight facets of community. The color of each community facet summarizes how residents rated it across the three sections of the survey that represent the pillars of a community – Community Characteristics, Governance and Participation. When most ratings across the three pillars were higher than the benchmark, the color for that facet is the darkest shade; when most ratings were lower than the benchmark, the color is the lightest shade. A mix of ratings (higher and lower than the benchmark) results in a color between the extremes.

In addition to a summary of ratings, the image below includes one or more stars to indicate which community facets were the most important focus areas for the community. Residents identified Safety, Economy and Natural Environment as priorities for the El Cerrito community in the coming two years. El Cerrito residents gave favorable ratings to these facets of community as well as to Built Environment, Mobility, Recreation and Wellness and Community Engagement. This overview of the key aspects of community quality provides a quick summary of where residents see exceptionally strong performance and where performance offers the greatest opportunity for improvement. Linking quality to importance offers community members and leaders a view into the characteristics of the community that matter most and that seem to be working best.

Details that support these findings are contained in the remainder of this Livability Report, starting with the ratings for Community Characteristics, Governance and Participation and ending with results for El Cerrito’s unique questions.
Community Characteristics

What makes a community livable, attractive and a place where people want to be?

Overall quality of community life represents the natural ambience, services and amenities that make for an attractive community. How residents rate their overall quality of life is an indicator of the overall health of a community. In the case of El Cerrito, 85% rated the City as an excellent or good place to live. Respondents’ ratings of El Cerrito as a place to live were similar to ratings in other communities across the nation.

In addition to rating the City as a place to live, respondents rated several aspects of community quality including El Cerrito as a place to raise children and to retire, their neighborhood as a place to live, the overall image or reputation of El Cerrito and its overall appearance. All of these were similar to the national benchmark and were rated positively by at least 6 in 10 residents.

Delving deeper into Community Characteristics, survey respondents rated over 40 features of the community within the eight facets of Community Livability. Overall the majority of items were rated similar to the benchmark. Each item in Mobility was favorably rated by at least half of the participants and travel by bicycle, travel by public transportation and public parking were rated higher than the benchmark. Safety and Natural Environment were also strong with favorable ratings from at least 2 in 3 residents. Fewer than one-third of respondents gave positive ratings to affordable quality housing, El Cerrito’s vibrant downtown/commercial area and employment opportunities. These ratings were all lower than ratings in comparison communities.

Governance

How well does the government of El Cerrito meet the needs and expectations of its residents?

The overall quality of the services provided by El Cerrito as well as the manner in which these services are provided are a key component of how residents rate their quality of life. About 7 in 10 residents gave positive ratings for the quality of services provided by the City of El Cerrito while around 5 in 10 participants gave favorable marks for the Federal Government. Ratings for both the City and Federal Governments were similar to the benchmark.

Survey respondents also rated various aspects of El Cerrito’s leadership and governance. The value of services for taxes paid, welcoming citizen involvement, confidence in City government, overall direction, acting in the best interest of El Cerrito, being honest, treating all residents fairly and customer service were all rated positively by a majority of respondents. All of these aspects were similar to the benchmark.

Respondents evaluated over 30 individual services and amenities available in El Cerrito. The majority of services were similar to the benchmark. A majority of residents rated all services in Safety positively with about 4 in 5 residents giving positive marks for police, fire and EMS services. All aspects of Natural Environment were rated as excellent or good by at least 6 in 10 residents. Further, drinking water, garbage collection, recycling and yard waste pick-up services were rated favorably by about 9 in 10 residents. All services within the facets of Mobility, Economy, Built Environment and Community Engagement were rated similarly to communities across the nation. About 6 in 10 respondents gave positive ratings to both aspects of Education and Enrichment; however, ratings for public library services were lower than in comparison communities. Recreation and Wellness ratings were seen as excellent or good by about 7 in 10 participants and were similar to the benchmarks, except for health services. About 45% of residents positively rated health services and this rating was lower than the national benchmark comparison.

The National Citizen Survey™
**Participation**

*Are the residents of El Cerrito connected to the community and each other?*

An engaged community harnesses its most valuable resource, its residents. The connections and trust among residents, government, businesses and other organizations help to create a sense of community; a shared sense of membership, belonging and history. Around half of residents reported an excellent or good sense of community and this rating was similar to the benchmark. About 4 in 5 participants indicated that they were likely to recommend El Cerrito and planned to remain in El Cerrito. These rates were similar to rates in comparison communities.

The survey included over 30 activities and behaviors for which respondents indicated how often they participated in or performed each, if at all. Most reported rates of Participation were similar to those in other communities. Within Mobility nearly 9 in 10 residents reported that they had used public transportation instead of driving and nearly 8 in 10 walked or biked instead of driving. These rates of Participation were higher than those in comparison jurisdictions. Nearly all residents reported that they conserved water and that they recycled at home, both higher rates than the national benchmark. About 9 in 10 residents reported that they ate 5 portions of fruit and vegetables which was higher than in comparison communities. When compared to other communities, fewer El Cerrito residents reported that they worked in El Cerrito, used El Cerrito public libraries, participated in religious or spiritual events or activities, attended a City-sponsored event, volunteered, participated in a club or watched a local public meeting.

The City of El Cerrito included three questions of special interest on The NCS. The first question asked about the performance of the El Cerrito Police Department. A majority of residents gave excellent or good ratings regarding the Police Department’s job at enforcing the law while about one-third gave positive ratings to using appropriate (not excessive) force on suspects.

Figure 4: Quality of Police Department Performance

*Please rate the job the City of El Cerrito Police Department does at each of the following:*
The second question of special interest regarded resident opinion on parks and recreation facility improvements over the coming 5 to 10 years. A majority rated most of the potential improvements as essential or very important. Seismic & structural repairs to buildings, restoring or improving natural areas and improving safety and durability of existing playfields were rated the most important by residents.

Figure 5: Importance of Parks and Recreation Facility Improvements

Please rate how important, if at all, you think it is for the City to focus on each of the following parks and recreation facility improvements in the coming 5 to 10 years:
The National Citizen Survey™

The last special interest asked residents to rate their preferred language for receiving communications at home. Almost all residents indicated that they preferred English for communication. About 1 in 10 indicated a preference (either primary or somewhat prefer) for Chinese Mandarin or Spanish. Cantonese and Tagalog had less than 1 in 10 indicate that they preferred or somewhat preferred that language.

Conclusions

El Cerrito residents continue to enjoy a positive quality of life.

High quality of life is enjoyed by most El Cerrito Residents. About 8 in 10 residents reported that their overall quality of life was excellent or good. This rating was similar to comparison communities and remained stable from 2012 to 2016 (for more information see the Trends over Time report under separate cover). Further, about 8 in 10 residents gave positive ratings to their neighborhoods and to El Cerrito as a place to live while at least that many cited that they would recommend El Cerrito to someone who asked and planned to remain in the community. Most residents cited El Cerrito as an excellent or good place to raise children and to retire and also favorably rated the overall image and overall appearance of El Cerrito.

Safety is a priority for the community.

Residents gave positive ratings to most aspects of Safety in El Cerrito and indicated that it was a top priority for the next two years. Most residents gave positive ratings for fire and ambulance/EMS services. A vast majority of participants also indicated that they felt safe in their neighborhoods and safe in the commercial area. About half of residents gave positive ratings for emergency preparedness. Over 6 in 10 indicated that they had stocked supplies for an emergency. About 80% of participants gave favorable ratings for police services. When asked to rate the job that the El Cerrito Police Department does, a majority of respondents indicated that the police did an excellent or good job at enforcing the law. However, fewer than half of residents felt the police did an excellent or good job at protecting residents from violent crime, treating all residents fairly and using appropriate (not excessive) force on suspects.

Residents value Economy and emphasize its importance.

Participants cited Economy as being a key focus area for the next two years for El Cerrito community. About half of residents gave positive ratings for overall economic health, businesses and services, shopping opportunities and to El Cerrito as a place to work. About a quarter of residents reported working in El Cerrito, which was a lower rate than in comparison communities. Fewer than 2 in 10 gave positive ratings for employment opportunities. This rating decreased from 2012 to 2016 and was lower than the national benchmark comparison. About 30% indicated that they expect the economy to have a positive impact on their household income, this was an increase from the 2012 survey, and similar to other communities across the nation. Ratings for economic development decreased from 2012 to 2016, but were similar to ratings in comparison communities.

The Natural Environment is a key feature of El Cerrito.

Natural Environment had strong ratings and residents indicated its importance for the community in the next two years. Around 78% of residents gave favorable ratings for the overall natural environment. About 8 in 10 residents rated air quality favorably and this rating increased from 2012 to 2016. Most participants gave positive ratings for garbage collection, yard waste pick-up and drinking water. About 8 in 10 residents reported that they had made efforts to make their home more energy efficient. Almost all residents indicated that they had conserved water and recycled, both of these rates were higher than in comparison communities. Further, almost all respondents gave excellent or good ratings to recycling services and this rating was higher than the national benchmark.

Dashboard Summary of Findings
2016
Summary

The National Citizen Survey™ (The NCS™) is a collaborative effort between National Research Center, Inc. (NRC) and the International City/County Management Association (ICMA). The survey and its administration are standardized to assure high quality research methods and directly comparable results across The NCS communities. The NCS captures residents’ opinions within the three pillars of a community (Community Characteristics, Governance and Participation) across eight central facets of community (Safety, Mobility, Natural Environment, Built Environment, Economy, Recreation and Wellness, Education and Enrichment and Community Engagement). This report summarizes El Cerrito’s performance in the eight facets of community livability with the “General” rating as a summary of results from the overarching questions not shown within any of the eight facets. The “Overall” represents the community pillar in its entirety (the eight facets and general).

By summarizing resident ratings across the eight facets and three pillars of a livable community, a picture of El Cerrito’s community livability emerges. Below, the color of each community facet summarizes how residents rated each of the pillars that support it – Community Characteristics, Governance and Participation. When most ratings were higher than the benchmark, the color is the darkest shade; when most ratings were lower than the benchmark, the color is the lightest shade. A mix of ratings (higher and lower than the benchmark) results in a color between the extremes.

Overall ratings for El Cerrito were strong and similar to comparison communities. Within Community Characteristics, Recreation and Wellness tended to receive lower ratings than the national benchmarks. In Participation, aspects of Mobility and Natural Environment tended to receive higher ratings while Education and Enrichment tended to receive lower ratings than in comparison jurisdictions. This information can be helpful in identifying the areas that merit more attention.

ROLL CALL
Councilmembers Abelson, Bridges, Friedman, Quinto and Mayor Lyman all present. Councilmembers-Elect Fadelli and Pardue-Okimoto also present.

7:00 p.m.  CONVENE REGULAR CITY COUNCIL MEETING
Mayor Lyman convened the regular City Council meeting at 7:00 p.m.

1.  PLEDGE OF ALLEGIANCE TO THE FLAG was led by Councilmember Jan Bridges.

2.  COUNCIL / STAFF COMMUNICATIONS/COUNCIL ASSIGNMENT AND LIAISON REPORTS

Metropolitan Transportation Commission StreetSaver Award for Best All-Around Pavement Management Program 2015 – Announcement by Yvetteh Ortiz, Public Works Director.

Yvetteh Ortiz, Public Works Director, announced the City’s receipt of the prestigious “Best All-Around Pavement Management Program 2015 Award” and said the City has the most improved roads over any other city in the Bay Area and is close to paving 90% of its streets. Ms. Ortiz also thanked all of the voters.

Mayor Pro Tem Abelson said that the award means that El Cerrito has the best roads in the Bay Area. She recognized and thanked the voters who passed the El Cerrito Streets Measure and city staff who implemented the vision and program that the voters supported.

Mayor Lyman encouraged everyone to participate in the January 16, 2017 Martin Luther King, Jr. Day parade and celebration and the January 21, 2017 Crab Feed fund raiser.
3. **PRESENTATIONS – None**

4. **ORAL COMMUNICATIONS FROM THE PUBLIC**

   Cordell Hindler, Richmond, stated that the Police Department is wonderful and that he loves attending El Cerrito committee meetings.

   Al Miller, El Cerrito, thanked the Boy Scouts, Firefighters and other volunteers for setting up the Sundar Shadi holiday display on Moeser Lane and announced that the display is open each night through December 26, 2016. Mr. Miller also congratulated the UC Berkeley women’s basketball team on their wins and also recognized University of Tennessee basketball coach, Pat Summitt, who passed away in June. Mr. Miller, paraphrasing a quotation displayed at a basketball game, said, with three newly elected Councilmembers, “El Cerrito is what it is and what you will make it to be.” Mr. Miller also noted that 63 percent of El Cerrito voters showed that they want a new, modern library and that they are depending on the Council to make it happen.

   Karl Mulligan, El Cerrito, expressed concerns about the City’s contract with the County Department of Animal Services, animal seizure and quarantine orders, compliance with legal requirements and the lack of follow through associated with his requests for information, a community meeting and a valid, signed contract.

5. **ADOPTION OF THE CONSENT CALENDAR – Item Nos. 5A through 5E**

   Moved, seconded (Friedman/Bridges) and carried unanimously to approve Consent Calendar Item Nos. 5(A) through 5(E) in one motion as indicated below.

C. Agreements with Plaza Auto Service, Inc. and Mobile Fleetcare, Inc. for Fleet Maintenance and Repair Services

Adopt a resolution authorizing the City Manager to execute the following agreements to provide fleet maintenance and repair services for all City vehicles (excluding Fire and Police vehicles) for a period of two years, with the option to annually extend the contract for three years thereafter: 1) Plaza Auto Service, Incorporated, in an amount not to exceed $16,000 and $32,000 for Fiscal Years 2016-17 and 2017-18 respectively, and thereafter contingent funding being appropriated by the City Council in future City budgets; and 2) Mobile Fleetcare, Incorporated, in an amount not to exceed $71,500 and $143,000 for Fiscal Years 2016-17 and 2017-18 respectively, and thereafter contingent upon funding being appropriated by the City Council in future City budgets.

D. Authorization to Enter Negotiations for the Provision of Public Safety Dispatch Services Agreement

Adopt a resolution authorizing the City Manager or his designee to enter into negotiations with the Office of the Sheriff of Contra Costa County, Contra Costa County Fire Protection District and the County of Contra Costa for the provision of public safety dispatch services.

E. Extension of Current Terms of Members of the Members of the Arts and Culture Commission, Design Review Board, Financial Advisory Board, Human Relations Commission and Parks and Recreation Commission

Adopt a resolution interpreting El Cerrito Municipal Code Section 2.04.220 to permit the extension of the terms of members of the Arts and Culture Commission, Design Review Board, Financial Advisory Board, Human Relations Commission and Parks and Recreation Commission to maintain a working membership of those bodies during a transitional gap period that has occurred as a result of amendments to the Municipal Code in 2013. The resolution would also extend the terms of specific members of these advisory bodies.

6. RECOGNITION OF CITY COUNCIL MEMBERS LEAVING OFFICE

Special recognition of Councilmembers Mark Friedman and Jan Bridges.

Mayor Lyman provided his comments and reflected on his term as Mayor over the past year including the projects that had been accomplished, the plans that had been approved, the commencement of planning for the City’s Centennial Celebrations and the many ceremonial and celebratory events he attended. He thanked the City Councilmembers for their support, thanked the City Manager and all of the city staff for doing an outstanding job and also thanked the residents and friends for re-electing him. Mayor Lyman said the residents have given him their trust and he will listen to the community with an open mind and try to achieve good policy.

Mayor Lyman presented Mayoral Certificates of Recognition to Theresa Parella and Frank Storno on the occasion of their 100th birthdays and noted that the City will also be celebrating its centennial birthday soon.
Councilmember Quinto, stated that as a graduate of Fairmont Elementary School, he is happy to see Ms. Parella. Ms. Parella was his sister’s fourth grade teacher and affected many generations of students in a positive way.

Mayor Pro Tem Abelson expressed her appreciation for Councilmember Bridges, particularly her careful consideration of agenda items and the business of the city, including when Councilmember Bridges served on the Parks and Recreation Commission several years ago. Councilmember Bridges has done a great job and always does what is best for the City. Mayor Pro Tem Abelson also reflected on her long service with Councilmember Friedman and expressed appreciation for his thoughtful ideas and his persistence. Councilmember Friedman has been a joy to work with and has worked well with the Council in getting things done.

Councilmember Quinto thanked Councilmembers Bridges and Friedman for their mentoring the past two years and expressed his appreciation for their service to the City.

Mayor Lyman thanked Councilmember Friedman for pushing the Council on having an option to observe a moment of silence at the beginning of the meeting, the minimum wage, discussion on marijuana dispensaries and said he also appreciated Councilmember Friedman’s position regarding the Audiss Trailer Park and constant effort toward reducing the time spent on the dais. Mayor Lyman also thanked Councilmember Bridges for her empathy toward speakers and her careful consideration of agenda items.

Councilmember Friedman said it has been a joy to serve on the City Council because the Council is harmonious, treats everyone with respect and works well together. Mayor Friedman thanked the City Council, including past members he has served with, city staff, the residents for allowing him the honor and privilege to serve the community and his wife Carolyn Said. Councilmember Friedman said he wants to stay involved with the City and get a new library, move forward with renter protections, and seeing the City’s response to the legalization of marijuana and the opportunities it presents for the City and its residents. Councilmember Friedman also thanked Councilmember Bridges and stated that it was a pleasure to serve with her.

Councilmember Bridges thanked the residents for supporting her for two terms and the City Council and staff for their service to the City. She thanked all the Commissioners and Committee members for their advice and input. While she was serving on the Council the City renovated the Cerrito Theater and built City Hall. It also developed great policy including the plastic bag ban, minimum wage, form based code, urban greening, a smoking ordinance, climate action plan, and established Madera Open Space which is everlasting for all citizens. Councilmember Bridges also thanked her husband Peter for his support.

Cordell Hindler, Richmond, congratulated the new Councilmembers and noted 2017 will be a good year.

Al Miller, El Cerrito, expressed his appreciation for Councilmembers Bridges and Friedman and stated that they each brought focus to the City Council’s discussions and deliberations. El Cerrito is the little city that that can and will (get things done).

7. **BRIEF RECESS** The Council recessed from approximately 7:45 to 7:54 p.m.

8. **SWEARING IN AND SEATING OF NEWLY ELECTED OFFICIALS**

**Administration of the Oath of Office and Presentation of Certificates of Election:**

Greg Lyman, re-elected to a City Council term ending December 2020.
Rochelle Pardue-Okimoto, elected to City Council term ending December 2020.
Paul Fadelli, elected to a City Council term ending December 2020.
John Gioia, Contra Costa County Supervisor, acknowledged the service of Councilmembers Bridges and Friedman and welcomed new Councilmembers Fadelli and Pardue-Okimoto. El Cerrito has a culture of good leadership and all of the councilmembers are thoughtful and work well together. Supervisor Gioia said he appreciates the relationship he has with El Cerrito and that the County has with El Cerrito and that he continues to look forward to working with everyone.

Cordell Hindler, Richmond, said it is wonderful to have the change in leadership and he wants to help have more people come to City Council meetings.

Sandi Potter, Former El Cerrito Mayor, said it is reassuring to see stability and good governance and thanked everyone for their public service, particularly the service of Mayor Lyman and Councilmembers Friedman and Bridges. Former Mayor Potter said she is proud of the community and City Hall and that she greatly admires and acknowledges the work of the City Council. Former Mayor Potter also congratulated the newly elected councilmembers.

Molly Hazen, El Cerrito, congratulated the new City Councilmembers on their election and thanked the departing Councilmembers for their service.

Councilmember Pardue-Okimoto thanked those who voted for her and said she is honored to serve the community and hopes to earn the respect of those who did not vote for her. She thanked her husband and children, her family and extended family, mother, grandmother and mother-in-law, the Emerge Program and all of the friends and volunteers who supported her campaign. Councilmember Pardue-Okimoto said she is looking forward to the next four years and feels optimistic about the future of the city and state and will build a strong community. Together we can make El Cerrito the best place to live, learn and grow. Councilmember Pardue-Okimoto thanked everyone for the opportunity to serve. Today is the first day of a new challenge and she is ready for it.

Councilmember Fadelli thanked his wife Michelle and his children Katie and Christina, friends far and near, neighbors, Mayor Lyman and Councilmember Pardue-Okimoto who ran for office with him in this election, his endorsers, elected officials, responsive staff and the voters of El Cerrito. Walking the neighborhoods of El Cerrito over the past year reminded Councilmember Fadelli how lucky residents are to live here. Residents are happy to be here and are ready for positive change. Positive changes have resulted in gateways with creeks, the City’s name over the Theater, two great transit hubs and even a poet laureate. Changes ahead can be positive. The City will need to remain frugal with its budget and resources. Growth will need to be focused around BART stations to allow people to walk, BART and bike to their destinations. El Cerrito is ideally situated to do this and can also achieve its environmental and housing goals. The community and city must also continue its pursuit of a new library so El Cerrito can be the City that the community envisions it to be. A new library is an investment that Councilmember Fadelli will be proud to work for. Councilmember Fadelli said he and others are deeply concerned about the result of the national election, particularly threats to the environment and civil rights and stated that we must speak out at the local level and do what is best. It is important to listen to each other and be courteous, help others around town and recognize that we are all part of this mid-century, modern community that will turn 100 next year. Councilmember Fadelli said he promises to be the best he can be as a City Councilmember and is very honored to serve the residents of El Cerrito.

CITY COUNCIL OF THE CITY OF EL CERRITO PROCLAMATION
Recognizing February as Black History Month in the City of El Cerrito

WHEREAS, much of the City of El Cerrito’s honor, strength and distinction can be attributed to the diversity of cultures and traditions that are celebrated by our residents; and

WHEREAS, African Americans have played a significant role in the history of our nation and California’s economic, cultural, spiritual, and political development while working tirelessly to promote their culture and history; and

WHEREAS, as a result of their determination, hard work, and perseverance, African Americans have made valuable and lasting contributions to our community and our state, achieving exceptional success in all aspects of society including business, education, politics, science, and the arts; and

WHEREAS, in 1976, Black History Month was formally adopted to honor and affirm the importance of Black History throughout our American experience, and is full of individuals who took a stance against prejudice, advanced the cause of civil rights, strengthened families, communities, and our nation; and

WHEREAS, all residents are encouraged to reflect on past successes and challenges of African Americans and look to the future to improve society so that we live up to the ideals of freedom, equality, and justice.

NOW THEREFORE, the City Council of the City of El Cerrito does hereby declare February as Black History Month in the City of El Cerrito, and invites everyone to recognize this month to celebrate the diversity and character of our community and highlight the importance of sharing our culture, customs and traditions with those around us.

Dated: February 7, 2017

Janet Abelson, Mayor
EL CERRITO CITY COUNCIL PROCLAMATION
In Recognition of Berkeley Clinic Auxiliary’s 100 Years of Service

WHEREAS, the Berkeley Clinic Auxiliary, or BCA, was founded in 1917 and one of its first fund-raising projects was to buy a Dodge automobile to help Berkeley doctors combat the great flu epidemic; and

WHEREAS, the all-volunteer BCA opened its first thrift store in Berkeley in 1954 as an ongoing source of funds for its projects; and

WHEREAS, in 1986, the BCA moved its Turnabout Thrift Shop, staffed solely by volunteers, to 10052 San Pablo Avenue in El Cerrito. The Thrift Shop is a community fixture, accepting donated clothing, housewares, artwork, crafts items, books and other varied treasures and finding new homes and uses for them; and

WHEREAS, proceeds from the Turnabout Thrift Shop are used to support free orthodontic treatment for West Contra Costa County youth in need. By working with local orthodontists, the BCA supports up to twenty young patients at any given time -- at no cost to their families; and

WHEREAS, over the years, the BCA has provided care exceeding a value of 750,000 dollars for more than 450 patients, helping them boost their self-esteem and giving them more to smile about.

NOW THEREFORE, the City Council of the City of El Cerrito does hereby recognize and congratulate the BCA on the occasion of its centennial year and for its century of selfless service and wishes the organization continued success for the next 100 years.

Subject: Revised Amendment of El Cerrito Municipal Code Chapter 8.10 of the El Cerrito Municipal Code - Massage Establishments

ACTION REQUESTED
Approve first reading of an ordinance amending El Cerrito Municipal Code Chapter 8.10 -“Massage Establishments” by repealing it in its entirety and replacing it by adding and adopting El Cerrito Municipal Code Chapter 8.10 “Massage Businesses” including a modification of the previously introduced ordinance to allow affected businesses to close at 10:00 p.m.

BACKGROUND
On January 17, 2017 the City Council held a public hearing and unanimously approved first reading of an ordinance amending Chapter 8.10 of the El Cerrito Municipal Code. On January 18, 2017, staff received a call from a local massage business. They expressed concern that the 9:00 p.m. closure would have a financially detrimental effect on their business and could make it infeasible for them to continue to operate. The El Cerrito Police Department stated that it had no concerns with massage businesses closing at 10:00 pm and whenever possible, staff wants to support existing small businesses in the city. Therefore, the proposed ordinance is being brought back to the City Council and the public for additional deliberation. While the entire proposed ordinance is under consideration this evening, the only change from the last meeting is the allowance of the 10:00 pm closure.

California cities historically had complete local control over massage businesses. However, each city regulated the industry independently and this approach caused inefficient implementation, confusion and sometimes unfair restriction/prohibition of the use.

In 2009, the California Legislature adopted the 2008 Massage Therapy Act. This Act effectively created a statewide voluntary certification program for massage practitioners and pre-empted local zoning authority over the operation of massage businesses. At that time, most sections of Chapter 8.10 of the El Cerrito Municipal Code became pre-empted by state law. Essentially, as long as someone had a state certificate and they met basic zoning use regulations for Personal Improvement Services, they were approved. Statewide, this practice has allowed many new massage businesses to become established. However in some instances, the lack of local review and control allowed illegal activity to use loopholes in the legislation to set up prostitution rings.
On January 1, 2015, Assembly Bill 1147 came into effect. It amended the California Business and Professions Code to return commercial land use authority over the massage businesses back to cities, subject to certain restrictions. This legislation was slightly modified last year and is now called the 2017 Massage Therapy Act. The distinction between the commercial aspect of these businesses and the massage practitioners themselves presents the biggest change from the current ordinance and practice. The review and approval of massage practitioners, including background checks and minimum hours of training, remains the domain of the State of California Massage Therapy Council (CAMTC). However, the general operation of the business, including hours of operation, basic health and safety regulations, as well as minimum operational standards, are now subject to city review.

On February 17, 2015, the City Council adopted a 45 day temporary moratorium to prohibit the issuance of all City permits to new and existing massage businesses except for renewals and for emergency repairs. The purpose of the action was to allow staff to conduct a study of the potential impacts of massage businesses, and to identify possible amendments to the City's Municipal and Zoning Codes for clear, consistent and uniform regulations related to the establishment, location, and operation of massage businesses. This temporary moratorium was extended again by the City Council on April 7, 2015 for ten months and fifteen days; and extended a final time by the City Council on February 2, 2016 for an additional twelve months.

**ANALYSIS**

The proposed new ordinance implements the balance of powers stipulated in the new Massage Therapy Act. It lays out basic operational standards and notes that in the case of a massage business that is operated or staffed by anyone other than a CAMTC-certified personnel, completed background checks are required.

The ordinance allows massage businesses a clear path to operate within the parameters listed, which are in keeping with best practices of professional massage therapy businesses as suggested by the CAMTC. It also states that violators of the ordinance may have their permits suspended or revoked and may face other civil and criminal consequences.

According to state records, currently there are 207 massage therapists in El Cerrito. Sixteen of them have no current license, twenty-nine of them have expired certificates, eight have pending applications on file with CAMTC, and one therapist's certificate was revoked. All existing massage practitioners will have ninety days from the effective date of the ordinance become re-certified by the CAMTC. In addition, they will have 180 days to have applied for and received building permits for any needed tenant improvements.

All new massage therapy businesses will need to comply immediately with both the Zoning Code (ECMC Chapter 19) and the amended Chapter 8.10. No changes in the zoning component of massage regulations are anticipated as part of this action. They are permitted by right in the Transit Oriented Higher-Intensity Mixed Use (TOHIMU), the
Transit Oriented Mid-Intensity Mixed Use (TOMIMU), Community Commercial (CC) and Transit Oriented Commercial (TOM) designations and by Administrative Use Permit on the Theatre Overlay Block.

Highlights of the new chapter include:
- The new permits must be renewed every two years.
- Maximum hours of operation shall be between 7:00 a.m. and 10:00 p.m.
- CAMTC certification shall be in the possession of the massage practitioner during working hours and at all times when the massage practitioner is inside a massage business, providing outcall massage, or working as a home occupation.
- A copy of the CAMTC certificate of each massage practitioner employed in the business shall be displayed in the reception area or similar open public place on the premises.
- A list of the services available and the cost of such services shall be posted in the reception area within the massage business premises.
- Where the massage business has staff available to ensure security for clients and massage staff are behind closed doors, the entry to the reception area of the massage business shall remain unlocked during business hours.
- No massage business located in a building or structure with exterior windows fronting a public street, highway, walkway, or parking area shall, during business hours, block visibility into the interior reception and waiting area through the use of curtains, closed blinds, tints, or any other material that obstructs, blurs, or unreasonably darkens the view into the premises.

The goal of the proposed ordinance is to support and sustain new and existing massage businesses, respect and protect the profession of massage therapy, and provide tools to the City to eliminate possible illegal activities. The proposed ordinance was developed in consultation with the CAMTC and the El Cerrito Police Department. The Community Development Department will take the lead in implementing the new permit process as delineated in the proposed ordinance in consultation with the Police Department.

**STRATEGIC PLAN CONSIDERATIONS**
This action is consistent with the El Cerrito Strategic Plan Goal A - Deliver exemplary government services and Goal E - Ensures the public’s health and safety.

**ENVIRONMENTAL CONSIDERATIONS**
The project is exempt from environmental review per CEQA Guidelines under the General Rule (Section 15061(b) (3)). The project involves updates and revisions to existing regulations. The proposed code amendments are consistent with California Law, specifically California Government Code Section 51034. It can be seen with certainty that the proposed Municipal Code text amendments will have no significant negative effect on the environment.

**FINANCIAL CONSIDERATIONS**
There is no anticipated fiscal impact as the costs would be recovered through existing application fees.
LEGAL CONSIDERATIONS
The City Attorney has reviewed the ordinance and found that legal considerations have been addressed.

26. “Solicit” means to request, ask, demand or otherwise arrange for the provision of services.

8.10.020 - CAMTC certification and Massage Operator’s Permit required.

A. Individuals. On and after (EFFECTIVE DATE), it shall be unlawful for any individual to practice massage therapy for compensation as a sole proprietorship or employee of a massage business or in any other capacity within the City of El Cerrito unless that individual is a certified massage practitioner, unless as expressly allowed in this chapter. This includes any massage practitioner offering massage services as a home occupation.
B. Massage Businesses. On and after (EFFECTIVE DATE), it shall be unlawful for any massage business to provide massage for compensation within the City of El Cerrito unless all individuals employed by the massage business to perform massage, whether as an employee, independent contractor, or sole proprietorship, are certified massage practitioners and said business has obtained a valid Massage Operator's Permit as provided in this chapter.

C. Location. Massage Businesses shall be located in a zoning district that permits such use.

D. Applicability to Existing Businesses. Pre-existing massage businesses in operation on the effective date of this chapter shall obtain all necessary permits and comply with the provisions of this chapter. They shall complete and submit an application as required by this chapter within (90) days of the effective date of this chapter. Any and all building or tenant modifications shall be completed within (180) days of issuance of an operator's permit.

8.10.030 - Massage Operator's Permit - Procedures.

A. Application

Filing. Any person who intends to operate a massage business shall file a written application on a required form provided by the city and pay fees set forth by City Council. The completed application shall be filed with the Community Development Department.

1. Applicant. The application shall be completed and signed by the operator of the proposed Massage Business if a sole proprietorship; all general partners if the operator is a partnership; all officers or all directors if the operator is a corporation; and all participants if the operator is a joint venture. The application for a permit does not authorize operation of a Massage Business unless and until such permit has been issued.

2. Contents. The application shall contain or be accompanied by the following information:

   a. The type of ownership of the business, i.e., whether by individual, partnership, corporation or otherwise. If the business is a corporation, the name of the corporation shall be set forth exactly as shown in its articles of incorporation or charter together with the state and date of incorporation and the names and residence addresses of each of its current officers and directors, and of each stockholder holding more than ten percent of the stock of that corporation. If the business is a partnership, the application shall set forth the name and residence of each of the partners, including limited partners. If the business is a limited partnership, the application shall include a copy of its
certificate of limited partnership filed with the Secretary of State. If one or more of the partners is a corporation, the provisions of this subsection pertaining to corporations shall apply. The applicant corporation or partnership shall designate one of its officers or general partners to act as its responsible managing officer. Such designated persons shall complete and sign all application forms required for an individual applicant under this chapter, but only one application fee shall be charged.

b. The precise name under which the Massage Business is to be conducted.

c. A description of the manner of providing the proposed services, including types of services and the number of persons engaged in the services.

d. Address and all telephone numbers of the Massage Business.

e. Hours of operation of the Massage Business.

f. Floor plan showing where the services are proposed to be conducted within the building.

g. A list of all of the massage business’s employees and independent contractors who work on site. The list should note whether or not they perform massage and their CAMTC certification, if applicable.

3. For Owners/Operators Who Are Not CAMTC-certified Massage Practitioners. Each owner or operator of the massage business who is not a CAMTC-certified massage practitioner shall submit an application for a background check, including the following:

a. The individual’s business, occupation, and employment history for the five years preceding the date of the application;

b. The inclusive dates of such employment history;

c. The name and address of any massage business or similar business owned or operated by the individual whether inside or outside the city.

d. A statement in writing and dated by the applicant that he or she certifies under penalty of perjury that all information contained in the application is true and correct.

4. For All Owners (CAMTC-certified massage practitioner or not). All owners and operators of the massage business shall provide:

a. A valid and current driver’s license and/or identification issued by a state or federal governmental agency or other photographic identification bearing a bona fide seal by a foreign government.

b. A signed statement that all of the information contained in the application is true and correct; that all owners shall be responsible for the conduct of the business’s employees or independent contractors providing massage services; and acknowledging that failure to comply with the California Business and Professions Code Sections 4600 et seq., any local, state, or federal law, or the provisions of this chapter may result in revocation of the Massage Operator’s Permit.
B. Review. The Community Development Department shall review applications for Massage Operators Permits for compliance with the El Cerrito Municipal Code. The Police Department shall work with Community Development Department staff to conduct an investigation into the information provided on the application, as needed.

C. Action. Upon provision by the massage business of the foregoing documentation, the Community Development Director shall take action on the Massage Operator’s Permit, which shall be valid for two years from the date of issuance. The Community Development Director shall issue or deny an application for a Massage Operator’s Permit within 60 calendar days of the filing of a complete application. If necessary, the Community Development Director may extend the time to issue or deny the permit.)

D. Grounds for Denial. The Community Development Director may deny an application for a Massage Operator’s Permit on any of the following grounds:

1. The applicant does not have sufficient proof of the required CAMTC certification requirements pursuant to Section 8.10.020 of this chapter.

2. The operation as proposed by the applicant would not comply with all applicable ordinances and laws, including, but not limited to, the City’s building, zoning, health, and fire safety ordinances.

3. The applicant has previously had a Massage Operator’s Permit or any similar license, certificate, or permit revoked by the City or any public agency.

4. The applicant has made a material misrepresentation in the application or supplementary material submitted with the application.

5. The applicant has been convicted in a court of competent jurisdiction of any offense that relates directly to the conduct or operation of a massage business, or of any offense the commission of which occurred on the premises of a massage establishment or while performing off-premise massage.

6. The applicant has been the subject of a permanent injunction against the conducting or maintaining of a nuisance pursuant to sections 11225 through 11235 of the California Penal Code, or any similar law in any state or other jurisdiction.

7. The owner has been convicted in a court of competent jurisdiction of having violated, or has engaged in conduct constituting a violation of any of the following offenses: Sections 261, 266, 266a, 266e, 266f, 266g, 266h, 266i, 266j, 315, 316, 318, 647(b), or 653.22 of the California Penal Code, or conspiracy or attempt to commit any such offense, or any similar offense in any state or other
jurisdiction, whether or not any criminal prosecution has been pursued or conviction obtained for such acts.

8. The applicant has been successfully prosecuted under the Red Light Abatement Act (California Penal Code section 11225 et seq.) or any similar law in another jurisdiction.

9. The owner is currently required to register pursuant to the Sex Offender Registration Act (Chapter 5.5 commencing with section 290 of Title 9 of Part 1 of the California Penal Code), or any similar law in any state or other jurisdiction.

10. The applicant has been convicted of any offense involving the illegal sale, distribution or possession of a controlled substance specified in Health and Safety Code sections 11054, 11055, 11056, 11057 or 11058.

11. Any other unprofessional conduct or violation of any applicable law, rule or regulation that is substantially related to the provision of massage therapy.

E. Reapplication. No reapplication will be accepted within one year after an application or renewal is denied or a certificate is revoked. Massage Operator’s Permits may not be issued to a massage business seeking to operate at a particular location if:

1. Another massage business is or was operating at that particular location and that massage business is currently serving a suspension or revocation; during the pendency of the suspension or one year following revocation.

2. Another massage business is or was operating at that particular location and that massage business has received a notice of suspension, revocation or fine; during the ten-day period following receipt of the notice or while any appeal of a suspension, revocation or fine is pending.

3. Another massage business is or was operating at that particular location and that massage business has outstanding fines that have not been paid.

F. Amendment. A massage business shall apply to the Community Development Department to amend its Massage Operator’s Permit within thirty days after any change in the registration information, including, but not limited to, the hiring or termination of certified massage practitioners, the change of the business’s address, or changes in the owner’s addresses and/or telephone numbers.

G. Renewal. A massage business shall apply to the Community Development Department to renew its Massage Operator’s Permit at least thirty days prior to the expiration of said Massage Operator’s Permit. If an application for renewal of a
Massage Operator’s Permit and all required information is not timely received and the Permit expires, no right or privilege to provide massage shall exist.

H. Transfer. A Massage Operator’s Permit shall not be transferred except with the prior written approval of the Community Development Director. A written request for such transfer shall contain the same information for the new ownership as is required for applications for Massage Operator’s Permit pursuant to this section. In the event of denial, notification of the denial and reasons therefore shall be provided in writing and shall be provided to the applicant by personal delivery or by registered or certified mail. A Massage Operator’s Permit may not be transferred during any period of suspension or one year following revocation; during the ten-day period following a massage businesses’ receipt of a notice of suspension, revocation or fine issued; or while any appeal of a suspension, revocation or fine is pending. Further, a Massage Operator’s Permit may not be transferred until all outstanding fines have been paid.

8.10.040 - Notification of Changes to Massage Business.
A. A massage business owner or operator shall notify the Community Development Director of any changes described in Section 8.10.030 pursuant to the timelines specified therein.

B. An owner or operator shall report to the Community Development Director any of the following within three days of the occurrence:
   1. Arrests of any practitioners or owners of the massage business for an offense other than a misdemeanor traffic offense.
   2. Resignations, terminations, or transfers of practitioners employed by the operator’s massage business.
   3. Any event involving the operator’s massage business or the massage practitioners employed therein that constitutes a violation of this chapter or state or federal law.
   4. This provision requires reporting to the Community Development Director even if the massage business believes that the Community Development Director has or will receive the information from another source.

8.10.050 - Operating Requirements.
A. No person shall engage in, conduct, carry on, or permit any massage business within the City of El Cerrito unless all of the following requirements are met:
1. CAMTC certification shall be in the possession of the massage practitioner during working hours and at all times when the massage practitioner is inside a massage business, providing outcall massage or working as a home occupation.

2. All massage business operators and their employees, including massage practitioners, shall be fully clothed at all times. Clothing shall be fully opaque, nontransparent material and provide complete coverage from mid-thigh to three inches below the collar bone.

3. No massage shall be given unless the client’s specified anatomical areas are, at all times, fully covered. A massage practitioner shall not, in the course of administering any massage, make physical contact with the specified anatomical areas of any other person regardless whether the contact is over or under the persons clothing.

4. A massage practitioner shall operate only under the name specified in his or her CAMTC certificate.

5. Massage shall be provided or given only between the hours of seven a.m. and ten p.m. No massage business shall be open and no massage shall be provided between ten p.m. and seven a.m. A massage commenced prior to ten p.m. shall nevertheless terminate at ten p.m., and, in the case of a massage business, all clients shall exit the premises at that time. It is the obligation of the massage business to inform clients of the requirement that services must cease at ten p.m.

6. A copy of the CAMTC certificate of each and every massage practitioner employed in the business shall be displayed in the reception area or similar open public place on the premises. CAMTC certificates of former employees and/or contractors shall be removed as soon as those massage practitioners are no longer employed by or offering services through the massage business.

7. A list of the services available and the cost of such services shall be posted in the reception area within the massage business premises, and shall be described in readily understandable language. Off-premise massage practitioner providers shall provide such a list to clients in advance of performing any service. No owner, manager, or operator shall permit, and no massage practitioner shall offer or perform, any service other than those posted or listed as required herein, nor shall an operator or a massage practitioner request or charge a fee for any service other than those on the list of services available and posted in the reception area or provided to the client in advance of any off-premise massage services.

8. No massage business shall place, publish or distribute, or cause to be placed, published or distributed, any advertising matter that depicts any portion of the human body that would reasonably suggest to prospective clients that any
service is available other than those services listed as an available service pursuant to Section 8.10.050.A.7 nor shall any massage business employ language in the text of such advertising that would reasonably suggest to a prospective client that any service is available other than those services as described in compliance with the provisions of this chapter.

9. For each massage service provided, every massage business shall keep a complete and legible written record of the following information: the date and hour that service was provided; the service received; the name or initials of the employee entering the information; and the name of the massage practitioner administering the service. Such records shall be open to inspection and copying by the Police Chief, or other city officials charged with enforcement of this chapter. These records may not be used by any massage practitioner or operator for any purpose other than as records of service provided and may not be provided to other parties by the massage practitioner or operator unless otherwise required by law. Such records shall be retained on the premises of the massage business for a period of two years and be immediately available for inspection during business hours.

10. No person shall enter, be, or remain in any part of a massage business while in possession of an open container containing alcohol, or illegal drugs. The massage business owner, operator, responsible managing employee, or manager shall not permit any such person to enter or remain upon such premises.

11. Where the massage business has staff available to ensure security for clients and massage staff are behind closed doors, the entry to the reception area of the massage business shall remain unlocked during business hours when the massage business is open for business or when clients are present, except as part of a home occupation or Live/Work Unit.

12. No massage business located in a building or structure with exterior windows fronting a public street, highway, walkway, or parking area shall, during business hours, block visibility into the interior reception and waiting area through the use of curtains, closed blinds, tints, or any other material that obstructs, blur, or unreasonably darkens the view into the premises. For the purpose of this subsection, there is an irrefutable presumption that the visibility is impermissibly blocked if more than ten percent of the interior reception and waiting area is not visible from the exterior window.

13. Minimum lighting consisting of at least one artificial light of not less than forty watts (or equivalent) shall be provided and shall be operating in each room or enclosure where massage services are being performed on clients, and in all areas where clients are present.
14. Hot and cold running water shall be provided at all times.

15. No massage business shall allow any person to reside within the massage business or in attached structures owned, leased or controlled by the massage business, except as part of a home occupation or Live/Work Unit.

16. Other than custodial or maintenance staff, no persons shall be permitted within the premises of a massage business between the hours of eleven p.m. and six a.m., except as part of a home occupation or Live/Work Unit.

17. A minimum of one wash basin for employees shall be provided at all times. The basin shall be located within or as close as practicable to the area devoted to performing of massage services. Sanitary towels shall also be provided at each basin.

18. Massage businesses shall at all times be equipped with an adequate supply of clean sanitary towels, coverings, and linens. Clean towels, coverings, and linens shall be stored in enclosed cabinets. Towels and linens shall not be used on more than one client, unless they have first been laundered and disinfected. Disposable towels and coverings shall not be used on more than one client. Soiled linens and paper towels shall be deposited in separate receptacles approved by the health department.

19. Wet and dry heat rooms, steam or vapor rooms or cabinets, toilet rooms, shower and bath rooms, tanning booths, whirlpool baths and pools shall be thoroughly cleaned and disinfected as needed, and at least once each day the premises are open, with a disinfectant. Bathtubs shall also be thoroughly cleaned after each use with a disinfectant. All walls, ceilings, floors, and other physical facilities for the business must be in good repair, and maintained in a clean and sanitary condition.

20. Instruments utilized in performing massage shall not be used on more than one client unless they have been sterilized, using approved sterilization methods.

8.10.060 - Inspection and Verification.

The massage business operator or manager consents to the inspection of the massage business by City officials, including but not limited to officials from the Community Development, Fire, and Police departments, for the purpose of determining that the provisions of this chapter or other applicable laws or regulations are being met at any time the massage business is occupied by a person or open for business.
8.10.070 - Fees.

The City Council shall establish by resolution, and from time to time may amend, the fees for the administration of this chapter. Fees required by this chapter shall be in addition to any required under any other chapter of the municipal code.

8.10.080 - Exceptions.

The provisions of this chapter shall not apply to the following classes of individuals while engaged in the performance of the duties of their respective professions:

A. Physicians, chiropractors, osteopaths, physical therapists or acupuncturists who are duly licensed to practice their respective professions in the state of California, and licensed employees of such licensed professionals while working in the office of, and under the supervision of, such licensed professional.

B. Nurses registered under the laws of the state of California.

C. Barbers, cosmetologists, estheticians, manicurists, and electrologists who are duly licensed under the laws of the state of California while engaging in practices within the scope of their licenses, Athletic coaches and trainers acting within the scope of their employment while employed by accredited high schools, junior colleges, colleges or universities.

D. Individuals administering massage services or health treatment involving massage to persons participating in road races, track meets, triathlons and similar single-occurrence athletic or recreational events, provided that all of the following conditions are met:

1. The massage services are made equally available to all participants in the event;

2. The event is open to participation by the general public or a significant segment of the public, such as employees of sponsoring or participating corporations;

3. The massage services are provided at the site of the event and either during, immediately preceding or immediately following the event;

4. The sponsors of the event have been advised of and have approved the provision of massage services;

5. The persons providing the massage services are not the primary sponsors of the event.
8.10.090 - Non Renew, Suspension, Revocation, or Appeal.

A. Violation and Noncompliance.
The Community Development Director may refuse to renew a Massage Operator's Permit or may revoke or suspend an existing permit on the grounds that the applicant has failed to comply with the permit conditions or other requirements of this chapter. If a suspended permit lapses during the suspension period, a new application must be made at the end of the suspension period. In any such case, the applicant shall have the right to appeal to a city hearing officer in the time and manner set forth in this section.

B. Revocation and Suspension of Massage Operator's Permit.

1. The Community Development Director may revoke or refuse to renew a Massage Operator's Permit if he/she makes any of the findings for denial of a permit under Section 8.10.030, or upon demonstrated inability to operate or manage the massage establishment in a law abiding manner, thus necessitating action by law enforcement officers.

2. The Community Development Director may suspend any Massage Operator's Permit for a period of thirty days for each violation of Section 8.10.050.

3. Notice. When the Community Development Director concludes that grounds for denial, suspension, revocation or refusal to renew a permit exist, he/she shall serve the permit holder, either personally, by certified U.S. mail or overnight delivery service, addressed to the business or residence address of the permit holder, with a notice of denial or notice of intent to suspend, revoke or refuse to renew permit. This notice shall state the reasons for the proposed action, the effective date of the decision, the right of the applicant or permit holder to appeal the decision and that the decision will be final if no appeal is filed within the time permitted.

C. Appeal.

1. The right to appeal to a City hearing officer shall terminate upon the expiration of fifteen business days from deposit of the notice with the U.S. Mail, certified and return receipt requested or deposit with an overnight delivery service that provides tracking of the envelope. All requests for appeals shall be sent to the Community Development Director.

2. In the event an appeal is timely filed, the suspension, revocation or refusal to renew shall not be effective until a final decision has been rendered by a City hearing officer. If no appeal is filed, the suspension, revocation or refusal to renew shall become effective upon expiration of the period for filing appeals.
A denial of a new permit shall be effective upon deposit of the notice in the U.S. mail or overnight delivery service.

3. The hearing officer shall schedule an appeal hearing within thirty (30) days of receipt by the City of a request for an appeal hearing. The hearing officer shall receive relevant evidence, make written findings and render his or her decision within thirty (30) days from the date of the hearing. The decision of the city hearing officer shall be final. The applicant shall be entitled to notice of the basis for the proposed action, a copy of the documents upon which the decision was based and the opportunity to present contrary evidence at the hearing.

4. Notice of the date, time and place of the hearing shall be mailed at least ten (10) days prior to the date of the hearing, by certified U.S. mail or overnight delivery service, addressed to the address listed on the address given in the notice of appeal.

5. The following rules of evidence shall apply:
   a. Oral evidence shall be taken only under oath or affirmation. The hearing officer shall have authority to administer oaths, and to receive and rule on admissibility of evidence.
   b. Each party shall have the right to call and examine witnesses, to introduce exhibits, and to cross-examine opposing witnesses who have testified under direct examination. The hearing officer may call and examine any witness.
   c. Technical rules relating to evidence and witnesses shall not apply to hearings provided for in this chapter. Any relevant evidence may be admitted if it is material and is evidence customarily relied upon by responsible persons in the conduct of their affairs regardless of the existence of any common law or statutory rule which might make admission of such evidence improper over objection in civil actions. Hearsay testimony may be admissible and used for the purpose of supplementing or explaining any evidence given in direct examination, but shall not be sufficient in itself to support a finding unless such testimony would be admissible over objection in civil actions. The rules of privilege shall be applicable to the extent they are now, or are hereafter permitted in civil actions. Irrelevant, collateral, undue, and repetitious testimony shall be excluded.

8.10.100 - Violation and Penalty.

A. Violations of this chapter may be enforced pursuant to the provisions of this code. Violations may also be enforced in judicial proceedings, by suspending or revoking permits, or in any other manner authorized by law.
B. Any massage business operated, conducted or maintained contrary to the provisions of this chapter shall be, and the same is declared to be, unlawful and a public nuisance. The city may, in addition to or in lieu of prosecuting a criminal action hereunder, commence an action or actions, proceeding or proceedings, for the abatement, removal and enjoinder thereof, in any manner provided by law, and may take such other steps and may apply to such court or courts as may have jurisdiction to grant such relief as will abate or remove such massage business and restrain and enjoinder any person from operating, conducting or maintaining a massage business contrary to the provisions of this chapter.

C. The remedies described in this section are cumulative and in addition to any other remedies available that may be pursued to address a violation of this chapter.

3. **SEVERABILITY.** If any section, subsection, sentence, clause or phrase of this chapter is for any reason held to be invalid or unconstitutional by a decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions of this chapter. The city council hereby declares that it would have passed the ordinance codified in this chapter, and each and every section, subsection, sentence, clause or phrase not declared invalid or unconstitutional without regard to whether any portion of this chapter would be subsequently declared invalid or unconstitutional.

4. **COMPLIANCE WITH THE CALIFORNIA ENVIRONMENTAL QUALITY ACT.** The project is exempt from environmental review per CEQA Guidelines under the General Rule (Section 15061(b) (3)). The project involves updates and revisions to existing regulations. The proposed code amendments are consistent with California Law, specifically California Government Code Section 51034. It can be seen with certainty that the proposed Municipal Code text amendments will have no significant negative effect on the environment.

5. **EFFECTIVE DATE.** This ordinance shall take effect and be enforced thirty (30) days following its adoption.

6. **PUBLICATION.** This ordinance shall be published in accordance with the provisions of Government Code Section 36933.

THE FOREGOING ORDINANCE was introduced at a regular meeting of the City Council on February 7, 2017 and passed by the following vote:

Subject: Support for Assembly Bill 1 (Frazier)/Senate Bill 1 (Beall) Transportation Funding and Reform Package

ACTION REQUESTED
Approve a recommendation authorizing Mayor Abelson to sign and send letters to the authors, and other appropriate legislators and legislative bodies, in support of Assembly Bill 1 (Frazier)/Senate Bill 1 (Beall) Transportation Funding and Reform Package for much-needed new statewide investment to maintain and improve the local street, road, and state highway systems.

DISCUSSION
Cities and counties own and operate more than 81 percent of streets and roads in California, and the public is dependent upon a safe, reliable local transportation network. City staff has previously participated in efforts with the California State Association of Counties, League of California Cities, and California’s Regional Transportation Planning Agencies to study unmet funding needs for local roads and bridges, including pedestrian and bicycle facilities. Local governments have identified ten-year unmet needs of $73 billion on the local streets and roads system in addition to $59 billion in deferred maintenance on the state highway system. As roads deteriorate, they become increasingly expensive to repair. In fact, rebuilding a road completely can cost as much as twenty times more than routine maintenance that would have extended the service life of the same infrastructure. If additional funds are not invested toward local system maintenance now, the backlog of needs will grow by $11 billion in just five years and $21 billion in a decade.

This is the third consecutive year the State of California has been grappling with how to increase state transportation funding to address the backlog of repair and deferred maintenance as well as other transportation needs. In September 2015, the City Council passed Resolution 2015-60 urging the Governor and Legislature to provide sufficient and stable sources of funding for local and state transportation infrastructure. To address the subject in 2017, Assembly Member Frazier and Senator Jim Beall each reintroduced versions of their previous transportation funding and reform measures, the first bills of their respective houses - Assembly Bill 1 (AB 1) and Senate Bill 1 (SB 1).

AB 1 (Frazier)/SB 1 (Beall) Transportation Funding and Reform Package would provide much-needed new statewide investment to maintain and improve local streets, roads, and state highways, ensure existing revenues meant for transportation projects are redirected to transportation, and implement a number of reforms to improve project
delivery while continuing to protect the environment. The funding package would result in approximately $2.4 billion in existing and new on-going revenue at full implementation for multi-modal investments into the local street and road system. The bill includes as eligible projects road maintenance and rehabilitation, safety projects, railroad grade separations, and complete street components – including active transportation, pedestrian and bike safety projects, and transit facilities – and drainage and stormwater capture projects built in conjunction with any other allowable project. Funding from the bill could also be used as matching funds for state and federal funding programs.

Outside of the revenue provisions, the funding package includes strong accountability measures, including a local maintenance of effort requirement and project-level reporting to the California Transportation Commission. In terms of local project streamlining, the bill would expand an existing California Environmental Quality Act (CEQA) exemption available to small cities and counties for maintenance, rehabilitation and safety projects in the existing right-of-way to all local jurisdictions and the state, and create a transportation advanced mitigation program.

In 2008, El Cerrito voters passed Measure A, the El Cerrito Pothole Repair, Local Street Improvement and Maintenance Measure, a half-cent sales tax, to launch a comprehensive street pavement repair and maintenance program. Fortunately, the ongoing funding from Measure A is now helping to maintain the City’s pavement in “very good” condition. However, significant needs remain in maintaining, repairing, and rehabilitating pedestrian and bicycle infrastructure including sidewalks, boardwalks and paths; replacing and updating traffic signal systems and traffic signs citywide; addressing a handful of local streets in need of total reconstruction; and miscellaneous other roadway work such as repairs at creek overcrossings. New and sustainable sources of funding would help ensure the sustainability of El Cerrito’s transportation system.

**STRATEGIC PLAN CONSIDERATIONS**
Support for AB 1 (Frazier)/SB 1 (Beall) Transportation Funding and Reform Package is consistent with the following El Cerrito Strategic Plan Goals:

Goal B - *Achieve long-term financial sustainability* by tracking and promoting state and federal legislation that would create new funding opportunities; and

Goal D – *Develop and rehabilitate public facilities* as community focal points by helping to develop a plan to address ongoing and deferred maintenance of facilities and infrastructure.

**ENVIRONMENTAL CONSIDERATIONS**
There is no direct environmental impact of supporting AB 1 (Frazier)/SB 1 (Beall) Transportation Funding and Reform Package.

**FINANCIAL CONSIDERATIONS**
There is no financial obligation associated with the requested action.
LEGAL CONSIDERATIONS
There is no legal obligation associated with the requested action.

Re:  AB 1 (Frazier) – Transportation Funding and Reform Package  
As introduced on December 4, 2016 – SUPPORT

Dear Assembly Member Frazier,

The City of El Cerrito writes in strong support of your AB 1, which would provide much-needed new statewide investment to maintain and improve local streets and roads and state highways, ensure existing revenues meant for transportation projects are redirected to transportation, and implement a number of reforms to improve project delivery while continuing to protect the environment. The proposal presents an opportunity for the new legislature to advance a comprehensive framework to address the overwhelming backlog of repair and deferred maintenance as well as other transportation needs in the early part of 2017.

AB 1 would result in approximately $2.4 billion in existing and new on-going revenue at full implementation of the package for multi-modal investments into the local street and road system. The bill includes, as eligible projects, road maintenance and rehabilitation, safety projects, railroad grade separations, and complete street components – including active transportation, pedestrian and bike safety projects, and transit facilities – and drainage and stormwater capture projects built in conjunction with any other allowable project. Funding from the bill could also be used as matching funds for state and federal funding programs.

Outside of the revenue provisions, AB 1 includes strong accountability measures, including a local maintenance of effort requirement and project-level reporting to the California Transportation Commission. In terms of local project streamlining, the bill would expand an existing CEQA exemption available to small cities and counties for maintenance, rehabilitation and safety projects in the existing right-of-way to all local jurisdictions and the state, and create a transportation advanced mitigation program.

As you know, local governments have identified ten-year unmet needs of $73 billion on the local streets and roads system in addition to $59 billion in deferred maintenance on the state highway system. As roads deteriorate, they become increasingly expensive to repair. In fact, rebuilding a road completely can cost as much as twenty times more than routine maintenance that would have extended the service life of the same infrastructure. As such, research by California State Association of Counties (CSAC), the League of California Cities, California’s regional transportation agencies and local cities shows that failure to invest additional funds toward local system maintenance today will only increase maintenance needs in the future (the backlog will grow by $11 billion in just five years and $21 billion in a decade).
In 2008, El Cerrito voters passed Measure A, the El Cerrito Pothole Repair, Local Street Improvement and Maintenance Measure, a half-cent sales tax, to launch a comprehensive street pavement repair and maintenance program. Fortunately, the on-going funding from Measure A is now helping to maintain the City’s pavement overall in a “very good” condition. However, significant needs remain in maintaining, repairing, and rehabilitating pedestrian and bicycle infrastructure including sidewalks, boardwalks and paths; replacing and updating traffic signal systems and traffic signs citywide; addressing a handful of local streets in need of total reconstruction; and miscellaneous other roadway work such as repairs at creek overcrossings. New and sustainable sources of funding would help ensure the sustainability of El Cerrito’s transportation system.

Investing in our roads and highways, active transportation facilities, transit and key freight corridors through targeted and balanced increases in revenue will improve California’s transportation facilities today and save taxpayers money for the upkeep of this infrastructure tomorrow.

We look forward to working with you and legislative leadership and the Administration on their promise to successfully advance a meaningful transportation reform and funding package early in the 2017 legislative session.

Sincerely,

Janet Abelson, Mayor
City of El Cerrito

As introduced on August 24, 2016 – SUPPORT

Dear Senator Beall,

The City of El Cerrito writes in strong support of your SB 1, which would provide much-needed new statewide investment to maintain and improve local streets and roads and state highways, ensure existing revenues meant for transportation projects are redirected to transportation, and implement a number of reforms to improve project delivery while continuing to protect the environment. RE: Transportation Funding: AB 1 (Frazier)/SB 1 (Beall)

Background
2017 marks the third consecutive year the Legislature has been seriously grappling with how to increase state transportation funding. After Assembly and Senate leaders released a joint letter in November 2016 with Governor Brown announcing a commitment to address the subject in the upcoming legislative session, Assembly Member Frazier and Senator Jim Beall each introduced the first bill of their respective houses — Assembly Bill 1 and Senate Bill 1.

Recommendation: Support

Discussion
How Would Funds Be Spent?
As shown on Attachment 1, funding in the Chairmen’s bills, is distributed to local street and road repairs, state highway maintenance, goods movement, the State Transportation Improvement Program (STIP), public transit and active transportation. We estimate the Bay Area would receive annual formula funding boosts as follows (with additional funding available from the competitive goods movement, active transportation and transit capital competitive programs):

- Approximately $390 million for local street and road maintenance with SB 1 providing about $8 million more due to treatment of new gas tax revenue
- Approximately $94 million in new STIP funds, including regional and interregional funds.
- A range of $95-$130 million for formula-based public transit funds, with range depending on auction revenue levels from Cap and Trade.

Notably, funding for the STIP, local roads and State Highway Operation & Protection Program (SHOPP) programs will grow by $100 million per year starting in FY 2017-18—distributed according to a 44%/44%/12% formula, respectively—until reaching about $500 million/year in FY 2021-22 and thereafter. This is a result of fewer weight fees being diverted from the State Highway Account.
Less Revenue, but Still Robust Proposals
The bills would raise from $6 billion to $6.2 billion per year once all new revenue mechanisms are in effect by year five, approximately $1.4 billion less than the joint proposal released last August. The reduced funding results primarily from smaller gasoline and diesel fuel excise tax increases. The emphasis on “fix-it-first” for local roads and state highways is retained though these are the programs that see their funding reduced; transit funding and active transportation funding programs are maintained at the same levels seen in August. Other key changes include:

- About half of weight fee revenue is restored gradually over five years, which frees up approximately $500 million annually to continue to offset General Fund debt service, an ongoing concern of the Brown Administration. (Note: SB 1 restores 10 percent each year up to a minimum of 50 percent, which is roughly equivalent to $530 million based on FY 2016-17 estimated weight fee revenue. AB 1 restores $100 million per year, up to $500 million by FY 2021-22.)
- The bills contain more detailed provisions for goods movement funding, detailing specific categories to be funded from the Trade Corridor Investment Fund (TCIF), which would receive approximately $600 million per year from a diesel excise tax increase of 20-cents/gallon.

Reduced Funding Volatility and Significantly Increased STIP Funding
As with the prior bills authored by Assembly Member Frazier and Senator Beall, AB 1 and SB 1 would eliminate the annual adjustment in the excise tax, a policy that has resulted in huge volatility in transportation revenue and decimated the STIP over the last two years. The bills restore the variable rate to 17.3-cents/gallon (a 7.5-cent/gallon increase from the current rate), where it was originally set when the gas tax swap was enacted in 2011, and requires the Board of Equalization to adjust it based on the Consumer Price Index on July 1, 2019 and every three years thereafter. This periodic indexing applies to the gasoline and diesel fuel excise taxes as well as the diesel sales tax rate.

How do the Bills Differ?
- The goods movement provisions in the bills are substantially different. AB 1 would distribute all federal and new state freight funds competitively through the California Transportation Commission, and allow the state to nominate projects as well. SB 1 calls out local road and rail capital and capacity enhancements as eligible and lists dollar amounts for distribution as shown below. (Such amounts would be adjusted proportionately depending on the total amount of funding to the TCIF each year.)
  - Competitive program for projects nominated by regional and local agencies and ports ($360 million)
  - Railroad-highway grade crossings ($70 million)
  - Border related improvements nominated by San Diego and Imperial County agencies, which are disqualified from the competitive program above ($150 million).
- SB 1 raises the sales tax on diesel fuel by an additional 0.5% (approximately $38 million/year) for purposes of intercity and commuter rail, with projects to be selected by Caltrans. SB 1 also reserves $3 million annually before distributing funds for state and local roadway maintenance to the various Institutes of Transportation Studies within the University of California.
SB 1 adds a workforce training provision, requiring that all projects funded with new transportation revenue will be required to engage in a pre-apprenticeship program for individuals, including low-income/disadvantaged individuals. SB 1 also requires Caltrans to develop a plan to increase participation from small and disadvantaged businesses.

SB 1 imposes a $100/year zero emission vehicle registration fee, whereas the registration fee for such vehicles in AB 1 remains at $165/year, as proposed in 2016. This difference is relatively minor in terms of revenue impact; it would lower annual revenues from $21 million to $13 million.

**Recommendation**

Staff recommends a “support” position on these bills. Of course we are mindful to be flexible as amendments can be expected as the bills advance and other funding proposals may emerge. One particular item we would like to see modified is broadening the opportunity for Bay Area cities, transit districts, and MTC with voter-approved transportation measures to qualify for funding. The bill currently restricts this program to counties.

All revenue and expenditure estimates are based of full implementation of these funding/reform packages which occurs in year five. If adopted in 2017, full implementation would occur in FY 2021-22.

**REVENUES**

*New Revenues*

**Maintenance & Rehabilitation Investments - $3.12 billion annually**
- Gas tax increase of 12-cents, which generates $1.8 billion annually
  - AB 1 levies the entire increase in year one
  - SB 1 levies the increase in increments over three years (6-cents in year one, 9-cents in year two, and 12-cents in year three)
  - Gas tax revenues deposited into the Road Maintenance and Rehabilitation Account (RMRA)
    - SB 1 would capture off-highway vehicle (OHV) increment from new gas tax for RMRA, whereas AB 1 maintains current practice of sending OHV related share to OHV accounts
    - Indexed for inflation every three years
- Vehicle registration fee (VRF) of $38, which generates $1.3 billion annually
  - Deposited into the RMRA
  - Indexed for inflation every three years
- Zero emission vehicle registration fee (ZVRF) of $100 (SB 1) or $165 (AB 1), which would generate approximately $20 million annually
  - Deposited into the RMRA
  - Indexed for inflation every three years

**Freight Investments - $600 million annually**
- 20-cent diesel excise tax, which generates $600 million annually
  - Deposited into the Trade Corridors Improvement Fund (TCIF)
  - Indexed for inflation every three years

**Transit Investments - $563 million annually**
- Up to a 4% increase in the sales tax on diesel, which generates approximately $263 million annually
  - Deposited into the State Transit Assistance Account (STA)
  - Allocated via the Public Transportation Account (PTA) formula
  - AB 1 increases the rate by 3.5% all for the STA/PTA allocation
  - SB 1 increases the rate by 4%, 3.5% which benefits the STA/PTA formula and 0.5% benefits the Transit and Intercity Rail Corridor Program (TIRCP)
- Increase existing cap and trade expenditures, which generates approximately $300 million annually
  - From 10% to 20% of total cap and trade auction proceeds for the TIRCP
  - From 5% to 10% of total cap and trade auction proceeds for the Low Carbon Transit Operations Program (LCTOP)

**TOTAL NEW REVENUE GENERATED FOR ALL INVESTMENT CATEGORIES:** $4.28 BILLION
**Restored/Returned Revenues**

**Maintenance & Rehabilitation Investments** - $1.81 billion annually
- $500 million in truck weight fees
  - Directed to the Highway User Tax Account (HUTA)
  - Allocated via the 44 STIP/44 LSR/12 SHOPP split
  - AB 1 would phase in a specific dollar amount to be returned to transportation projects whereas SB 1 would phase in a certain percentage of weight fee revenue. AB 1 would cap the weight fee transfer to the General Fund to $500 million in FY 2021-22 and SB 1 would cap the transfer to 50% of total weight fee revenue collected in FY 2021-22. Depending on how much weight fee revenue is collected in any given year one approach could return more back to transportation projects than another but it’s difficult to predict.
- Eliminate the annual BOE adjustment of the price-based excise tax, reset the rate to 17.3-cents, which would generate $1.125 billion over FY 2016-17 anticipated revenues
  - Directed to the HUTA
  - Allocated via the 44/44/12 split
- Return $125 million in price-based revenues related to the sale of fuel for non-highway purposes (Off-Highway Vehicles)
  - Directed to the HUTA
  - Allocated via the 44/44/12 split
- Return $60 million in miscellaneous transportation revenues
  - Directed to the RMRA
  - Allocated via the 50 state/50 local split after off-the top set-aside

**TOTAL RESTORED/RETURNED REVENUE GENERATED FOR ALL INVESTMENT CATEGORIES:** $1.81 BILLION

**One-Time Revenues**

**Maintenance & Rehabilitation Investments**
- $703 million in transportation loans
  - Split 50/50 between the state/locals

**TOTAL ONE-TIME REVENUES GENERATED FOR ALL INVESTMENT CATEGORIES:** $703 MILLION

**TOTAL NEW REVENUE GENERATED FOR ALL INVESTMENT CATEGORIES:** $4.28 BILLION

**TOTAL RESTORED/RETURNED REVENUE GENERATED FOR ALL INVESTMENT CATEGORIES:** $1.81 BILLION

**GRAND TOTAL ON-GOING REVENUE FOR ALL INVESTMENT CATEGORIES:** $6.09 BILLION

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL CERRITO REQUESTING THE DEVELOPMENT OF A HORSE BOARDING FACILITY AT THE POINT PINOLE REGIONAL SHORELINE PARK

WHEREAS, between 100 and 150 horses boarded at a sub-standard and unpermitted facility located between 2777 and 2775 Giant Road in Richmond, must be relocated to a safe and authorized facility; and

WHEREAS, City of Richmond officials, working with the Richmond Mayor’s Office and the property owners and horse boarders at the Giant Road site, have determined that developing a sufficient boarding facility at the site is not a feasible or safe option for the horses; and

WHEREAS, the East Bay Regional Park District has a demonstrated ability to host private enterprise and horse stables on park land including: the Piedmont Stables at Redwood Regional Park, the Chabot Equestrian Center and the Skyline Ranch Equestrian Center at Anthony Chabot Regional Park, and the Las Trampas Stables at Las Trampas Regional Wilderness; and

WHEREAS, the Point Pinole Regional Shoreline is a 2,315 acre park which is part of the East Bay Regional Park District, featuring extensive open space, beaches, trails and a fishing pier; and

WHEREAS, the horses boarded at the Giant Road property are located less than two miles from the Point Pinole Regional Shoreline and are frequently taken to the park for recreational rides; and

WHEREAS, the City Council has been informed that various owners and managers responsible for horses at the Giant Road property have expressed an interest and willingness to organize and invest private funds in the development of horse stables at any suitable site in the area; and

WHEREAS, the existing landscape and amenities at Point Pinole Regional Shoreline provide an ideal location for accommodating horse stables and equestrian uses are currently allowed at Point Pinole; and

WHEREAS, the local area communities including El Cerrito, Richmond, North Richmond, San Pablo, El Sobrante, and Pinole will benefit greatly in having access to equestrian activities and boarding facilities which contribute to outdoor education, community events and cultural expression; and

WHEREAS, there is a high demand for an equestrian facility near the area in and around Richmond because most of the owners and managers of horses located at the Giant Road property live nearby.

NOW THEREFORE, BE IT RESOLVED by the City Council of the City of El Cerrito that it hereby request that the East Bay Regional Park District Board of Directors take expeditious
action in allowing for the development of a horse boarding facility at the Point Pinole Regional Shoreline Park.

BE IT FURTHER RESOLVED that the City Council recognizes the benefits to the West Contra Costa County community from equestrian activity which include: outdoor education, participation in local festivities and events, stress reduction, and life skills.

BE IT FURTHER RESOLVED that the City Council encourages the East Bay Regional Park District to cooperate with the horse owners and managers at the Giant Road property, and work together to identify the necessary steps for successful development of a suitable horse boarding facility at Point Pinole.

I CERTIFY that at a regular meeting on February 7, 2017 the City Council of the City of El Cerrito passed this Resolution by the following vote:

AYES: COUNCILMEMBERS:
NOES: COUNCILMEMBERS:
ABSTAIN: COUNCILMEMBERS:
ABSENT: COUNCILMEMBERS:

IN WITNESS of this action, I sign this document and affix the corporate seal of the City of El Cerrito on February __, 2017.

Subject: Cash & Investments Report for Quarter Ending December 31, 2016

**ACTION REQUESTED**
Receive and file the City’s Quarterly Investment Report for the period ending December 31, 2016.

**BACKGROUND**
It is the policy of the City of El Cerrito ("City"), to invest public funds in a manner which provides for safety of principal while providing sufficient liquidity to cover the City’s short and long term needs while generating the appropriate yield. All investment activity will conform to the California Government Code, Sections 53601 through 53659.

**ANALYSIS**
The Quarterly Investment Report for October 1, 2016 to December 31, 2016 shows that the City’s investments had a par value of $3,553,613 as of December 31, 2016. The City continues to have minimal investments that are not required for debt service reserves and to have limited, if any, interest earnings on restricted funds. Of the total amount invested, $2,013,111 is invested in the pooled funds with the State Treasurer’s Local Agency Investment Funds (LAIF) and $1,540,502 is held in money market funds. Cash with Mechanics Bank was $3,092,233. Total cash and investments were $6,645,846. Of this amount, $5,105,344 was available to meet operating expenses for the next six months.

**STRATEGIC PLAN CONSIDERATIONS**
The purpose of the City’s Investment Policy is to provide guidelines for prudent investment of the City's idle funds and maximum efficiency of the City’s cash management system. The long term goal is to enhance the City’s economic condition while protecting the funds at all times.

**FINANCIAL CONSIDERATIONS**
During the quarter interest of approximately $902 was earned and debt service payments for the Recycle Center, City Hall, Street Improvement and the Solar Lease were made totaling $791,294.
LEGAL CONSIDERATIONS
The City's investments comply with the "Authorized Investments" section of the Investment Policy.
