6. **PUBLIC HEARINGS**

**Proposed City Charter**

This public hearing is being held by the City Council of the City of El Cerrito for the purpose of considering submission of a proposed charter to the voters of El Cerrito at the regularly scheduled election on November 6, 2018. El Cerrito is currently organized as a general law city under California law. If El Cerrito voters approve a charter, El Cerrito will be organized as a charter city, as provided for in the proposed charter. At the public hearing, the City Council will consider the proposal of a charter and the content of the proposed charter.

**Presentation:** City Manager Scott Hanin and City Attorney Woodruff presented the staff report and answered questions raised by members of the Council.

**Public Hearing:** Mayor Quinto opened the public hearing.

**Speakers:** Michael Fischer, El Cerrito, spoke in favor of the measure. He asked the Council to consider adding water conservation and reclamation to the list of items eligible for rebate as part of the real property transfer tax. He stated the City is fiscally responsible and the revenues from the proposed tax will provide some financial relief.

Paul Taybi, El Cerrito, expressed concern that the public has not been given sufficient facts, time or proper notice of meetings. He requested that the Council hold another public hearing on this matter before voting on this.

Ralph Fabrizio, El Cerrito, stated his belief that the rebates will only benefit the younger generation moving into the City. He stated the proposed $12 per $1,000 is too great an increase. Mr. Fabrizio suggested that if the City moves forward with this, it not fund any new initiatives.

Al Miller, El Cerrito, spoke in favor of the measure. He urged residents to learn
how to obtain information on what the City is doing through various media platforms or sign up for e-notifications.

Susan Pricco, El Cerrito, informed the Council that she is the Chair of the West Contra Costa Branch of the Contra Costa Taxpayers Association. She stated that local residents have asked them to analyze the pros and cons of charter cities. She mentioned some charter cities have filed for bankruptcy. Based on this analysis, she urged the Council to proceed with caution.

Robin Mitchell, El Cerrito, stated her support for the measure. Having attended several of the Charter Committee meetings, she thought it was a good process. She expressed concern that if the City doesn’t have the funding to keep its infrastructure in good condition and provide the programs the citizens want, real estate values will go down.

Howdy Goudey, El Cerrito, spoke in favor of the process and its outcome and stated his support of the proposed real property transfer tax and the rebates. He emphasized that the charter will give the public more power, as only the voters can make amendments to the charter.

Lisa Martinengo, El Cerrito, said she was unclear on several points, such as: 1) whether council term limits will be included; 2) the process to amend the charter; 3) do the potential revenues projected include the rebates; and 4) what is the plan for funding if the charter does not pass.

Barbara Chan, El Cerrito, stated she is not for or against the measure at this time. She questioned why the City needs more revenues despite the number of expensive real estate transactions in recent years. She asked if funds could be earmarked for certain things such as the library. She also stated she would like to see another public hearing on this topic.

Eric Becker, El Cerrito, questioned why the charter and tax aren’t being voted on separately. He also asked why the rebate program doesn’t apply to current homeowners.

Linda Cain, El Cerrito, noted that the City has been working on this for a while, but people still have a lot of unanswered questions that she hopes will be addressed.

There being no other speakers, the Mayor closed the public hearing.

Discussion: Members of the Council addressed questions raised by the speakers. Each member of the Council expressed their support for placing a measure on the ballot asking the voters to approve the City becoming a charter city and approving a real property transfer tax.
The City Manager informed the Council and audience that staff will be presenting proposed charter language and proposed language for the real property transfer tax at a future meeting and the Council will be asked to take action to place a measure on the ballot at its meeting of July 17, 2018.

7. POLICY MATTERS

Direction on November 2018 City Charter Ballot Measure and associated Real Property Transfer Tax for Maintenance and Improvement of City Services and Facilities

Adopt a resolution of the City Council of the City of El Cerrito:

1. Submitting to the El Cerrito electorate a measure to approve a City Charter and the proposed Real Property Transfer Tax to develop a locally generated and controlled funding source to be used to maintain and/or increase the current level of services and facilities provided by the City, which would become effective only if adopted by 50 percent plus one vote of the El Cerrito electorate. If voters approve the measure, the City would be converted from a General Law City to a Charter City, and the Real Property Transfer Tax would be approved.

2. Approving an ordinance authorizing a Real Property Transfer Tax to maintain and/or increase the current level of services and facilities provided by the City.

3. Requesting that the Contra Costa Board of Supervisors consent to the consolidation of this election with the statewide general election to be held on November 6, 2018 and direct the Registrar of Voters to provide all services necessary to conduct the election and print a measure on the ballot as described in Section 3 of the resolution.

Presentation: City Manager Scott Hanin and City Attorney Sky Woodruff presented the staff report and answered questions raised by members of the Council. Bryan Godbe, Godbe Research, provided information on survey results.

Speakers: Cordell Hindler, Richmond, said he hopes the Council will approve placing the measure on the ballot.

Marlene Keller, El Cerrito, stated that the City has so much at stake politically and financially if the City does not become a charter city. She expressed support for the real property transfer tax and urged the Council to place the measure on the ballot.

Al Miller, El Cerrito, agreed with comments made by Marlene Keller.

Rich Bartke, El Cerrito, said he has no objection to the real property transfer tax. He referred to several charter cities that have had financial troubles and suggested that the Council determine why these cities ran into problems before voting on becoming a charter city.

Susan Pricco, El Cerrito, stated that she doesn't like being taxed on the right to sell her home and questioned if there is an exemption for parent-child home transfers. She said that this tax would also reduce the nest egg for seniors who own their homes and want to downsize.

Jack Weir, President, Contra Costa Taxpayers Association, said that the
proposed tax is a direct attack on Prop 13. He stated it is particularly hard on seniors who depend on the equity in their homes as part of their retirement assets. He reported that the City has a $15 million unfunded pension liability and he felt this tax will be used to fund these pension obligations. He stated the Contra Costa Taxpayers Association will oppose this tax rigorously.

Robin Mitchell, El Cerrito, stated she attended several charter committee meetings and that it was a good process. She said there are a lot of park and recreation capital projects that people want, but that there is no funding for them. She also expressed the belief that keeping up the City’s infrastructure and providing programs that the citizens want increases property values.

Howdy Goudey, El Cerrito, stated his support of the charter and tax measure and commended the Council on the process used to develop the proposed charter.

Bill Jones, El Sobrante, said he is supportive of the charter and tax measure. He stated that charter cities benefit in the following ways: 1) greater local control; 2) a limit to state intrusion on local affairs; and 3) changes can only be made by a vote of the residents.

Action: Councilmember Lyman proposed revised language to Section H1(b, c, d) of the ordinance related to “good cause” and including language requiring an audit and review by the Financial Advisory Board.

Moved, seconded (Lyman/Fadelli) and carried unanimously to adopt Resolution No. 2018–46 as shown in the revised resolution presented at the meeting and including revisions to the ordinance (Exhibit B) as provided in the revised ordinance presented at the meeting and to also include revised language to Section H1 (b, c, d) of the ordinance related to “good cause” as proposed by Councilmember Lyman and additional language to be drafted by the City Attorney to require an audit and review by the Financial Advisory Board.

Sherry M. Kelly
Acting City Clerk
Date: August 21, 2018
To: El Cerrito City Council
From: Yvetteh Ortiz, Public Works Director/City Engineer
Subject: 2018 Curb Ramp and Sidewalk Repair Program, City Project Nos. C3077A and C3024

ACTION REQUESTED
Adopt a resolution taking the following action:

a. Approving plans and specifications for the 2018 Curb Ramp and Sidewalk Repair Program, City Project Nos. C3077A and C3024 (Project);

b. Rejecting the bid submitted by HM Construction, Inc. as non-responsive and accepting the other five submitted bids for the Project; and

c. Authorizing the City Manager to execute a contract in the amount of $469,460 with Kerex Engineering, Inc. and to approve change orders in an amount not to exceed $47,000 for the construction of the Project.

BACKGROUND
The 2018 Curb Ramp and Sidewalk Repair Program, City Project Nos. C3077A and C3024 (Project) implements the curb ramp and sidewalk components of the following capital improvement projects and maintenance program:

- Central Avenue and Carlson Boulevard Street Improvements, C3077
- Access Modifications – Streets and Sidewalks, C3024
- Sidewalk Infrastructure Maintenance

The curb ramp and sidewalk components were consolidated into this Project to achieve economies of scale and open up the project to a larger pool of contractors (both general and specialty contractors). Using this approach, City staff sought to maximize the number of bidders and potential for more competitive bid prices than those obtained as part of three separate contracts. In the case of the Central Avenue and Carlson Boulevard Street Improvements Project, the curb ramp and sidewalk work is being done before the pavement rehabilitation work scheduled for Fiscal Year 2019-20 when federal transportation funds will become available for that component.

The Project consists of the construction of twenty-four curb ramps along Central Avenue, Carlson Boulevard and at the intersection of Mira Vista Drive and Hagen Boulevard. It also includes repair of damaged or uplifted sidewalk and adjoined curb and gutter at twenty-six locations throughout the City, as shown in the attached project map.
For bidding purposes and to allow flexibility of award within the project budget, the work was divided into a Base Bid and two Additive Alternate Bids. The first Additive Alternate Bid consisted of sidewalk, curb and gutter repair work primarily along San Pablo Avenue. The second Additive Alternate Bid consisted of construction of curb ramps at two intersection on Gladys Avenue.

The Notice Inviting Bids for the Project was advertised in the West County Times on July 16 and 23, 2018. Additionally, the notice along with a complete set of Contract Documents was sent to eight (8) Builder and Construction Exchanges. The project was also posted on the City’s website and on the BPXpress website, an online planroom. Two addenda were issued.

**ANALYSIS**

Six bids were received on the advertised bid opening date of August 7, 2018. The bid from HM Construction, Inc. did not include a signed Statement of Technical Ability and Experience and required information was missing from the Subcontractors and Suppliers List form. City staff found these omissions to be material and recommend rejection of the bid as non-responsive.

The results of the remaining five bids are as follows:

The Contract Documents stipulated that the low bidder was to be determined by the amount of the Base Bid. The Base Bid from Kerex Engineering of $469,460.00 is seven percent less than the Engineer's Estimate of $503,445.15. The Additive Alternate Bid #1 amount from Kerex of $66,600.00 is forty-one percent higher than the Engineer's
AGENDA BILL
Agenda Item No. 4B

Estimate of $47,335.00 and the Additive Alternate Bid #2 amount of $57,400.00 is sixty-two percent higher than the Engineer’s Estimate of $35,335.00.

Staff recommends that the City Council award a construction contract in the amount of $469,460.00 for the Base Bid to Kerex Engineering, Inc. as the lowest responsive and responsible bidder. The additive alternate bids are not recommended for award at this time given their substantial amount over the Engineer’s Estimate. City staff will explore options for bidding this work given different requirements at these locations, such as the need for a Caltrans Encroachment Permit for San Pablo Avenue.

STRATEGIC PLAN CONSIDERATIONS
Award of the construction contract is consistent with the following El Cerrito Strategic Plan Goals:

- Goal D – Develop and rehabilitate public facilities as community focal points by addressing ongoing and deferred maintenance of facilities and infrastructure; and
- Goal E – Ensure the public’s health and safety by providing a safe and accessible transportation system.

ENVIRONMENTAL CONSIDERATIONS
The project is categorically exempt from review under the California Environmental Quality Act (CEQA) pursuant to Section 15301 (Existing Facilities) because the project is a repair to an existing facility involving negligible or no expansion of use beyond that presently existing. More specifically, restoration or rehabilitation of deteriorated or damaged facilities to meet current standards of public health and safety, unless it is determined that the damage was substantial and resulted from an environmental hazard such as an earthquake, landslide, or flood, is exempt from CEQA.

FINANCIAL CONSIDERATIONS
The estimated expenditures for the construction phase of the project total $589,460 as summarized below.

Funding in the amount of $590,000 for the Project is included in the Fiscal Year (FY) 2018-19 Capital Improvement Program and the Public Works, Maintenance operating budget, including allocations of $325,000 in the Measure A Street Improvement Fund, $195,000 in the SB 1 – Road Maintenance and Rehabilitation Account Fund, and $70,000 in the
Measure J Return to Source Fund (Countywide transportation fund). Project and program-specific funding is as follows:

- $325,000 for Central Avenue and Carlson Boulevard Street Improvements, C3077 in the Measure A Street Improvement Fund
- $25,000 for Central Avenue and Carlson Boulevard Street Improvements, C3077 in the SB 1 – Road Maintenance and Rehabilitation Account Fund

Agenda Item No. 4D

Date: August 21, 2018
To: El Cerrito City Council
From: Yvetteh Ortiz, Public Works Director/City Engineer
Subject: Parking Time Limit Modification on east side of San Pablo Avenue between Manila Avenue and Madison Street

ACTION REQUESTED

Adopt a resolution authorizing the modification of the parking time limit from two to four hours on the east side of San Pablo Avenue between Manila Avenue and Madison Street.

BACKGROUND & ANALYSIS

In July 2018, El Cerrito’s programs and services for older adults were relocated from the Open House Senior Center at 6500 Stockton Avenue, now closed, to the El Cerrito Midtown Activity Center (ECMAC) at 10940 San Pablo Avenue. The ECMAC is home to a wide variety of popular programs and services. The busiest period at the ECMAC is typically mid-morning to early-afternoon, which includes a lunch program. Often parking demand exceeds on-site parking supply, and patrons park on-street along the east side of San Pablo Avenue.

Public Works staff is proposing an extension to parking time limits on the east side of San Pablo Avenue between Manila Avenue and Madison Street from two hours to four hours. This is in response to requests from the ECMAC patrons and staff to provide on-street parking to better serve their needs. Currently, on-street parking is limited to two hours between 9 a.m. and 6 p.m. except Sundays and Holidays as established in 1958 by City Council Resolution No. 2310. Parking signs on the southerly section of the block also allow exceptions to the time limit by permit related to City Hall and Public Safety Building operations.

In early August 2018, Public Works staff communicated with the businesses on this block to discuss increasing the time limits. All businesses were supportive of the change because they also have customers or visitors needing to stay longer than two hours. ECMAC staff also anticipates that the extended parking time will encourage patrons to participate in more than one activity. Overall, increasing the time limit will better serve the needs of the ECMAC and nearby businesses, but continue to discourage all-day parking. Staff will review the current permit exceptions in the future to determine if any modifications are necessary and return to City Council as appropriate.

STRATEGIC PLAN CONSIDERATIONS

By providing time limits that better serve the needs of City programs and businesses, the proposed action will support the following El Cerrito Strategic Plan Goals:
Goal A: Develop and strengthen the relationships with public and private partners, residents, businesses and community groups.

Goal C: Promote and support entertainment, recreational, and leisure activities for people of all ages and demographics.

FINANCIAL CONSIDERATIONS
The cost for parking sign replacement is estimated to be approximately $1,000 and is included in the Public Works, Maintenance operating budget.

LEGAL CONSIDERATIONS
El Cerrito Municipal Code Section 11.40.210 requires that parking time limits be approved by City Council Resolution.

The City Attorney has reviewed the proposed action and found that legal considerations have been addressed.

Re: Support for Strong Action on Zero-emission Buses

Dear Chair Nichols and Members of the Board,

Alongside mayors from across California, I am writing to demonstrate the City of El Cerrito’s support for zero-emission buses and to encourage strong action by the Air Resources Board (ARB) to accelerate their deployment in California.

Pollution from heavy-duty vehicles, such as transit buses, is one of the largest sources of toxic air pollution in California. Studies from ARB and public health experts have linked this pollution, which includes nitrogen oxides and particulate matter, to adverse effects on almost every organ system in the body.

We have the technology to address the significant health impacts related to heavy-duty vehicle pollution. With ranges over 200 miles, zero-emission buses are well suited to meet the needs of our cities’ bus routes. And thanks to savings on fuel and maintenance expenses, the total cost of owning and operating these buses are increasingly competitive with conventional-fueled buses. In California, there are already more than a dozen manufacturing companies making batteries and bodies for battery and fuel cell electric buses and trucks. A strong regulatory signal from ARB would spur increased production and competition, and continue to lower the purchase price of zero-emission buses. Additionally, electrification helps generate high-quality jobs, skilled training opportunities, and new investments in California’s economy. Statewide training initiatives like the Electric Vehicle Infrastructure Training Program are already preparing California electricians for the shift to clean transportation technologies.

Zero-emission buses will significantly improve the air quality in cities across California. The life cycle emissions of electric transit buses are the lowest of all types of buses. Electric vehicles do not have any tailpipe emissions, which provides significant relief to the local air quality in the communities in which they are driven.

Not only can electric buses help California rise to meet our state’s public health challenges, but a swift transition to zero-emission buses will also help meet California’s goal of reducing greenhouse gas emissions to 40 percent below 1990 levels by 2030. According to the Union of Concerned Scientists, battery powered electric buses on today’s grid in California have 70 percent lower global warming emissions than diesel and natural gas buses, and hydrogen fuel cell electric buses have 50 percent lower emissions than diesel and natural gas buses.
The market and demand for electric buses is rapidly growing. There are 39 transit agencies with over 50 buses in California, and more than half of them are either operating zero-emission buses or have them on order. A growing list of agencies are planning to go 100% zero-emission, including Los Angeles, the largest fleet on the west coast.

In addition to the public health and global warming benefits, zero-emission buses can also help boost transit ridership, as they provide a better experience by operating more quietly, smoothly, and cleanly than conventional-fueled buses. Increasing transit ridership is critical to cities and counties implementing sustainable community development strategies.

We commit to advocating for zero-emission electric buses in our city, and support transitioning bus fleets to zero-emission as soon as possible. Similar to the way the state’s renewable energy policies have driven clean energy demand, a strong signal from ARB that the state is prioritizing the transition to zero-emission transit will accelerate the availability of these clean vehicles and related infrastructure.

California’s leadership on zero-emission transit buses would not be where it is today without your actions. We encourage you to continue providing vital incentives, but also to enact regulatory measures – incentives alone will not spur a shift away from fossil fuel-powered buses.

Thank you, and we look forward to working with you to ensure California remains a leader in clean technology and healthy communities.

Re: Support from mayors of California for strong action on zero-emission buses.

Dear Chair Nichols and members of the Board:

We, the undersigned mayors from across California, are writing to demonstrate our support for zero-emission buses and encourage strong action by the California Air Resources Board (CARB) to accelerate their deployment in California.

Pollution from heavy-duty vehicles, such as transit buses, is one of the largest sources of toxic air pollution in California. Studies from CARB and public health experts have linked this pollution, which includes nitrogen oxides and particulate matter, to adverse effects on almost every organ system in the body.

We have the technology to address the significant health impacts related to heavy-duty vehicle pollution. With ranges over 200 miles, zero-emission buses are well suited to meet the needs of our cities’ bus routes. And thanks to savings on fuel and maintenance expenses, the total cost of owning and operating these buses are increasingly competitive with conventional-fueled buses. In California, there are already more than a dozen manufacturing companies making batteries and bodies for battery and fuel cell electric buses and trucks. A strong regulatory signal from CARB would spur increased production and competition, and continue to lower the purchase price of zero-emission buses. Additionally, electrification helps generate high-quality jobs, skilled training opportunities, and new investments in California’s economy. Statewide training initiatives like the Electric Vehicle Infrastructure Training Program are already preparing California electricians for the shift to clean transportation technologies.

We commit to advocating for zero-emission electric buses in our respective cities, and support transitioning bus fleets in our cities to zero-emission as soon as possible. Similar to the way the state’s renewable energy policies have driven clean energy demand, a strong signal from CARB that the state is prioritizing the transition to zero-emission transit will accelerate the availability of these clean vehicles and related infrastructure.

Subject: Authorization to Enter into Compensation Agreements

ACTION REQUESTED
Staff recommends the City Council adopt a resolution authorizing the City Manager to enter into Compensation Agreements with the County of Contra Costa and its related entities and with the affected taxing entities regarding the disposition of the former El Cerrito Redevelopment Agency properties and authorizing the City Manager to take all actions necessary to implement the compensation agreements.

BACKGROUND
Pursuant to the Redevelopment Dissolution Statues, the Successor Agency to the former Redevelopment Agency and the Oversight Board approved a Long Range Property Management Plan (LRPMP), pursuant to Health and Safety Code Section 34191.5, specifying how former RDA properties would be disposed of (Resolution 2015-03, Resolution No. 2015-04 and 2015-06) which was approved by the State Department of Finance. As required by the Dissolution Statutes, the LRPMP calls for the former Agency's properties to be liquidated, transferred to the City for governmental use, or retained by the City for future disposition and eventual development by selected Developers. Under the approved LRPMP, and as allowed under Health and Safety Code Section 34191.5(c)(2), the Successor Agency transferred the future development properties to the City and the City is required by the LRPMP to enter into a Compensation Agreement with the Affected Taxing Entities for those properties. The future development properties and their status are listed in Table 1 below.

Note: The non-development properties, consisting of the Civic Center Parcel at
10930/10940 was transferred to the City for government use, and is now the home of the Midtown Activity Center and the Theater Parcel at 10066-72 San Pablo Avenue was identified in the LRPMP for liquidation and is now subject to the Purchase and Sale Agreement (Resolution 2018-40.)

**ANALYSIS**

The purpose of the Compensation Agreement is to assure that the proceeds from the disposition of the properties are shared amongst the Affected Taxing Entities in proportion to their shares of the base property tax (“Applicable Shares”) as determined by the Auditor Controller. *Exhibit C* to the proposed Compensation Agreement illustrates the applicable shares of each taxing entity that will be the beneficiary of the Compensation Agreement and the disposition of the former RDA properties.

In June 2017, the City sent a draft Compensation Agreement to the seventeen taxing entities, requesting signature or comments. The vast majority of the taxing entities signed the draft Agreement. Contra Costa County, who represents the County and County entities including the Contra Costa County Library, the Contra Costa County Flood Control and Water Conservation District, the Contra Costa County Water Agency and the County itself, requested some revision (further discussed below.) After negotiating with the County staff determined that the County’s issues regarding the compensation agreement were different from those of the other taxing entities and a separate agreement with the County entities was in the best interest of the City. Removing the County from the agreement with the other taxing entities required recirculation of the agreement with the other taxing entities.

**Basic Provisions:** The basic provision of the proposed Compensation Agreements is that the City will dispose of the properties for a purchase price that will be not less than the Property’s Fair Market Value as determined by an appraisal. (Section 5, both Agreements.) For the non-County entities, the terms allow the City to determine when it would be best for the disposition to yield a financially feasible and marketable development. For the County, additional language was added that provides for the property to be disposed of within 5 years of the Effective Date of the Agreement pursuant to a Disposition and Development Agreement or Purchase and Sale Agreement for not less than fair market value as determined by an appraisal or the negotiated purchase price for the property in an arm’s length negotiation with a willing buyer if the Property is offered for sale on the open market. Further, the proposed County Agreement adds that if the City has not disposed of all of the Properties within five years, that the City shall offer any Property not subject to a DDA or PSA for sale on the open market using reasonable and diligent efforts to market the Property expeditiously and for maximum value. (Section 5(b); County Agreement). Further, the County agreement provides that no later than 66 months after the Effective Date, if any of the Properties have not been sold, the City will pay to the County its proportionate share of the appraised 2011 value for the unsold properties in accordance with Health and Safety Code Section 34180(f)(2). The County agreement puts the City at some risk that if it is unable to sell all of the properties within five and one-half years, it will have to pay to the County a portion of the
value of the properties. However, since two of the four properties are under contracts to sell and the City expects to market the other properties, it is unlikely that the City will be required to pay the County these amounts and the County’s including County entities) Applicable Share would equal less than 14% of the proceeds of the total property tax share.

**STRATEGIC PLAN CONSIDERATIONS**
The following goals and objectives of the Strategic Plan are addressed by this agreement:

- **Goal B**: Achieve long-term financial sustainability
- **Goal C**: Deepen a sense of place and community identity
  - Develop a vision for underdeveloped and underutilized properties through advanced planning efforts that encourage investment and/or new development.

In addition, the proposed agreement also implements the following policies from the Economic Development Action Plan:

- **Goal 3 D**: Proceed with the disposition and development of former redevelopment assets
  - Negotiate purchase and sale agreements based on the development objectives of the San Pablo Avenue Specific Plan and Long Range Property Management Plan

**ENVIRONMENTAL CONSIDERATIONS**
The approval of the compensation agreement is exempt from CEQA in accordance with Section 15061(b)(3) of the CEQA Guidelines because the use of the properties subject to the compensation agreement will not change or otherwise be modified as a result of the implementation of the Compensation Agreement.

**FINANCIAL CONSIDERATIONS**
The City of El Cerrito, as one of the affected taxing entities, would receive approximately 22.23% of the proceeds from the sale of the former Redevelopment Agency properties. Entering into a Compensation Agreement is a requirement of the Dissolution Statutes and Long Range Property Management Plan and a precondition to being able to close on the sale of any former RDA Property.
LEGAL CONSIDERATIONS
The resolution has been reviewed and approved by Counsel.

RECAPITALS

A. These Recitals refer to and utilize certain capitalized terms which are defined in Section 1 of this Agreement. The Parties intend to refer to those definitions in connection with the use thereof in this Agreement.

B. Pursuant to the Dissolution Statutes and the decision in Community Redevelopment Association v. Matosantos, 53 Cal.4th 231 (2011), the Former Agency was dissolved as of February 1, 2012, and the Successor Agency became responsible for paying the enforceable obligations, disposing of the properties and other assets, and unwinding the affairs of the Former Agency.

C. Accordingly, ownership of the properties, acquired by the Former Agency to implement the Redevelopment Plan, transferred to the Successor Agency for disposition in accordance with the Dissolution Statutes.

D. The Successor Agency received a "finding of completion" under Health and Safety Code Section 34179.7, from the DOF on December 22, 2015, confirming that the Successor Agency had made specified required payments under the Dissolution Statutes, thereby entitling the Successor Agency to prepare and submit a long range property management plan to the Oversight Board and the DOF for approval.

E. The Successor Agency prepared and obtained Oversight Board approval of the Successor Agency's LRPMP on November 10, 2015, calling for the Former Agency's properties to be liquidated, transferred to the City for governmental use, or retained by the City for future disposition by the City and development by selected Developers to implement projects identified in the Redevelopment Plan pursuant to a compensation agreement to be entered into among the City and the Taxing Entities pursuant to Health and Safety Code Section 34180(f).

F. The DOF approved the LRPMP by determination letter issued on December 29, 2015.

G. Under the Successor Agency's approved LRPMP, and as allowed under Health and Safety Code Section 34191.5(c)(2), the Successor Agency transferred the Property to the City, and the City will retain the Property for future development for projects consistent with the
approved Redevelopment Plan.

H. Under the approved LRPMP, the City is required to enter into a compensation agreement with the Taxing Entities for the properties transferred to the City for future development.

I. The Parties are entering into this Agreement to comply with the terms of the LRPMP, as approved by the DOF.

As required by Government Code Section 52201, the purchase price payable to the City for all or part of the Property under the applicable DDA or PSA shall be an amount that is determined to be not less than the Property's fair market value at highest and best use or the Property's fair reuse value at the use and with the covenants and conditions and development costs authorized by the applicable DDA.

The attached Exhibit C shows, for illustrative purposes only, the Applicable Shares of the Taxing Entities that would have applied to a distribution under this Section 6 had the distribution been made on January 1, 2017, as provided by the Auditor-Controller.
(b) **Accounting Requirements.** At the time of the distribution pursuant to subsection (a), the City shall provide to the Escrow Agent, the Taxing Entities and the Auditor-Controller a statement prepared in accordance with sound accounting practice that provides the City's calculation of the Disposition Proceeds (the "Disposition Proceeds Statement"). The City shall keep complete, accurate and appropriate books and records of its calculation of the Disposition Proceeds with respect to such distribution. The Auditor-Controller shall have the right, on behalf of the Taxing Entities and upon reasonable written notice to City, to audit and examine such books, records and documents and other relevant items in the possession of City, but only to the extent necessary for a proper determination of Disposition Proceeds. Neither the Escrow Agent nor the Auditor Controller shall have any liability for any distributions may pursuant to this Agreement.

(a) **Term.** The term of this Agreement shall commence on the Effective Date and, unless sooner terminated as otherwise provided in this Agreement, shall expire upon the distribution by the Auditor-Controller of all amounts payable to the Taxing Entities under this Agreement, if any.

(b) **Early Termination.** Notwithstanding any other provision of this Agreement or the LRPMP, a Party may terminate this Agreement upon written notice to the other Parties if a court order, legislation, or DOF policy reverses the DOF's directives regarding the need for this Agreement and the payment of compensation by the City pursuant to Health and Safety Code Section 34180(f) (an "Early Termination"). Upon effectiveness of an Early Termination, no Party shall have any further rights or obligations under this Agreement, and the City may retain all proceeds from the sale of the Property.

**Section 8. Miscellaneous Provisions.**

(a) **Notices.** All notices, statements, or other communications made pursuant to this Agreement to another Party or Parties shall be in writing, and shall be sufficiently given and served upon the Party if sent by: (1) United States certified mail, return receipt requested, postage prepaid; or (2) nationally recognized overnight courier, with charges prepaid or charged to sender's account, and addressed to the applicable Party in the manner specified in the attached Exhibit B. Any Party may change its address for notice purposes by written notice to the other Parties prepared and delivered in accordance with the provisions of this Section 9(a).

(b) **No Third Party Beneficiaries.** No person or entity other than the Parties and their permitted successors and assigns, shall have any right of action under this Agreement.

This Agreement may be modified only in writing and only if approved and signed by all of the Parties.

(g) Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same agreement. The signature page of any counterpart may be detached therefrom without impairing the legal effect of the signature(s) thereon, provided such signature page is attached to any other counterpart identical thereto having additional signature pages executed by the other Parties. Any executed counterpart of this Agreement may be delivered to the other Parties by facsimile and shall be deemed as binding as if an originally signed counterpart was delivered.

(h) Non-Waiver. No waiver of a breach, failure of any condition, or any right or remedy contained in or granted by the provisions of this Agreement will be effective unless it is in writing and signed by the waiving Parties.

(i) No Partnership. Nothing contained in this Agreement shall be construed to constitute any Party as a partner, employee, joint venturer, or agent of any other Party.

(j) Ambiguities. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party does not apply in interpreting this Agreement.

(k) Exhibits. The following exhibits are incorporated in this Agreement by reference:

(l) Severability. If any term, provision, or condition of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement shall continue in full force and effect unless an essential purpose of this Agreement is defeated by such invalidity or unenforceability.

(m) Action or Approval. Whenever action and/or approval by the City is required under this Agreement, the City Manager or the City Manager's designee may act on

This Compensation Agreement, dated June ___, 2018 is entered into by and among the City of El Cerrito ("City"), the County of Contra Costa ("County"), the Contra Costa County Library ("County Library"), the Contra Costa County Flood Control and Water Conservation District ("County Flood Control"), the Contra Costa County Water Agency ("County Water Agency"), and collectively with the County, the County Library and the County Flood Control, the "County Entities"), on the basis of the following facts, understandings, and intentions of the Parties.

RECITALS

A. These Recitals refer to and utilize certain capitalized terms which are defined in Section 1 of this Agreement. The Parties intend to refer to those definitions in connection with the use thereof in this Agreement.

B. Pursuant to the Dissolution Statutes and the decision in California Redevelopment Association v. Matosantos, 53 Cal.4th 231 (2011) (the “RDA Dissolution Case”), the Former Agency was dissolved as of February 1, 2012, and the Successor Agency to the El Cerrito Redevelopment Agency ("Successor Agency") became responsible for paying the enforceable obligations, disposing of the properties and other assets, and unwinding the affairs of the Former Agency.

C. Accordingly, ownership of the properties, acquired by the Former Agency to implement the Redevelopment Plan, transferred to the Successor Agency for disposition in accordance with the Dissolution Statutes.

D. The Successor Agency received a "Finding of Completion" under Health and Safety Code Section 34179.7, from the DOF on December 22, 2015, confirming that the Successor Agency had made specified required payments under the Dissolution Statutes, thereby entitling the Successor Agency to prepare and submit a long range property management plan to the Oversight Board and the DOF for approval.

E. The Successor Agency prepared and obtained Oversight Board approval of the Successor Agency's LRPMP on November 10, 2015, calling for the Former Agency's properties to be liquidated, transferred to the City for governmental use, or retained by the City for future disposition by the City and development by selected Developers to implement projects identified in the Redevelopment Plan pursuant to a compensation agreement to be entered into among the City and the Taxing Entities pursuant to Health and Safety Code Section 34180(f).

F. The DOF approved the LRPMP by determination letter issued on December 29, 2015.

G. Under the Successor Agency's approved LRPMP, and as allowed under Health and Safety Code Section 34191.5(c)(2), the Successor Agency transferred the Properties to the City, and the City will retain the Properties for future development for projects consistent with the approved Redevelopment Plan.
H. Under the approved LRPMP and pursuant to Health and Safety Code Section 34180(f), the City is required to enter into a compensation agreement with the Taxing Entities for the properties transferred to the City for future development. The City has entered into a compensation agreement with the Taxing Entities other than the County Entities.

I. The Parties are entering into this Agreement to comply with the terms of the LRPMP, as approved by the DOF and the Dissolution Statutes.

NOW, THEREFORE, for and consideration of the foregoing recitals which are hereby incorporated into this Agreement by this reference, and for other good and valuable consideration, the receipt and sufficiency of which consideration is hereby acknowledged, the Parties hereby agree as follows:

(1) County Library
Section 4. **Conveyance of Properties to City.**

Section 5. **Disposition of Property by City.**

(a) Within five (5) years after the Effective Date of this Agreement, the City shall dispose of the Properties in accordance with the terms and provisions of a DDA or PSA in order to obtain the Disposition Proceeds for distribution through the Auditor-Controller to the Taxing Entities pursuant to Section 6 and to enable development of the Properties in accordance with the Redevelopment Plan and LRPMP. As required by Government Code Section 52201, the purchase price payable to the City for all or part of each Property under the applicable DDA or PSA shall be an amount that is determined to be not less than the Property's fair market value at highest and best use. For purposes of this Agreement, a Property's fair market value shall either be the value as determined by an appraisal obtained by the City or the negotiated purchase price for the Property in an arm's length negotiation with a willing buyer if the Property is offered for sale on the open market. The City shall transmit a copy of the executed DDA or PSA to the County including any DDAs or PSA entered into prior to the date of this Agreement.

(b) If the City has not disposed of all of the Properties within five (5) years after the Effective Date of this Agreement, the City shall offer any Property not subject to a DDA or PSA for sale on the open market using reasonable and diligent efforts to market the Property with the goal of selling the Property expeditiously and for maximum value, provided however, the purchase price for any property sold pursuant to this subsection shall not be less than the amount established by Health and Safety Code §34180(f)(2).

(c) Notwithstanding anything set forth above, no later than sixty-six (66) months after the Effective Date of this Agreement, if any of the Properties have not been sold, the City shall pay to the County an amount equal to the amount determined pursuant to Health and Safety Code Section 34180(f)(2) for each unsold Property multiplied by the Applicable Shares for the County Entities. Upon payment of such amounts, the County shall immediately record a fully executed Release of Notice of Compensation Agreement Related to Real Property in the form attached hereto as Exhibit E and the County shall have no further rights to any
Disposition Proceeds related to the Properties.

Section 6. Compensation To Taxing Entities Related To Disposition Proceeds.

(a) Distribution of Disposition Proceeds. At the Close of Escrow for each Property, the City shall remit any Temporary Rental Income received by the City (if any) and the Escrow Agent shall transmit the Disposition Proceeds for that Property to the Auditor-Controller for subsequent distribution by the Auditor-Controller among the Taxing Entities in proportion to their shares of the base property tax (the "Applicable Shares"), as determined by the Auditor-Controller pursuant to Health and Safety Code Section 34188. The attached Exhibit C shows, for illustrative purposes only, the Applicable Shares of the Taxing Entities that would have applied to a distribution under this Section 6 had the distribution been made on January 1, 2017, as provided by the Auditor-Controller. In the event that the City is paying the amounts set forth in Section 5(c) above to the County Entities, the City shall make the required payment directly to the County Entities and the County shall be responsible for distributing the payment appropriately to the County Entities in accordance with each County Entity's Applicable Share.

(b) Accounting Requirements. At the time of any distribution pursuant to subsection (a), the City shall provide to the Escrow Agent, the Taxing Entities and the Auditor-Controller a statement prepared in accordance with generally accepted accounting principles and governmental accounting standards, which provides the City's calculation of the Disposition Proceeds (the "Disposition Proceeds Statement"). The City shall keep complete, accurate and appropriate books and records of its calculation of the Disposition Proceeds with respect to such distribution. The Auditor-Controller shall have the right, on behalf of the Taxing Entities and upon reasonable written notice to the City, to audit and examine such books, records and documents and other relevant items in the possession of City, but only to the extent necessary for a proper determination of Disposition Proceeds. Neither the Escrow Agent nor the Auditor Controller shall have any liability for any distributions made pursuant to this Agreement.

Section 7. Term of Agreement; Early Termination.

(a) Term. The term of this Agreement shall commence on the Effective Date and, unless sooner terminated as otherwise provided in this Agreement, shall expire upon the disposition of all of the Properties and distribution by the Auditor-Controller of all amounts payable to the County Entities under this Agreement, if any or payment to the County of the amounts set forth in Section 5(c).

(b) Early Termination. Notwithstanding any other provision of this Agreement or the LRPMP, a Party may terminate this Agreement upon written notice to the other Parties if a court order, legislation, or DOF policy reverses the DOF's directives regarding the need for this Agreement and the payment of compensation by the City pursuant to Health and Safety Code Section 34180(f) (an "Early Termination"). Subject to the satisfaction of such condition, an Early Termination shall become effective five (5) days after the terminating Party delivers the required notice to the other Parties in accordance with Section 8(a). Upon effectiveness of an Early Termination, no Party shall have any further rights or obligations under this Agreement, and the City may retain all proceeds from the sale of the Property.

(a) Notices. All notices, statements, or other communications made pursuant to this Agreement to another Party or Parties shall be in writing, and shall be sufficiently given and served upon the Party if sent by: (1) United States certified mail, return receipt requested, postage prepaid; or (2) nationally recognized overnight courier, with charges prepaid or charged to sender's account, and addressed to the applicable Party in the manner specified in the attached Exhibit B. Any Party may change its address for notice purposes by written notice to the other Parties prepared and delivered in accordance with the provisions of this Section 8(a).

(b) No Third Party Beneficiaries. No person or entity other than the Parties and their permitted successors and assigns, shall have any right of action under this Agreement.

(c) Litigation Regarding Agreement. In the event litigation is initiated attacking the validity of this Agreement, each Party shall in good faith defend and seek to uphold the Agreement.

(d) State Law; Venue. This Agreement, and the rights and obligations of the Parties hereto, shall be construed and enforced in accordance with the laws of the State of California. Any action to enforce or interpret this Agreement shall be filed and heard in the Superior Court of Contra Costa County, California or in the Federal District Court for the Northern District of California.

(e) Attorneys' Fees. In any action which a Party brings to enforce its rights hereunder, the unsuccessful Party or Parties shall pay the prevailing party’s reasonable attorneys' fees.

(f) Entire Agreement; Amendment. This Agreement constitutes the entire and integrated agreement of the Parties and supersedes all prior negotiations, representations, or agreements, either written or oral, relating to the subject matter of this Agreement. This Agreement may be modified only in writing and only if approved and signed by all of the Parties.

(g) Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same agreement. The signature page of any counterpart may be detached therefrom without impairing the legal effect of the signature(s) thereon, provided such signature page is attached to any other counterpart identical thereto having additional signature pages executed by the other Parties. Any executed counterpart of this Agreement may be delivered to the other Parties by facsimile and shall be deemed as binding as if an originally signed counterpart was delivered.

(h) Non-Waiver. No waiver of a breach, failure of any condition, or any right or remedy contained in or granted by the provisions of this Agreement will be effective unless it is in writing and signed by the waiving Parties.

(i) No Partnership. Nothing contained in this Agreement shall be construed to constitute any Party as a partner, employee, joint venturer, or agent of any other Party.

(j) Ambiguities. Any rule of construction to the effect that ambiguities are to be resolved against the drafting party does not apply in interpreting this Agreement.
(k) **Exhibits.** The following exhibits are incorporated in this Agreement by reference:

- **Exhibit A:** Properties Legal Descriptions
- **Exhibit B:** List of Addresses for Notice Purposes
- **Exhibit C:** Illustrative Taxing Entities Applicable Shares of Property Taxes
- **Exhibit D:** Notice of Compensation Agreement
- **Exhibit E:** Release of Notice of Compensation Agreement

(l) **Severability.** If any term, provision, or condition of this Agreement is held by a court of competent jurisdiction to be invalid or unenforceable, the remainder of this Agreement shall continue in full force and effect unless an essential purpose of this Agreement is defeated by such invalidity or unenforceability.

(m) **Action or Approval.** Whenever action and/or approval by the City is required under this Agreement, the City Manager or the City Manager's designee may act on and/or approve such matter unless specifically provided otherwise, or unless the City Manager determines in the City Manager's discretion that such action or approval requires referral to the City Council for consideration.

Section 9. **Recordation.** A notice of this Agreement substantially in the form attached as Exhibit D shall be recorded with the Contra Costa County Clerk-Recorder against all properties identified in Exhibit A. Upon remittance of the Disposition Proceeds or the amounts set forth in Section 5(c) for a particular Property to the County Auditor-Controller, the County shall sign a Release of the Notice of the Compensation Agreement substantially in the form attached as Exhibit E releasing the Notice of the Compensation Agreement from the Property.

Subject: Study Session: *El Cerrito 2017 Affordable Housing Strategy*, Pillar B: Reduce the Risk of Displacement and Help Stabilize At-Risk Populations

**ACTION REQUESTED**

Receive a presentation regarding tenant protection tools, discuss policy and program options and provide staff direction and input towards development of additional affordable housing policies and programs.

**BACKGROUND**

In August 2017, the *El Cerrito Affordable Housing Strategy* (*Strategy*) was adopted by City Council (Resolution 2017-61). The *Strategy* (available at [www.el-cerrito.org/affordablehousing](http://www.el-cerrito.org/affordablehousing)) was developed based upon an evaluation of the City’s existing affordable housing programs and resources and it aimed to proactively identify programs and policies that could be advanced in the near- and medium-term to meet the City’s housing goals, as articulated in the City’s 2015 Housing Element and *San Pablo Avenue Specific Plan*. The goals of the *Strategy* set the framework over the next five years to ensure that the City advances policies and programs to produce, protect and preserve housing at all income levels.

The *Strategy* identified the following four policy pillars to guide the City’s affordable housing efforts:

A. Leverage Private Development to Address Affordable Housing Needs
B. Reduce the Risk of Displacement and Help Stabilize At-Risk Populations
C. Encourage Development of Missing Middle Housing Types
D. Increase Local Funding to Continue Support of Low Income and Special Needs Housing Development

Since adoption of the *Strategy*, the City has adopted an Inclusionary Zoning Ordinance (Resolution 2018-02) which became effective June 14, 2018. The Inclusionary Zoning policy supports *Pillar A* by requiring all new market-rate development\(^1\) to set aside

\(^1\) Projects subject to the Ordinance are those who did not already have complete applications by the Ordinance’s effective date.
between 10% - 12% of its units for low to moderate-income households or the option of paying an in-lieu fee to the City’s Affordable Housing Trust Fund.²

Since adoption of the Strategy also, Metro 510 has opened with 6 low-income and 13 moderate-income Below Market Rate units and Hana Gardens is scheduled to open this fall with 63 extremely-low and very-low income Below Market Rate senior residential units.

The Strategy’s Implementation Plan also identified strategies within Pillar B, Reduce the Risk of Displacement and Help Stabilize At-Risk Populations to be advanced in the immediate and near term.

Among Pillar B’s “immediate” term strategies (e.g. those to be advanced within the year) included: Strategy 4-2: Consider enacting an ordinance to regulate the demolition of existing housing units, including requiring tenant relocation assistance and Strategy 6-1: Continue to study potential tenant protection options and evaluate the success of existing programs in peer cities.

Tonight’s Study Session aims to advance these strategies. In preparation for this study session, staff conducted various interviews with other cities, affordable housing non-profit and advocacy organizations the California Apartment Association, property owners and tenants. Staff also logs calls received from the public regarding rent increases and will continue to seek to develop local data regarding how the regional housing crisis is impacting El Cerrito residents.

Based is a list of the tenant protection toolbox that will be discussed this evening:

- Rent Stabilization
- Tenant/Landlord Mediation: Binding and Non-Binding Mediation Programs
- Enhanced Lease Terms
- Extended Noticing Requirements
- Just Cause Eviction and Harassment Protections
- Tenant Relocation Assistance triggered by residential demolition projects

**FINANCIAL CONSIDERATIONS**

There are no immediate financial considerations or costs associated with tonight’s study session. Implementation of the any of the strategies would require expenditure and is a topic of the study session. Each program could entail a range of costs and the annual

² In-lieu fees are earmarked for future affordable housing development opportunities.
operating budget and staff time for selected programs would be presented as they move forward.

**NEXT STEPS**
Provide staff direction with next steps, timelines and identify potential program(s) for implementation.

**BACKGROUND: RENTAL MARKET TRENDS IN EL CERRITO, AVERAGE ASKING RENTS**

ISSUES AND CHALLENGES

- Affordability
- Predictability
- Stability
- Inventory
- Displacement
- Eviction
- Income Diversity
**EXISTING STATE LAW**

**The Costa-Hawkins Rental Housing Act:**
- Limits local jurisdictions' ability to impose rent stabilization ordinances.
- Vacancy Decontrol allows landlord to set new rent for next tenant.
- Rent stabilization measures may not apply to single-family homes, condos or any property built before February 1, 1995.

**CA Civil Code Section 1946.1 - Termination of Tenancy**
- Termination of tenancy requires a 60-day notice or
- 30-day notice for less than one year

**CA Civil Code Section 827b - Rent Increase Notice**
- 30-days if less than 10%
- 60-days if greater than 10%
EXISTING STATE LAW

**CA Civil Code Section 1942.5 – Retaliatory Eviction**

It is illegal for a landlord to retaliate against a tenant for lawfully and peaceably exercising his or her rights.

**CA Government Code Chapter 12.75 - Ellis Act**

Withdrawal of units from rental market.
PENDING STATE LEGISLATION

- Costa-Hawkins Rental Housing Act currently allows local governments to adopt only a narrow range of rent control measures
  - Three primary restrictions are currently:
    1. Rent control laws can restrict only apartments that were constructed before February 1995
    2. Local ordinances must permit “vacancy decontrol” which allows landlords to raise rents to market levels once a tenant has moved out and a new tenant moves in
    3. Rents on single family homes and condominiums cannot be restricted

- Proposition 10: Repeal of Costa-Hawkins on November 2018 ballot
  - Local governments would have rights to restrict units constructed after 1995
  - May restrict single family homes, condominiums and accessory dwelling units (ADU)

Anti-Price Gouging, CA Penal Code 396

Generally applies 30 days after declaration of emergency and applies for 180 days
