Action: Application accepted and grant approved in the amount of $2,500.
6. RECOGNITION OF CITY COUNCIL MEMBERS LEAVING OFFICE

Councilmember Cheng stated that her husband Wiley Osborne was a rock of support throughout her term in office and also thanked her family for their support. Councilmember Cheng reflected on her history and path to the City Council and noted the incredible leadership of City Manager Hanin. Councilmember Cheng stated that it has been her privilege to live and serve in El Cerrito and to be a part of the leadership group in El Cerrito. The level of cooperation, congeniality, and respect shared among the City Councilmembers is rare in the region. Councilmember Cheng stated that she was lucky to experience such harmony among past and current council members. El Cerrito is beginning to be recognized throughout the county as the little city that gets things done. Everyone from the street maintenance crew to the childcare workers, public safety, the community, and community leaders do an amazing job. It has been an amazing gift to experience this first hand. Councilmember Cheng stated that she has more hope in humanity because of what everyone does and contributes despite witnessing the dissolution of redevelopment. There has been incredible change in the past four years including the beautiful new streets, a new hometown brewery and a great theater. El Cerrito’s heritage and collective identity is full of leaders who are also humble and contribute without any expectations of gratitude and this is what gets things done. Councilmember Cheng concluded by thanking the public for the opportunity to serve on the City Council, expressed her appreciation for the opportunity to meet so many people and said she is looking forward to being a part of the community again. She extolled the many benefits and resources of the city and expressed her pride in being an El Cerritan.

Mayor Jones acknowledged family members present including his wife of thirty eight years, Gail, his son Christopher and daughter Haley who is expecting her first child in June and her husband James and Mayor Jones sister Nancy, and her husband Brian. Mayor Jones stated that he had formerly worked for local cities and hesitated before he ran for office. He realized, as an elected official, that he would be representing his family as well as himself. Mayor Jones also thanked his wife Gail for her support over the past eight years and also thanked his kids. He expressed appreciation for the opportunity to work together with the Council, Commissions, staff and the community toward what the residents want. Mayor Jones also thanked City Manager Hanin for shaping and encouraging an environment of service, expertise, hard work and transparency in operations at all levels of the organization. When things are not on track employees have the desire, ability and creativity to correct and improve situations and go forward in a positive and productive manner. Mayor Jones expressed sincere appreciation for all the men and women who work for the residents of the City and stated that city employees take pride in providing services to the residents of El Cerrito and also thanked Mary Dodge, Administrative Services Director and Jerry Bradshaw, Public Works Director, for all of their years of service to the City.

Mayor Jones noted that it has been a pleasure to serve with the current City Councilmembers as well as past members Sandi Potter, Letitia Moore and past and new Councilmember Jan Bridges. Mayor Jones thanked the current Council leadership and noted that Councilmember Abelson is most appreciated for her work on regional boards and helping to secure grants. Mayor Pro Tem Lyman is greatly appreciated for his attention to detail which has served El Cerrito well, particularly on the Integrated Waste Management Authority Board and the Sports Field Joint Powers Authority. Councilmember Cheng taught him about sustainability and transportation and Councilmember Benassini is admired for her critical analysis of the city’s issues and for her continuing interest in education.

Mayor Jones emphasized the necessity of trust – and how the promotion of trust is in the best interests of the city. He never doubted the sincerity of the Council or any of the Councilmembers.
he has worked with. Mayor Jones shared the following quote from the ancient Greek statesman, Pericles, “What you leave behind is not engraved on stone monuments but what is woven into the lives of others” and thanked the residents of El Cerrito for the opportunity to serve. He noted the faith, support and trust of the City’s forward thinking resident base and called attention to the residents’ consistent support of issues that serve the community well such as the streets and operations sales tax, building quality schools, and support for civic projects such as the community center, swim center, recycling center, and new City Hall. He is always proud to tell people about El Cerrito and even prouder when people take the opportunity to come up and tell him about the city. Mayor Jones stated that for him, serving on the City Council is the pinnacle of public service. He has enjoyed every minute of working for a special community the past eight years and thanked the community for making it possible. Mayor Jones also thanked the City Clerk for her service.

Mayor Pro Tem Lyman stated that it has been a pleasure to serve with Councilmember Cheng and noted that he is looking forward to seeing Councilmember Cheng involved in the community. Mayor Pro Tem Lyman also expressed appreciation for Mayor Jones, particularly his interest and passion in serving the community, his preparation and professionalism, his patience in working through items, his leadership during the state’s dissolution of redevelopment and also his sense of justice.

Councilmember Benassini thanked Mayor Jones and Councilmember Cheng and expressed appreciation for their passion and enthusiasm on the City Council. Councilmember Benassini said she has loved coming to meetings and hearing the Council’s positions on different items and acknowledged how much has been accomplished. Councilmember Benassini thanked Councilmember Cheng for inspiring her to participate not only in Bike to Work Day but also to purchase and ride a bicycle to work. Councilmember Benassini stated that she looks forward to seeing Councilmember Cheng working out in the community and also thanked Mayor Jones for his ability to listen and for being an example of how to act on the Council.

Councilmember Abelson stated that she has really enjoyed working with individual Councilmembers and as a team. She will miss Mayor Jones and Councilmember Cheng on the Council and noted that she will always consider them as family. Councilmember Abelson expressed appreciation for Councilmember Cheng’s enthusiasm and willingness to try new things, say yes and stick with it and also stated that she appreciates her friendship with Mayor Jones. It has been a pleasure to work with each councilmember and experience the respect that the Council shares for each other. Councilmember Abelson looks forward to seeing Mayor Jones and Councilmember Cheng out in the community and at city events and knows that both will continue as good citizens of the City.

7. BRIEF RECESS

8. SWARING IN AND SEATING OF NEWLY ELECTED OFFICIALS

Administration of the Oath of Office and Presentation of Certificate of Election:

Mark Friedman, elected to the City Council to a term ending 2016. Mr. Friedman previously served on the El Cerrito City Council April 1997– December 2004.

Greg Lyman, re-elected to the City Council to a term ending 2016. Mayor Pro Tem Lyman’s first term on the City Council was 2008 – 2012.

Jan Bridges, will be sworn in prior to the December 18, 2012 City Council meeting. Ms. Bridges previously served on the City Council 2004 – 2008.

Action: City Clerk Morse administered the Oath of Office to Councilmember Friedman and Mayor Pro Tem Lyman and presented each with a Certificate of Election.
9. POLICY MATTERS

City Council Reorganization

Election of City Council Officers.

Mayor Pro Tem Lyman called for the reorganization of the City Council.

City Clerk Morse declared the Offices of Mayor and Mayor Pro Tempore vacant and called for nominations for the office of Mayor.

Councilmember Benassini nominated Mayor Pro Tem Lyman to the office of Mayor.

Moved, seconded (Abelson/Friedman) and carried unanimously to close nominations and select Mayor Pro Tem Lyman as Mayor of the City of El Cerrito.

Mayor Lyman called for nominations for office of Mayor Pro Tem.

Councilmember Friedman nominated Councilmember Abelson to the office of Mayor Pro Tem.

Moved, seconded (Friedman/Benassini) and carried unanimously to close nominations and select Councilmember Abelson as Mayor Pro Tem.

Mayor Pro Tem Abelson stated that this new Council, just like the prior City Council, will be great to work with and that she looks forward to facing the challenges ahead in a way that is effective for the residents of El Cerrito. Mayor Pro Tem Abelson also thanked the Council for their support and congratulated Mayor Lyman.

Mayor Lyman stated that he is humble, grateful and optimistic. He is grateful for the foundation and support that his parents, Virginia and Sandy, gave him as well as the support of his wife Mary, his daughter Hannah, his friends and the voters of El Cerrito who re-elected him. Mayor Lyman explained that like any public project, it took him a lot of time and a lot of support to get to the place of where he is this evening. He thanked everyone who has helped him along the way. Mayor Lyman stated he is humbled that the voters re-elected him and extended their trust in him. With four years of service behind him he realizes now, how much prior City Councils contributed to the foundation of the Council’s recent successes such as new street paving, San Pablo Avenue streetscape and rebuilding of the Recycling Center. Mayor Lyman said he realizes this coming year and every year is a new foundation for future Council successes. City Councilmembers are temporary stewards of the public’s trust and the public expects the Council to keep the city’s services and businesses moving. He acknowledged his gratitude for the voters who trust him and elected him to office.

Mayor Lyman said that he accepts the assignment of Mayor with humility and noted his responsibility for transparent, efficient, professional and civil discourse of both the Council and the public at Council meetings. Mayor Lyman also stated that he is optimistic that this coming year will set the foundation for the Council to finish the City’s Strategic Plan, see the San Pablo Avenue art icons installed, adopt the San Pablo Avenue Specific Plan and attract new businesses to El Cerrito. He hopes to see the beginning of the General Plan update this year and solidify support for upgrading the City’s major city infrastructure including the library, senior center and public safety buildings. He is optimistic that city revenues will stabilize and that the City Council will adopt a balanced budget and be in a position to support these long awaited initiatives.
Councilmember Friedman thanked the voters for electing himself and Councilmember Bridges and for re-electing Mayor Lyman. Councilmember Friedman said that when he was considering running for office he had a lot of great memories from his prior service on the City Council and some other memories that were not quite as pleasant. Everyone told him that the Council is great and that staff is also great and that the City is entering a period where people are getting along and working together on behalf of all the residents in a really positive and wonderful way. Councilmember Friedman stated that this was also his observation and noted that this is why he is able to serve with his colleagues. Councilmember Friedman thanked his campaign treasurer Scott Lyons and his wife Carolyn Said and also stated that it is really an honor to serve on the City Council and that he knows there are a number of priorities that are really important. He hopes to offer his skills and talents to meld with the wonderful team that is already in place and also reflected on the contrast between meetings held in the old community center versus the beautiful new city hall that exists today. Councilmember Friedman concluded by saying he is happy to be serving the public again.

10. **ADJOURNED CITY COUNCIL MEETING** at 8:19 p.m.
AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF EL CERRITO AMENDING EL CERRITO MUNICIPAL CODE SECTION 2.04.300 – FINANCIAL ADVISORY BOARD

WHEREAS, the Financial Advisory Board was established by Ordinance 2000-3 and codified as El Cerrito Municipal Code 2.04.300 for the purpose of providing citizen input on financial matters related to the City; and

WHEREAS, Ordinance 2007-2 was adopted to revise El Cerrito Municipal Code Section 2.04.300 relating to the appointment of FAB members; and

WHEREAS, Ordinance 2010-1 amended El Cerrito Municipal Code Section 2.04.300 to further clarify the duties and responsibilities of the Financial Advisory Board; and

WHEREAS, the Financial Advisory Board recently reviewed El Cerrito Municipal Code Section 2.04.300 and recommends deleting references to the Redevelopment Agency due to the dissolution of the Redevelopment Agency by the State of California and also recommends further amendment of the El Cerrito Municipal Code to further refine and clarify the Financial Advisory Board’s duties and responsibilities, including an annual review of City Council compensation.

NOW THEREFORE, the City Council of the City of El Cerrito does hereby ordain as follows:

SECTION 1: Chapter 2.04.300 of the El Cerrito Municipal Code is hereby amended with the following additions and deletions to read as follows (additions in underline; deletions in strikethrough):

2.04.300 Financial Advisory Board.

A. There shall be a financial advisory board consisting of five members who reside in the city and have demonstrated expertise in financial management, accounting, fiscal analysis, computer applications, economic analysis or related skills. The financial advisory board shall have the powers and duties stated below, and such other duties as the council shall decide:

1. To conduct a review and make recommendations on the proposed annual budget and long-term financial plan for the city and the redevelopment agency, all component units each year to assist the city council and redevelopment agency in making decisions on major expenditures and revenue sources, and to include a review of the City Council compensation consistent with county-wide recommendations included in Contra Costa Grand Jury Report No. 1104;

2. To monitor the city and redevelopment agency expenditure and revenue patterns and recommend adjustments to the long-term financial plans as necessary;

3. To conduct an annual review of the city’s Comprehensive Financial Policy and city’s investment policies and make recommendations regarding the managing of the city’s financial reserves to assure maximum returns on approved investments;
4. When requested by the city council, redevelopment agency board, or staff to evaluate proposals, programs and contracts for both long- and short-term financial consequences, assess alternatives and make appropriate recommendations;

5. To review the annual audit and management letter and provide the city council and the redevelopment agency with recommended changes in financial practices;

6. To review and make recommendations on all proposed bonds, or other debt instruments or long term obligations to be issued, or assumed by the city or the redevelopment agency; and

7. To review the form and format of budget documents, agenda bills and other recurring financial reports prepared by the city and issue recommendations to the city council and the city manager regarding how the form and format of these documents may be modified to allow for greater clarity in the manner financial information is reported.

SECTION 2

This ordinance shall take effect and be enforced thirty (30) days after the date of its adoption, and prior to the expiration of fifteen (15) days from the passage thereof, the ordinance or a summary thereof shall be posted or published as may be required by law, and thereafter the same shall be in full force and effect.

Subject: Ordinance Amending Chapter 8.12 of the El Cerrito Municipal Code

**ACTION REQUESTED**

**BACKGROUND & ANALYSIS**
The Council adopted first reading of an ordinance amending ECMC Chapter 8.12 on November 20, 2012. During that meeting, staff was asked to seek input from the Environmental Quality Committee (EQC) regarding the draft Rules of Conduct and draft Salvage Permit Application form in order to ensure that the Recycling and Environmental Resource Center (Center) patrons utilizing the site as intended feel welcome and retain the ability to participate in recycling, reuse, reduction, and salvage activities at the Center. Staff gathered input from the EQC on December 11, 2012 and will utilize that input in finalizing the draft Rules and Application form and in ongoing enforcement.

Changes to the language of the Ordinance suggested by the Council have been incorporated into the draft Ordinance included with this second reading, and the draft Salvage Application form has been edited to demonstrate that permission for legitimate salvage will be granted or denied at the time the application is received. The form may be changed over time to assure effectiveness while maintaining the goal of providing customer-friendly access to the Center and compliance with the Ordinance.

**FINANCIAL CONSIDERATIONS**
There is no direct financial impact of amending the El Cerrito Municipal Code as proposed. If the City Council amends the code and the City Manager directs staff to finalize the Rules and post signs, the costs of producing the signs will be incurred within the Integrated Waste Management Fund budget. There may be a need for a small mid-year adjustment to that budget to account for printing the additional signs.

**LEGAL CONSIDERATIONS**
The City Attorney has reviewed this code amendment and found that legal considerations have been addressed.

ORDINANCE NO. 2012–04

AN ORDINANCE OF THE CITY OF EL CERRITO AMENDING EL CERRITO MUNICIPAL CODE CHAPTER 8.12 – COLLECTION AND DISPOSAL OF WASTE STREAM

The City Council of the City of El Cerrito does hereby ordain as follows:

SECTION I. Chapter 8.12 is hereby amended with the following additions and deletions to read as follows (additions in underline; deletions in strikethrough):

As used in this chapter:

A. "Compost" means the product resulting from the managed and controlled biological decomposition of organic material, which is separated for this purpose from the solid waste stream.

B. "Compostable material" means those organic materials of the solid waste stream, which can, through controlled biological decomposition, produce a useable compost product. Compostable materials include but are not limited to food and food scraps, food scrap soiled paper, green waste plant debris, untreated wood, and other items as determined by the city. Compostable materials do not include human or animal waste or fluids or any items that have been in contact with human or animal waste or fluids.

C. "Contractors" means such persons, firms or corporations holding a contract with the city for the collection and disposal of garbage, recyclable materials or green waste.

D. "Garbage" means those elements of the solid waste stream other than hazardous waste, universal waste, or those materials which have been separated, set aside, handled, packaged or offered for collection separately from other discards for the purpose of recycling, reuse or composting.

E. "Hazardous waste" means discarded material or solid waste which exhibits one or more of the following characteristics: (1) ignitability, (2) corrosivity, (3) reactivity, or (4) toxicity, and because of its quantity, concentration, physical, chemical or infectious property may cause a substantial present or potential hazard to human health or the environment. Hazardous waste and low-level radioactive waste are regulated under Chapter 7.5 (commencing with Section 25800) of Division 20 of the State Health and Safety Code and Title 22, Chapter 11 of the State Code of Regulations.
F. "Health officer," unless otherwise described, means the city manager or his or her designee.

G. "Recyclable materials" means those discarded materials which, when separated from other discarded materials and properly processed, can be turned into useful products through reprocessing or remanufacturing. Recyclable materials include, but are not limited to, glass, metals, plastic and paper, and other items as determined by the city.

H. "Recycle-recycling" means the process of collecting, sorting, cleansing, treating and reconstituting materials that would otherwise be discarded as garbage, and returning them as raw material for new, reused or reconstituted products which meet the quality standards necessary for use in the marketplace.

I. "Reuse" occurs when an item of the solid waste stream is reused in its manufactured form without reprocessing. Reusable materials include but are not limited to clothing, indoor and outdoor furnishings, clean fill dirt, architectural detailing, art and art supplies, books and antiques.

J. "Restricted drop-off items" means those items collected at the El Cerrito Recycling and Environmental Resource Center that, for reasons of safety, health, security, and/or cost-efficiency, are locked, secured, or otherwise made inaccessible to the public without the assistance of city staff. The proper procedure for dropping off restricted items at the Center shall be posted at each restricted drop-off area, and shall instruct patrons how to get staff assistance with those items.

K. “Salvage” means the act of accessing and taking those materials from the El Cerrito Recycling and Environmental Resource Center that can be reused or repurposed by individuals while providing equal or greater community and environmental benefits than would be realized if those items were recycled by the city. Salvage also means to access and take such materials.

L. “Salvage permit” means a granted exemption to Section 8.12.140B of this code. Salvage permits are subject to the provisions in Section 8.12.140C.

M. "Special waste" means materials, whether classified as hazardous or nonhazardous, identified in the solid waste stream, that present a hazard to human health or the environment if not properly handled, or waste that requires unique handling or disposal methods because of its physical characteristics. Special wastes include, but are not limited to, tires, asbestos, grease trap pumpings, incinerator ash, medical waste, sewage sludge, street sweepings, catch basin debris and tires. Medical waste is regulated pursuant to the Medical Waste Management Act, Chapter 6.1 (commencing with Section 25015) of Division 20 of the State Health and Safety Code.
K. N. "Sharps" means any potential biohazard device having acute rigid corners, edges, or protuberances capable of cutting or piercing, such as hypodermic needles, hypodermic needles with syringes, lancets, blades, needles with attached tubing, syringes contaminated with biohazardous waste, acupuncture needles, root canal files, broken glass items such as Pasteur pipettes and blood vials contaminated with biohazardous waste, and any item capable of cutting or piercing that is contaminated with biohazardous waste, and any item capable of cutting or piercing that is contaminated with trauma scene waste. "Sharps" does not mean household disposable razors, box cutting knives, craft tools, or household glass.

L. O. "Pharmaceuticals and personal care products (PPCPs)" means chemical substances, including prescription and over-the-counter therapeutic drugs, fragrances, cosmetics, sunscreen agents, diagnostic agents, nutraceuticals, and biopharmaceuticals.

M. P. "Universal wastes" are hazardous wastes, including but are not limited to electronic devices, fluorescent lamps, cathode ray tubes, instruments that contain mercury, batteries, and many other items, as determined by the California Department of Toxic Substance Control pursuant to the California Code of Regulations (Title 22 Universal Waste Rule).

8.12.040 – Unlawful disposal.

A. It is unlawful for any person to throw, place, or bury any solid waste or other discarded materials anywhere in the city other than in an authorized container or public receptacle.

B. It is illegal to place sharps in solid waste collection containers including recycling, garbage and green waste containers. All sharps must be taken to an appropriate medical waste disposal facility, the El Cerrito Recycling and Environmental Resource Center, or the household hazardous waste facility, if they are accepted there.

C. PPCPs shall not be placed in solid waste containers and must be taken to a household hazardous waste facility or the El Cerrito Recycling and Environmental Resource Center for appropriate disposal. A list of such products shall be available from the household hazardous waste facility for residents.

D. The state of California has deemed it illegal to dispose of universal wastes in landfills. Universal wastes must be properly disposed or recycled pursuant to state law. Most Universal wastes are accepted daily at the El Cerrito Recycling and Environmental Resource Center.
E. Special wastes must be handled and disposed of or recycled in a manner that protects human health and the environment and in accordance with all applicable regulations.

F. It is unlawful for any person to place or dispose of items at the El Cerrito Recycling and Environmental Resource Center that are not accepted at that facility. Unlawful disposal includes, but is not limited to: placing garbage, compostable material, certain Hazardous wastes, Special wastes, and other items not listed as accepted anywhere in the facility; placing any acceptable items in the incorrect containers; and placing Restricted drop-off items anywhere in the facility without gaining appropriate access for Restricted items.

8.12.140 – Illegal collection of material.

A. It is unlawful for any person other than the contractors selected pursuant to Section 8.12.110 to scavenge take materials left on city curbs for collection.

B. Except for materials designated by the El Cerrito Recycling and Environmental Resource Center staff as being available for salvage, it is unlawful for any person, other than authorized employees of the city (on city business) or the contractors selected pursuant to Section 8.12.110, to remove recyclable material from the city recycling center any container, patron, contractor, employee, vehicle or area at El Cerrito Recycling and Environmental Resource Center or from public bins designated for the collection of such.

C. Any violation of this section is a nuisance per se punishable by fine or imprisonment as specified in Chapter 1.08 of this code.

8.12.150 – Salvage and application for salvage permit.

A. The city manager or his or her designee may grant an exemption to Section 8.12.140B to individuals removing certain items collected at the El Cerrito Recycling and Environmental Resource Center for legitimate salvage. Certain categories of items, as designated and specially marked by city staff, may be designated for ongoing salvage and/or reuse available to all patrons without a salvage permit.

Salvage of all other categories of materials that are not designated by city staff for ongoing salvage and/or reuse shall require an exemption via a salvage permit application by the individual seeking permission to salvage the materials. Such salvage permit application is subject to the following qualifications:

1. Applicant must demonstrate that the salvaged materials will be legitimately reused or repurposed through, for example: use as-is; repair...
and use; use in an art, school, or other project; use as parts; use in collections (e.g. stamps); or other personal uses.

2. Applicant must sign a statement, under penalty of perjury, that no materials taken for salvage will be sold as recyclable materials.

3. Applicant will be subject to any limits on the quantity of salvaged material that may be taken, as determined by the city manager or his or her designee. The city manager or his or her designee may require that applicants salvaging materials above certain limits purchase those materials at fair market value from the city. Applicant must sign a statement, under penalty of perjury, that the applicant will abide by all salvage limits.

4. Applicant must demonstrate that any salvage proposed by applicant does not constitute a nuisance as specified in Chapter 8.34 of the El Cerrito Municipal Code and is not in violation of any other El Cerrito Municipal Code provisions.

5. The mere payment of fees that fund curbside recycling collection, the El Cerrito Recycling and Environmental Resource Center and El Cerrito environmental programs shall not constitute grounds for the granting of a salvage permit.

B. The salvage permit application procedure is as follows:

a1. Applicants must supply all required proof of qualifications in writing together with the application submittal. Applicants may be required to provide information in forms provided by the city. Applicants may be required to show proof of information provided on the application form. Salvage activities are subject to inspection prior to approval of a permit.

b2. Applicant shall pay an application fee as provided in the city's master fee schedule, if one is established.

e3. Applicant may be required to meet with city staff or attend an application hearing as the city manager or his or her designee deems necessary to provide all required information and proof.

d4. Upon the determination of the city manager or his or her designee, a written notification of the approval or denial of permit shall be issued to the applicant.

e5. A salvage permit may be granted only to an individual.
If the application is denied or permit revoked, the applicant may re-apply following the above process.

The city manager or his or her designee may revoke a salvage permit at any time if a nuisance as defined in Chapter 8.34 of the El Cerrito Municipal Code is found to be a result of the salvage and/or if the City determines that any permitted salvage results in volumes that materially impact the City Recycling and Environmental Resource Center operations.

Permittees shall provide their written approved salvage permit to city staff when engaging in permitted salvage activities or when the city manager or his or her designee requests verification.

Any violation of this section is a nuisance per se punishable by fine or imprisonment as specified in Chapter 1.08 of this code.

Whenever the city manager shall find that the welfare of any person will be best served by restricting the use of any portion of the El Cerrito Recycling and Environmental Resource Center, he or she shall control activities which are deemed to be of a hazardous nature, or of a nature which would endanger property, or which are not in the best interest of the citizens of the city. These activities may include, but are not limited to, restricting the total length of all daily visits to the El Cerrito Recycling and Environmental Resource Center by an individual and limiting the duration of parking at the El Cerrito Recycling and Environmental Resource Center. The city manager shall cause signs or notices to be posted setting forth the controlled activities.

Any person entering, being or remaining in the El Cerrito Recycling and Environmental Resource Center shall comply with the provisions of this chapter, all other related provisions of this code, and any rules posted by the city manager or his or her designee as provided by Section 8.12.160.

SECTION II. This Ordinance shall take effect and be enforced thirty (30) days after the date of its adoption, and prior to the expiration of fifteen (15) days from the passage thereof, the ordinance or a summary thereof shall be posted or published as may be required by law, and thereafter the same shall be in full force and effect.
The foregoing ordinance was introduced at a regular meeting of the City Council on November 20, 2012, and passed by the following vote:

AYES: Councilmembers Benassini, Lyman and Mayor Jones
NOES: Councilmember Abelson
ABSENT: Councilmember Cheng

Salvage Permit | Application

The City of El Cerrito recognizes the environmental and community benefit realized by salvage and reuse of appropriate materials that would otherwise be strictly recycled. The City permits salvaging by individuals who wish to salvage certain materials in limited quantities from the Recycling + Environmental Resource Center. Permitted salvage must be for legitimate reuse (not resale) including, but not limited to, art projects, school projects, landscaping projects, building projects, etc. Full details are listed in ECMC 8.12.150 (see back side of this form).

Getting a Salvage Permit for legitimate reuse is easy:

- Applications may be turned in to any staff member during Center operating hours
- Upon receiving a completed application, City of El Cerrito staff will immediately review the application and determine whether the proposed salvage activities meet the definition of salvage per the ECMC.
- Applicants will be informed at the time they turn in their completed application form as to whether the permit application has been granted, denied, or held pending further review (rare).
- Applicants to whom Salvage Permits are granted will immediately be provided with a copy of this form that will need to be presented upon request.

Permitted salvagers who take less than (10) pounds of salvage materials per day may collect salvage materials at no cost. The City may sell salvage materials to permitted salvagers who take more than ten (10) pounds per day of salvaged materials (based on market price). Permitted salvagers may choose to make a donation to the City in lieu of purchase.

Applicant Information (please fill out completely and legibly):

Subject: City Employee Classification Plan Amendments

ACTION REQUESTED
Adopt a Resolution amending the City’s Classification Plan to:

1) Establish the classification of Development Services Manager;

2) Revise the class specification of Building Official;

3) Establish the classification of Intern and establish the salary range as recommended;

4) Re-title and revise the class specification of Program Supervisor to Recreation Supervisor, establish the salary range as recommended and eliminate the class of Recreation Supervisor II; and

5) Revise the class specifications of the Personnel Technician and Employee Services Manager and re-title the classifications to Human Resources Technician and Human Resources Manager.

BACKGROUND
In recent years, the City Manager has reorganized and restructured some Departments and Divisions within the City organization to improve and better align services with City Council goals and priorities. These changes and positions have been authorized through the budget process. Employee Services has worked closely with the Departments to ensure that class specifications are created and/or modified in accordance with organizational changes. With the recent retirement of several long-time City staff, Department Directors have been reviewing staffing within their respective departments to consider additional opportunities for reorganization and restructuring in order to sustain services provided by the departments and continue the City’s focus on City Council priorities and goals.
ANALYSIS

Development Services Manager & Building Official

In 2010, the Environmental and Development Services Department was created as a result of combining the Environmental Services, Planning and Building Divisions. The purpose of the restructure was to provide a comprehensive focus on operational, environmental and development services for residents and businesses. As part of the restructure, Development Services was formed which includes the Planning and Building Divisions.

The Building Official classification is proposed to be updated by formalizing the reporting structure of the position to the Development Services Manager as well as strengthening the qualifications for the classification, including education, experience and licensure. These changes are consistent with the requirements for Building Official positions throughout the state, and also incorporates the high standard that the City wishes to attract for this position in the future.

As a result of this change, the classification of Development Services Manager has been created, replacing the Planning Manager position and reflecting the current duties and responsibilities of the two Divisions. In terms of the reporting structure, the Building Official reports to the Development Services Manager and the Development Services Manager reports directly to the Department Director, which is currently a role filled by the Assistant City Manager. The salary range will remain the same as the Planning Manager classification.

Intern

Although the City has periodically used interns, staff is interested in developing an internship program for college students enrolled in an accredited college or university in order to gain work experience during school breaks or recent graduates seeking entry-level skills. This affords an opportunity to gain local government experience related to their educational and professional goals. Individuals will gain practical work experience while working towards an undergraduate or graduate degree or develop a knowledge base to build upon a future career in local government. The interns will receive close supervision from an experienced higher-level City employee.

Staff recommends the Intern class be paid an hourly rate, be at-will and unrepresented and receive no benefits. The proposed hourly rate for this position is $10.00-$20.00, depending on experience. The interns will work no more than 999 hours in a fiscal year to remain part time and not eligible for CalPERS benefits.

Recreation Supervisor

The Recreation Department underwent a classification study for all permanent positions that was conducted by an outside consultant, Koff & Associates. The purpose of the study was to conduct a job analysis of current positions, ensure all positions are appropriately classified and to create career ladders within the department. After the study was completed, staff determined it would be appropriate to move forward with the
most substantial change proposed by the consultant which impacts the Program Supervisor and Recreation Supervisor II classes.

Based on the nature and scope of duties performed by the Program Supervisor, the consultant determined and staff concurred that it is appropriate to re-title and revise the job description of Program Supervisor to Recreation Supervisor and move the proposed class of Recreation Supervisor to the management/unrepresented group. Staff recommends that the control point be established for the Recreation Supervisor at $7,051, similar to the already existing Program Manager and Administrative Analyst positions. The salary recommendation is based on internal equity of managers in the City. The Recreation Supervisor II class will be eliminated.

The Program Supervisor was formerly represented by Service Employees International Union (SEIU). During the contract negotiation process earlier this spring, SEIU proposed to remove the class of Program Supervisor from the list of classes that their bargaining group represents. As a result, SEIU no longer represents the Program Supervisor class.

**Human Resources Technician & Human Resources Manager**

The Employee Services Division is currently a division of the Administrative Services Department. With the recent retirement of the Administrative Services Director, the City Manager has reorganized the Administrative Services Department to the former reporting structure with a separate Finance Department which will report to the City Manager, and an Employee Services Division which will report to the Assistant City Manager. The City is currently recruiting for a Finance Director.

Additionally, to align the Employee Services Division with the evolution of a personnel-based focus to the current human resources-based focus, the name of the “Employee Services” Division will be changed to the “Human Resources” Division and proposes updates to the job descriptions, correspondence and all public communication to formally recognize the division as Human Resources.

**FINANCIAL CONSIDERATIONS**

The cost of the proposed changes in FY 2012-13 is approximately $18,000 for the Recreation Department which will be covered within the current General Fund budget. There will be no additional costs of the proposed changes to the Environmental and Development Services Department or the City Manager’s Office. Departments who hire interns will absorb the costs in their adopted budget through existing vacancies.

WORK ENVIRONMENT

Exposure to: Indoors, Outdoors, Slippery/uneven surfaces, Using computer/computer monitor screen, Works around others, Works alone, Works with others.
Date: December 18, 2012
To: El Cerrito City Council
From: Yvetteh Ortiz, Engineering Manager
Jerry Bradshaw, Public Works Director/City Engineer
Subject: Accept Offer of Dedication – Bates Avenue

ACTION REQUESTED
Adopt a resolution accepting the offer of dedication for the 25-foot widening of Bates Avenue as shown on Parcel Map MS 451-09, a four-lot subdivision of 801 Bates Avenue (Assessor’s Parcel No. 505-282-027).

DISCUSSION
The minor subdivision of 801 Bates Avenue, a four-lot subdivision located on the west side of Bates Avenue at its intersection with Roberta Drive, was approved by the El Cerrito Subdivision Committee by Resolution SC11-01 on January 10, 2011. The subdivision includes a 25-foot widening of the Bates Avenue right-of-way for a length of approximately 218 feet to provide access to all four lots. This will provide a street right-of-way of 50 feet to match the existing right-of-way just north of 801 Bates Avenue. The street cross-section will be 30 feet from curb-to-curb with 10 feet on each side to include landscaping and sidewalk areas.

The street improvements generally consist of asphalt paving, sidewalk, curb, gutter and minor drainage modifications. The Engineer’s Estimate to construct these improvements is $123,578. The owner of the subdivision will be executing a Subdivision Improvement Agreement with the City and providing bonds in the amount of the Engineer’s Estimate to guarantee completion of the improvements. The City Attorney has reviewed and commented on the draft versions of the agreement and bonds. The final versions will be subject to the review of the City Attorney. These documents do not require City Council approval, but need to be provided to the City Clerk prior to filing the map with the Contra Costa County Recorder. The Parcel Map offers for dedication in fee to the City of El Cerrito the 25-foot widening of Bates Avenue. City staff requests that the City Council accept this offer of dedication.

The Parcel Map also offers for dedication to the City storm drain easements on each of the four lots. These easements have been established for areas where stormwater treatment facilities are to be constructed when the subdivision is developed in order to comply with the California Regional Water Quality Control Boards’, National Pollutant Discharge Elimination System (NPDES) Permit, C.3 requirements, which apply to developments that create or replace more than 10,000 square feet of impervious surface.
Agenda Item No. 5(E)

The dedication of these easements to the City will ensure that no improvements other than those approved by the City can be constructed in those areas. However, because the City is not assuming the obligation for operation or maintenance of the stormwater treatment facilities, the City will not accept or reject this dedication. Under the law, the dedication remains open for acceptance anytime in the future.

**FINANCIAL CONSIDERATIONS**

The maintenance of the new sidewalk will be the responsibility of the fronting property owner for each lot. The City will be responsible for maintenance of new curb, gutter and asphalt paving. Given the small area of these improvements, which is less than 3,500 square feet and generally equates to an annual cost of less than $1,000, staff considers the additional maintenance costs for the Bates Avenue widening to have a de minimus impact on the City’s budget.

RESOLUTION 2012–XX

RESOLUTION OF THE EL CERRITO CITY COUNCIL ACCEPTING AN OFFER OF DEDICATION FOR THE 25-FOOT WIDENING OF BATES AVENUE AS SHOWN ON PARCEL MAP MS 451-09, A FOUR-LOT SUBDIVISION OF 801 BATES AVENUE (ASSESSOR’S PARCEL NO. 505-282-027)

WHEREAS, the minor subdivision of 801 Bates Avenue, a four-lot subdivision, was approved by the El Cerrito Subdivision Committee by Resolution SC11-01 on January 10, 2011; and

WHEREAS, the subdivision includes a 25-foot widening of the Bates Avenue right-of-way to provide access to all four lots; and

WHEREAS, the widening will provide a street right-of-way of 50 feet to match the existing right-of-way north of 801 Bates Avenue; and

WHEREAS, the Engineer’s Estimate to construct the street improvements is $123,578; and

WHEREAS, the owner of the subdivision will be executing a Subdivision Improvement Agreement with the City and providing bonds in the amount of the Engineer’s Estimate to guarantee completion of the improvements prior to filing of the Parcel Map with the Contra Costa County Recorder.

NOW THEREFORE, BE IT RESOLVED that the City Council of the City of El Cerrito accepts the offer of dedication for the 25-foot widening of Bates Avenue as shown on Parcel Map MS 451-09.

BE IT FURTHER RESOLVED, that the City Council of the City of El Cerrito is not accepting or rejecting the offer of dedication for the storm drain easements shown on Parcel Map MS 451-09; and

Subject: Arlington Boulevard at Madera and Brewster Drives Safety Improvements Project

ACTION REQUESTED
Adopt a resolution approving plans, accepting bids, and authorizing the City Manager to execute a contract in the amount of $129,648 with Ray’s Electric and to approve change orders in an amount not to exceed $19,447 (15%) for the construction of the Arlington Boulevard at Madera and Brewster Drives Safety Improvements Project, City Project No. C-3047, Federal Project No. SRTS-5239 (016).

BACKGROUND
Public Works staff applied for a federal grant from the Safe Routes to School (SRTS) Program and was successful in being awarded a grant of $230,470 for the Arlington Boulevard at Madera and Brewster Drives Safety Improvements Project.

This project will improve safety for students walking to Madera Elementary School along Arlington Boulevard. Arlington Boulevard is a minor arterial street, which is designated as a "Pedestrian Route" in the El Cerrito Circulation Plan for Bicyclists and Pedestrians. This route links several key destinations in the City including Madera Elementary School and Arlington Park. Uncontrolled school crosswalks serving Madera Elementary School are located on the south leg of Arlington Boulevard at Madera Drive and north leg of Arlington Boulevard at Brewster Drive.

The project consists of the following specific improvements:

1) Installation of curb bulb-outs at the crosswalks on Arlington Drive at Madera Drive and Brewster Drive;
2) Installation of new in-pavement flashing lights with pedestrian detection devices, enhanced pedestrian crosswalk warning signs with rectangular flashing beacons, and interconnected advance flashing beacons and warning signs for the crosswalk at Madera Drive; and
3) Construction of ADA-compliant ramps at both intersections.

The project was advertised for bid in the West County Times on October 15 and 22, 2012. Notices were mailed directly to all contractors on our bidders list and several plan rooms.

Engineer’s Estimate $149,753.97

* Contained an error in the unit price that resulted in an unintended and extraordinarily high cost for one of the bid items. Prior to the correction, their apparent bid was $195,460.

The low bid of $129,648 is approximately 13% below the engineer’s estimate of $149,753.97. One likely reason for this is that Ray’s Electric will perform the major element of work, the in-road lighting system, by itself. This work is typically done under subcontract to a prime contractor, as the other bidders on this project intended to do. Since Ray’s Electric is qualified to do this work and has the appropriate license, they eliminate the mark-up that a typical prime contractor would add to this item of work.

Staff recommends award of the project to Ray’s Electric.

FINANCIAL CONSIDERATIONS

This project is included in the current Capital Improvement Program. Full and adequate funding for this project is provided by a Federal Safe Routes to School (SRTS) Grant of $230,470 for both design and construction. Because there is adequate funding in the grant, staff recommends authorizing change orders at the 15% level, or $19,447.

Subject: On-Call Construction Administration – Professional Services Agreements

ACTION REQUESTED
Adopt a resolution authorizing the City Manager to execute professional services agreements with three consultant firms, BKF, Inc., Harris & Associates, Inc. and Harrison Engineering, Inc., for on-call construction management services for periods of three years with options to extend for an additional two years.

DISCUSSION
The City occasionally requires the services of a consultant firm to perform construction management work for various projects in the City of El Cerrito. This type of work usually does not vary in scope other than for the particular type and size of construction project. As a result, most cities, big and small, enter into on-call agreements with consultant firms to assign work as needed.

Government Code Section 4526 requires the State and local agencies to select consultant firms such as these on the basis of “demonstrated competency and on professional qualifications.” Because of this the consultant selection is not based on cost proposals. This approach is reinforced by the nature of an on-call agreement where the exact scope of work is not specified ahead of time. Therefore, in soliciting these services, staff issued a Request for Qualifications (RFQ) instead of a Request for Proposals (RFP).

The City of El Cerrito has not had any firms under contract for on-call construction services for many years. Many cities choose to enter into on-call agreements with multiple firms in order to assure that a consultant’s workload issues will not get in the way of a city’s critical-path needs, and also to allow staff to best fit the expertise of a particular firm with the specific needs of an assignment. For certain projects, a city may ask for task proposals from more than one of their on-call firms to further ensure compatibility. Since El Cerrito’s demand for these services is only anticipated to be significant for the next two years, Public Works staff chose to craft the RFQ to select no more than three firms.

The selected firms will provide services and have staffing within the specialized categories listed below:

- Traffic Signals, lighting and other electrical systems
Agenda Item No. 5(G)

- Roadway rehabilitation
- Streetscape and rain gardens.

Staff sent the RFQ to 25 firms on October 23, 2012 requesting Statements of Qualifications (SOQs), which were due on November 6, 2012. Seven responses were received. The SOQs were evaluated by City staff and three firms rose to the top of the list: BKF, Inc., Harris & Associates, Inc. and Harrison Engineering, Inc. All three firms possess all the requested areas of expertise, have vast experience handling on-call services for municipalities, and are available to commence services immediately.

The contract is crafted as a master agreement, with specific scope of work and cost to be determined on an as-needed basis. The contracts have an initial term of three years with the option to extend for up to two additional years. This time frame will allow the City and the respective consultants to develop significant relationships to better serve the City’s residents. All firms have submitted billing rate sheets for the various skill levels and specific team members listed in their SOQs along with other charge conditions such as direct costs and mileage. These have been reviewed and agreed to by staff. The terms for the agreements are three years, with options to renew for up to two additional years.

As needs arise, one or more of the firms will be asked to propose on the scope for an individual task. Once a proposal is agreed upon, the Public Works Director will issue a notice to proceed and work will begin.

**FINANCIAL CONSIDERATIONS**

The on-call agreements do not have dollar amounts directly associated with them. The agreed upon proposal for each task will be subject to funding available for that project or operational need. The fiscal controls are the various budgets for related projects and operations accounts.

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL CERRITO EXPRESSING ITS SUPPORT OF THE WCCUSD GENERAL WAIVER REQUEST OF THE STATUTORY BONDING CAPACITY

WHEREAS, the West Contra Costa Unified School District (the “School District”) serves to educate the children of the City of El Cerrito; and

WHEREAS, El Cerrito requires quality schools capable of serving its children and their families; and

WHEREAS, the City of El Cerrito and its residents are beneficiaries of the School District’s $1.63 billion facility improvement bond program that began in June 1998. The purpose of the program is to bring all School District facilities to a common standard with regard to seismic/structural safety, upgrades to building systems, new classrooms, technology upgrades, and safety/security; and

WHEREAS, the School District’s bond program has renovated and/or rebuilt schools in the City of El Cerrito including Madera and Harding Elementary Schools and El Cerrito High School with construction for a new Portola Middle School soon to be underway; and

WHEREAS, the School District’s bond program has broad community support as evidenced by the six successful bond elections that the School District has held since June 1998, including the passage in 2012 of Measure E – a $360 million bond authorization approved by 64% of voters in November 2012; and

WHEREAS, the California Education Code limits the amount of bonds that a unified school district can have outstanding to 2.5% of its then-current assessed valuation, but also gives the State Board of Education the authority to waive this limitation. The State Board of Education has done so many times in the past for school districts across the state; and

WHEREAS, because the bonding capacity limitation is based on assessed value, school districts that are the same size as West Contra Costa Unified in more affluent areas have much larger bonding capacities. In some cases the disparity produces bonding capacities that are as much as two to five times the bonding capacity of West Contra Costa Unified; and

WHEREAS, by providing for voter input and by limiting tax rate impact, Proposition 39 has provided significant taxpayer protection. In addition, the School Board has acted in good faith regarding its political and legal commitment to taxpayers even in the face of difficult economic circumstances; and

WHEREAS, there have been forty-seven separate tax rates that have been established on behalf of the School District bond program over the past fifteen years in connection with five
separate bond authorizations and each of those forty-seven tax rates have been at or below targeted maximums; and

WHEREAS, the School District’s financing plan indicates that, assuming that a waiver is granted and that the School District can move forward under its proposed plan, the School District will be able to issue all $360 million of 2012 Measure E bonds without causing tax rates to exceed the targeted maximums and the School District’s Board of Education will consider adjusting the pace and structure of the bond issues in order to meet these tax rate targets; and

WHEREAS, residents of the City of El Cerrito will benefit from the planned rebuilding of Fairmont Elementary School and Cameron Special Needs School which will be significantly delayed if the waiver limit is not approved by the State Board of Education.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of El Cerrito does hereby support the West Contra Costa Unified School District’s application to the State Board of Education for a waiver of the statutory bonding capacity.

BACKGROUND INFORMATION PROVIDED BY SUPERINTENDENT HARTER:

In order to complete the Bond program school renovation and reconstruction projects which are allocated under Measure E 2012, the West Contra Costa Unified School District will need to sell the bonds approved under that measure. The District does not currently have sufficient bonding capacity to issue any of the $360 million in voter-authorized Measure E 2012 Bonds. Based on the 2012-2013 assessed valuation, the District’s current bonding capacity is $591 million. The District currently has $797 million in outstanding debt, with no remaining bonding capacity for Measure E 2012. In order to keep the bond program on track and finish current projects, the District is applying for a waiver of the bonding capacity limits from the State Board of Education. Approval of the District’s request for a ten year increase in its bonding capacity from 2.5% of assessed valuation to 6.0% of assessed valuation will allow the District to issue the full $360 million of the voter authorized Measure E 2012 bonds. Because of tax rate limitations and other factors, the District plans to issue these bonds in series over time. The bond language for Measure E 2012 includes reference to the need for a potential waiver of the bonded indebtedness limit. Voters approved Measure E 2012 with 64.4% in favor of the bond measure.

Subject: Proposed Integrated Waste Management Fees and East Bay Sanitary Garbage & Green Waste Collection and Processing Rates -- Effective January 1, 2013

ACTIONS REQUESTED

1. Conduct a public hearing and upon conclusion adopt a Resolution fixing and setting rates for the Integrated Waste Management (IWM) fee, effective January 1, 2013.

2. Conduct a public hearing and upon conclusion adopt a Resolution setting maximum allowable East Bay Sanitary (EBS) garbage and green waste collection, disposal and processing rates, effective January 1, 2013.

BACKGROUND & ANALYSIS

Integrated Waste Management Fee

In 1990 the City of El Cerrito established the Integrated Waste Management (IWM) fee to cover Integrated Waste Services including the City-run operations of the El Cerrito Recycling Center, curbside collection of recyclable materials, and other waste collection, reduction, recycling and environmental programs operated by the Environmental Services Division (ESD). IWM fee revenues are collected by East Bay Sanitary Company (EBS) as part of the garbage bills, and are transferred in whole to the City of El Cerrito’s Integrated Waste Management fund. Over the past several years the City Council has considered and adopted several increases to the IWM fee. Prior to 2006 the IWM fee had not been increased in 13 years.

As part of the FY 2012-13 Operating Budget the City Council reviewed and approved a 10-year Financial Plan (Plan) for the IWM fund that includes a projected 5% increase in IWM fee revenue for FY 12-13, effective January 1, 2013. Staff is proposing to implement the projected increase since the IWM fund is currently on track to meet operating budget assumptions for FY 12-13. The Plan currently projects 2012 IWM fee revenue collections of $1,679,056; the proposed 2013 IWM fees were calculated to meet this projection. The fees are set given current EBS subscription levels (on which the fees are charged).
East Bay Sanitary Garbage and Green Waste Rates

In contrast to the IWM fee (which the City sets and charges and EBS collects), EBS sets and charges the rates for garbage and green waste collection based upon maximum rates authorized by the City, pursuant to City of El Cerrito Municipal Code Chapter 8.12. With the exception of rates for new commercial green waste services that were added on January 1, 2012, EBS rates have not increased since January 1, 2011 pending completion of a Rate and Operations Review.

The City and EBS recently completed the Rate and Operations Review that culminated in Council’s adoption of a Fifth Amendment to the Franchise Agreement (Resolution 2012-89, November 20, 2012). The Amendment provides for lower rates, greater services, and an extension of the Franchise Agreement through December 31, 2025. The Review process resulted in the development of the EBS 2013 Rate Application (see Agenda Packet for November 20, 2012, Agenda Item No. 7(A), Attachment 2b). The Rate Application stipulates EBS expenses that can be charged via rates, the sum of which total to a 2013 Revenue Requirement – less disposal and processing costs – of $3,866,466. The proposed 2013 EBS collection rates were calculated to meet the Revenue Requirement figure given current subscription levels. At the end of next calendar year, any over (or under) collection of rate revenue (based on subscription levels) will offset (or increase) next year’s rate revenue requirement via the Balancing Account established by the Fifth Amendment.

\(^1\) In previous years bulk commercial fees/rates (e.g. one yard, two yard, and compacted) were listed as weekly fees/rates. This created confusion among some rate payers and businesses, and made commercial rates difficult to calculate. All proposed January 1, 2013 fees/rates are now listed as monthly rates, which is the standard method used in other communities.

\(^2\) EBS Rental Rates are included in the one and two yard rates listed. Footnote 1 also applies to Figure 3.
**FINANCIAL CONSIDERATIONS**
The proposed IWM fees and EBS rates to be effective January 1, 2013 are included in Attachment 1 (2013 Solid Waste Collection and Disposal Rates) and, respectively, in Attachments 2 and 3 (Resolutions). Adoption of the proposed combined IWM fees and EBS rates, along with the already adopted Integrated Resource Recovery Facility (IRRF) rates\(^3\), will result in total monthly cost increases of $2.90 for 20 gallon customers (33% of residents), $1.89 for 35 gallon customers (63% of residents), and $5.42 for 64 gallon customers (5% of residents). Bulk commercial collection costs will increase $26.96 to $53.00 per month for once weekly pickup of garbage (including recycling fees). There are no proposed increases to commercial green waste collection costs.

**ENVIRONMENTAL CONSIDERATIONS**
The services being funded by the proposed 2013 IWM fee and EBS rates will enable El Cerrito to continue to reduce its environmental impact via further reductions in the amount of solid waste sent to landfill, and improved access to safe disposal for toxic or hazardous materials. Specifically, the increased IWM fees will enable the ESD to continue expanding and improving the range of services offered via curbside collection and at the Recycling + Environmental Resource Center – potentially including paint and other household hazardous waste (HHW) materials in FY 13/14. The EBS rates made possible by the extended Franchise Agreement will support increased diversion of waste materials from local landfills via increased on-call services for residential customers, in-depth diversion site visits with commercial subscribers, and a rate structure that reduces or eliminates EBS disincentives to get waste (e.g. recyclable and green) out of garbage cans.

**LEGAL CONSIDERATIONS**
Notices of public hearing were publicly posted per Ordinance 84-5 and Resolution 84-29 on December 7, 2012 and were published in the December 8, 2012 and December 13, 2012 editions of the West County Times.

1. **Integrated Resource Recovery Facility (IRRF) Rate**: The IRRF Rate, which is set by the West Contra Costa County Integrated Waste Management Board, covers the cost of garbage disposal, green waste processing, household hazardous waste (HHW) collection programs and other associated services provided by the West Contra Costa Integrated Waste Management Authority, a.k.a RecycleMore (www.recyclemore.com).

2. **Integrated Waste Management (IWM) Fee**: The IWM Fee covers curbside recycling collection for El Cerrito residents and businesses and supports the daily operations of the El Cerrito Recycling Center. The Fee is assessed on each trash container collected by East Bay Sanitary Company.
### Commercial Rates | Businesses and Multi-family Dwellings over 4 units

Commercial Solid Waste Services include minimum weekly collection of recycling, garbage and services at the El Cerrito Recycling + Environmental Resource Center. Recycling container size and frequency of pickup do not affect collection rates. Green waste collection and HHW services are available at extra cost.

RESOLUTION 2012–XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF EL CERRITO FIXING AND SETTING RATES FOR THE INTEGRATED WASTE MANAGEMENT FEE EFFECTIVE JANUARY 1, 2013

WHEREAS, the City of El Cerrito has established an Integrated Waste Management Fee (IWM Fee) for Integrated Waste Management Services provided by the Environmental Services Division (ESD), including operation of the El Cerrito Recycling Center, curbside collection of recyclable materials, and other waste collection, reduction, recycling and environmental programs; and

WHEREAS, the City Council of the City of El Cerrito sets and charges the IWM Fee, and the Fee is collected by East Bay Sanitary Company as part of the garbage bills and transferred in whole to the City of El Cerrito’s Integrated Waste Services fund; and

WHEREAS, the City has reviewed and considered financial information as a part of the regular budget process to determine whether an IWM Fee increase is warranted and justified, and has also reviewed the Integrated Waste Management fund 10-year Financial Plan; and

WHEREAS, the City Council intends to adopt the IWM Fee to be effective January 1, 2013, thus keeping the ESD’s Integrated Waste Management functions as an on-going concern;

NOW THEREFORE BE IT RESOLVED, by the City Council of the City of El Cerrito that the monthly rates for the IWM Fee shall be as follows, effective January 1, 2013:
