BACKGROUND

Staff began publicizing vacancies on all the Boards, Commissions and Committees in September 2017. Vacancies were published on the City’s website and in the West County Times, posted at City Hall, the Community Center and Library. Although the City conducts a continuous recruitment, the deadline for submitting applications for the first round of interviews was set at December 4 however additional applications continued to be submitted throughout December 2017 and the deadline was extended to January 8 and is now posted as a continuous, ongoing recruitment. At
the conclusion of the recruitment approximately 19 applications for boards, commissions and committees had been received. Interviews were conducted on January 16 and continue this evening and February 20. New appointments resulting from the interviews conducted throughout February will either fill existing vacant unexpired terms or become effective March 1, 2018. Candidates who have listed a committee as a preferred choice on their application are contacted by the City Clerk and the staff liaison to discuss the committee appointment process. Two candidates (Keith Alexander and Alison Moreno) who chose a committee as their first choice and commission as their second choice have opted to pursue appointments through the committee process first.

VACANCIES

Existing and upcoming vacancies on each board, commission and committee are listed on the attached matrix and are also listed below for ease of reference. Vacancy information has been updated to reflect appointments made by the City Council at its January 16, 2018 meeting.

Subject: Authorization of an Additional Property Assessed Clean Energy (PACE) Financing Program for El Cerrito Property Owners

ACTION REQUESTED
Staff requests that the City Council take the following actions:

1) Adopt a resolution consenting to the inclusion of properties within the City of El Cerrito's jurisdiction in the Golden State Financing Authority (GSFA) Program to finance renewable energy generation, energy and water efficiency improvements, electric vehicle charging infrastructure, and other improvements and approving Associate Membership in the GSFA Joint Powers Authority (JPA), and participation in GSFA’s Assembly Bill (AB) 811 Authority PACE Program; and

2) Adopt a resolution consenting to inclusion of properties within the City of El Cerrito’s jurisdiction in the GSFA Community Facilities District No. 2014-1 (Clean Energy) to finance renewable energy generation, energy and water efficiency improvements, electric vehicle charging infrastructure, and other improvements and approving Associate Membership in the GSFA JPA, and participation in GSFA’s Senate Bill (SB) 555 PACE Community Facilities District.

BACKGROUND
Property Assessed Clean Energy is a financing mechanism offered by local governmental entities to provide sustainable energy project loans to qualified property owners, who opt-in then repay the loans through a tax assessment on their property. PACE programs are generally provided under the legislative authority of two separate California PACE laws:

The **SB 555 PACE Community Facilities District**: In 2011, SB 555 amended the Mello-Roos Community Facilities Act, set forth in sections 53311 through 53368.3 of the California Government Code and particularly in accordance with sections 53313.5(l) and 53328.1(a) (“Mello-Roos Act”), to allow for the creation of Community Facilities Districts (CFDs) for the purpose of financing or refinancing the acquisition, installation, and improvement of energy efficiency, water conservation, renewable energy and electric vehicle charging infrastructure improvements permanently affixed to private or publicly-owned real property.
Individual properties can be annexed into the district and be subject to the special tax that is imposed to repay project financing only if (i) the Council adopts a resolution consenting to the inclusion of parcels in the incorporated areas of the City within the CFD and (ii) each participating owner provides its unanimous written approval for annexation of its property into the PACE CFD.

**AB 811 PACE Contractual Assessment Program:** By the passage of AB 811 in 2008, the California State Legislature added Chapter 29 to the Improvement Bond Act of 1911, being Division 7 of the California Streets and Highways Code. This legislation authorized cities and counties to establish voluntary contractual assessment programs for the purpose of financing private property improvements that promote renewable energy generation, energy and water efficiency, and electric vehicle charging infrastructure.

As with the SB 555 CFD, properties can be annexed into the AB 811 PACE program and be subject to the property tax assessment that is imposed to repay project financing only if (i) the Council adopts a resolution consenting to the inclusion of parcels in the incorporated areas of the City within the program and (ii) each participating owner consents in writing to the annexation of its property into the PACE program.

Because PACE financing is most economically administered at a regional level, PACE programs are usually provided through JPAs. Since passage of AB 811 in 2008, multiple California-based JPAs have partnered with various providers to operate PACE programs in participating communities throughout California, offering a variety of products and encouraging competitive financing.

In May 2013, the City Council adopted the City of El Cerrito’s Climate Action Plan (CAP), which recommended that the City:

- Pursue commercial PACE financing in conjunction with other public entities; and
- Adopt residential PACE financing if it became available in California.

In March 2015, the El Cerrito City Council adopted five resolutions, authorizing the City to join the following PACE programs and the JPAs that authorized them:

- CaliforniaFIRST PACE Program - Communities Development Authority JPA;
- Open PACE Program - Communities Development Authority JPA;
- Figtree PACE Program - the California Enterprise and Development Authority JPA; and
- California HERO PACE Program - Western Riverside Council of Governments JPA.

On behalf of the JPAs, the above-mentioned program providers market the programs, process the loan agreements with property owners and place the assessments on the property tax roll at no cost to the JPA or its member agencies. These administrative costs
are rolled into the assessments that ultimately are paid for by the property owner who opted to use the program to finance improvements on their property.

By joining these programs and JPAs, the City has enabled El Cerrito property owners to have access to additional financing options for energy and water efficiency projects, electric vehicle charging infrastructure, and seismic improvements. Each of these programs is operated on the assessment district model pursuant to AB 811 (explained in more detail below), and each has its own policy regarding the availability of their PACE program to property owners. Currently, the programs operating in El Cerrito have active programs for improvements on single-family dwellings but do not offer competitive financing for multi-family residential or small commercial properties.

ANALYSIS

Staff is recommending that the City Council authorize the addition of the Ygrene PACE Program to those currently offered in El Cerrito. Ygrene differs from the existing programs operating in El Cerrito in that it also focuses on providing financing primarily for small- and mid-size commercial properties and multi-family residences. Since the PACE programs currently available in El Cerrito focus primarily on single-family homes, addition of the Ygrene program will provide commercial and multi-family property owners with more options to obtain PACE financing.

Ygrene is a PACE program that is provided under the authority of the Golden State Financing Authority (GSFA) JPA. GSFA established its PACE programs under the legislative authority of both California PACE laws, SB 555 and AB 811. The GSFA SB 555 PACE program has been fully operational since August 25, 2015. While GSFA’s AB 811 program has been validated, the GSFA has not yet chosen to operationalize this program.

In Contra Costa County, the Ygrene PACE Program has been adopted in Antioch, Brentwood, Concord, Danville, Lafayette, Martinez, Oakley, Pleasant Hill, Richmond, San Ramon, and Walnut Creek.

To participate in the GSFA PACE programs, the City must become an Associate Member of GSFA (JPA Agreement attached) and GSFA’s PACE programs. Associate Membership requires no dues or other costs to the City, but permits participation in all GSFA programs including their PACE programs. Pursuant to the JPA Agreement and GSFA Board Resolution 15-01, the GSFA Executive Director has the authority to approve the addition of new Associate Members to the JPA upon receipt of resolutions provided by the participating jurisdiction.

Adoption of the attached resolutions will enable the Ygrene PACE program to operate in El Cerrito. Each authorizes the City to become an Associate Member of the GSFA, one authorizes the City to join the GSFA Community Facilities District while the other

1 While the CaliforniaFIRST PACE program does offer commercial financing, it is primarily targeted at large businesses that are doing major improvements.
authorizes participation in the GSFA’s AB 811 PACE Program. Each resolution also authorizes GSFA to (1) accept applications from property owners within the City’s incorporated area to finance authorized improvements; and (2) conduct proceedings and levy special taxes or contractual assessments, as applicable, on the property of participating owners.

Although only the GSFA SB 555 PACE program is currently operational, cities and counties that have approved the Ygrene program to date have generally adopted both resolutions. Authorizing both programs ensures that no matter the market or legislative environment for PACE, the Ygrene program will be established and able to operate successfully without the need for additional review or the need for the City Council to consider approving another resolution.

**STRATEGIC PLAN CONSIDERATIONS**
Adding additional Property Assessed Clean Energy financing options for residents and business owners will help fulfill El Cerrito Strategic Plan Goal F, “Foster environmental sustainability citywide.” Access to an additional PACE program will directly support property owners to make improvements to “energy and water efficiency” and support “greater adoption of clean energy”, an objective of Goal F.

The program will also support the City in meeting the goals set forth in the City’s Climate Action Plan by providing financing options for important energy improvements relating to energy efficiency, water conservation, renewable energy and electric vehicle charging infrastructure. Moreover, the program helps to address up-front costs associated with efficiency and renewable energy projects, making these improvements more affordable for El Cerrito property owners.

The additional PACE program will also provide property owners with the opportunity to finance water efficiency improvements and seismic upgrades. As a result, the program will help support the City’s Strategic Plan Goal E, “Ensure the public’s health and safety,” making it easier for residents to prepare for emergencies and enabling the community to be more resilient in the event of a natural disaster.

**ENVIRONMENTAL CONSIDERATIONS**
This proposed action will not result in a project as defined by the California Environmental Quality Act, (CEQA). No further environmental review is needed.

**FINANCIAL CONSIDERATIONS**
There is no financial impact to the City. City staff does not administer the program.

**LEGAL CONSIDERATIONS**
The City Attorney has reviewed the proposed action and there are no legal issues.

Subject: Annual payment for El Cerrito’s share of the West Contra Costa Integrated Waste Management Authority operating expenses

**ACTION REQUESTED**
Adopt a resolution authorizing payment for the City of El Cerrito’s share of the West Contra Costa Integrated Waste Management Authority’s operating expenses for calendar year 2017 in an amount not to exceed $75,900.

**BACKGROUND**
The City of El Cerrito is a member of the West Contra Costa Integrated Waste Management Authority (Authority) and a party to the Joint Powers Agreement that created the Authority in 1991. The Authority, commonly known as RecycleMore, provides a variety of services to its member agencies (El Cerrito, Richmond, San Pablo, Pinole, Hercules, and the unincorporated areas of West County). The services provided by the Authority include management and administration of State mandated AB939 recycling diversion reporting and programs, regional household hazardous waste (HHW) collection programs, and other outreach and education to residents, businesses, schools, and community groups.

Historically, the City and all other parties to the Joint Powers Agreement have funded Authority operating expenses via a portion of the Integrated Resource Recovery Facility (IRRF) Fees that were set by the Authority and charged on garbage bills paid by residents and businesses. However, with the December 31, 2013 expiration of the Integrated Resource Recovery Agreement, the Authority ceased setting IRRF Fees as of January 1, 2014. While other Authority members included a mechanism to fund Authority operating expenses in their newly negotiated post-collection agreements with solid waste processor Republic Services, the City’s adopted Post-Collection Agreement with Republic Services (Resolution No. 2013-54) is silent on such a mechanism, thereby providing the City with more options to pay its share of Authority expenses.

Since 2014, the City Council has authorized payment of El Cerrito’s share of Authority operating expenses through the City’s Integrated Waste Management (IWM) Fund, rather than from fees collected and remitted by Republic Services directly to the Authority. Thus, these payments are computed as part of the City’s annual IWM fee setting process prior to the start of each calendar year.
ANALYSIS
The City’s share of the Authority is based on a price per ton of El Cerrito waste processed through the Golden Bear Transfer Station. This cost is similar to the price per ton paid by other Authority member agencies through their post-collection agreements, as established each calendar year by the Authority Board during its rate setting process. In 2017, the Authority rate per ton was set at $6.12/ton. Using this rate and estimated tons of El Cerrito waste for 2017, payments for 2017 will amount to approximately $75,888 (12,400 tons of processed waste at $6.12 per ton). The City expects to receive a final waste tonnage report for calendar year 2017 in February 2018, and will finalize its payment to the Authority after that time.

STRATEGIC PLAN CONSIDERATIONS
Approval of proposed payments to the Authority is consistent with Goal F - Foster environmental sustainability citywide of the City’s Strategic Plan. Specifically, approval of the proposed payments will result in the continuation of waste diversion and reduction programs provided to the City by the Authority, which is consistent with the “Reducing the amount of waste generated in El Cerrito” strategy under Goal F.

ENVIRONMENTAL CONSIDERATIONS
Approval of the proposed payments will allow the continuation of waste diversion and reduction programs currently provided to El Cerrito by the Authority.

FINANCIAL CONSIDERATIONS
Funding of $75,900 for payment of El Cerrito’s share to the Authority’s annual operating expenses was approved as part of the Adopted Fiscal Year 2017-18 Budget, as an allocation from the Integrated Waste Management Fund.

LEGAL CONSIDERATIONS
The City Attorney has reviewed the proposed action and found that legal considerations have been addressed.

Subject: Authorization to Enter into Disposition and Development Agreement with HD Mayfair, LLC and Mayfair Affordable, LLC for Development of the Mayfair Block

ACTION REQUESTED
Conduct a public hearing and upon conclusion, adopt a resolution authorizing execution of a Disposition and Development Agreement (DDA) with HD Mayfair, LLC and Mayfair Affordable, LLC and making findings and approvals pursuant to California Government Code Section 52201 in connection with disposition of that certain property located at 11600 and 11690 San Pablo Avenue and 1925 Kearney for development of the Mayfair Block.

BACKGROUND
The “Mayfair Block” is an approximately 1.75 acre site bordered by San Pablo and Knott Avenues, Kearney Street, and Cutting Boulevard. The block is immediately adjacent to the Del Norte BART station, and consists of three parcels of land (APNs 502-062-003, 502-062-029, 502-062-028) that were purchased by the former El Cerrito Redevelopment Agency (RDA) over a period of time. The property was acquired for the purpose of development and to catalyze future development of the Del Norte area. The property was approved to be transferred to the City for future development in the Successor Agency’s Long Range Property Management Plan (Successor Agency Resolution No. 2015-03) and transferred to the City in 2016 (Resolution No. 2016-39).

Over the last year and a half, the City has undertaken a process to solicit a development team for development of a mixed-use residential project on the site and proceeded with negotiation of the proposed Disposition and Development Agreement. (See Table 1 below for a summary of the timeline.) In Spring 2016, Community Development undertook a Request for Qualifications/Request for Proposal process to select a team with whom to enter into an Exclusive Negotiating Rights Agreement (ENRA) for development of the site. In July 2016 the City Council designated Holliday Development, LLC and BRIDGE Housing Corporation as the proposed developer (Resolution No. 2016-55) and authorized execution of an ENRA with them that established a period of exclusive good faith negotiations during which the parties were to negotiate the terms of a Disposition and Development Agreement (DDA). In April 2017, the ENRA was extended (Resolution No. 2017-26). Issues addressed during the exclusive negotiating period have included property purchase price, development schedule, conditions to conveyance of
the property, land title conditions. During this time, the development team also pursued and secured planning entitlements, as described below.

Concurrently with negotiation of the DDA, and per the terms of the ENRA, the Developer applied to the City for entitlement pursuant to the San Pablo Avenue Specific Plan. On September 7, 2016 the Developer presented their project to a joint Planning Commission-Design Review Board study session where they each provided comment on the project. On December 20, 2016 the Development Team submitted a formal application for the project. Staff reviewed the application and provided comments and a revised application was submitted on February 17, 2017. The application was deemed complete by the City’s Development Services Division in March 2017 and the Environmental Review process was initiated. The project was brought to the Planning Commission as a Tier IV San Pablo Avenue Specific Plan project on July 12, 2017 and the Design Review Board on August 2, 2017. The project, consisting of 156 market rate residential units, 67 affordable units and one manager’s unit, and 8,893 square feet of commercial space was approved at both meetings. (Planning Commission Resolution PC17-07 and Design Review Board Resolution PC17-03, Attachments 2 and 3; The project’s entitled plans can be viewed at City Hall; partial plans are included as Exhibit B to the DDA.

Compensation Agreement

Under the Successor Agency’s approved Long Range Property Management Plan (LRPMP), and as allowed under Health and Safety Code Section 34191.5(c)(2), the Successor Agency transferred former RDA properties, acquired for future development, to the City. Under the approved LRPMP, the City is required to enter into a Compensation Agreement with the Affected Taxing Entities for the future development properties. The City drafted a proposed Compensation Agreement providing for the net sales proceeds from the Mayfair property to be distributed to the taxing entities which was signed by the majority of the taxing entities. The County requested changes to make it consistent with other compensation agreements in the County and the County's overall policy on compensation agreements. The Contra Costa County Board of Supervisors is scheduled to consider the Compensation Agreement at an upcoming meeting. The County’s primary concern regarding the Compensation Agreement is that the Property be sold within a reasonable period of time which they have determined to be five years. This requirement of the County has driven some of the schedule provisions of the DDA discussed below. The proposed Compensation Agreement, specifies that the net proceeds generated from the sale of the Mayfair properties (gross sales price less payment of the debt on the property) will be distributed to the taxing entities according to their property tax share. The Compensation Agreement will also be brought to the City Council (as an affected taxing entity) and the Successor Agency for approval at an upcoming meeting.

Summary of Disposition and Development Agreement Terms

The DDA (Attachment 4) includes the term, financial terms, predisposition requirements for conveyance of the parcels, the scope of improvements, development schedule, ongoing developer obligations, and prescribes default and remedies. Below is a summary of the key terms:

Development Project: The scope of the project is consistent with the developer’s original proposal and has received its Planning Commission and Design Review Board approvals pursuant to the San Pablo Avenue Specific Plan. (Attachment 2-4) The project is a multi-phased mixed use development that consists of 157 market rate and 67 affordable residential units, plus one manager’s unit and 8,893 square feet of commercial space, 150 parking spaces shared by both projects and 348 bicycle parking spaces. The project also features 3,945 square feet of public open space that will be open to the public from dawn to dusk and serve as a “mew” between the two buildings.

Purchase Price: The purchase price of the property is three million three hundred and fifty thousand dollars ($3,350,000). The purchase price was determined by a fair market value appraisal commissioned by the City.

Close of Escrow: The market rate developer will pay the full purchase price, including the portion of the purchase price attributable to the Affordable Housing parcel as a contribution toward the affordable development. The close of escrow must occur no later
than twelve months after the effective date of the DDA. The market rate developer may obtain two six months extensions of the closing date by making a non-refundable seventy five thousand dollar ($75,000) payment for each extension into the escrow account. Any extension payment shall be applied toward the Purchase Price in the event escrow closes. If, after 24 months, the Developer has not purchased the property, the DDA will terminate, the City will retain the extension payments and the City may proceed to market the property.

**Development Schedule:** The entire project will be developed and constructed over a period of approximately five years. The Development Schedule is built upon the close of escrow (Exhibit E to the DDA) and dependent upon securing project financing. The Affordable Housing development and Market Rate development are expected to proceed on different schedules. The Market Rate development is anticipated to be developed prior to the Affordable Housing development. Subdivision of the two parcels will take place within nine months of the effective date of the DDA. Construction of the Market Rate development is anticipated to begin within 6 months of close of escrow and to take approximately 24 months. The Affordable Developer is expected to commence construction of the Affordable Development within 9 months of completion of the Market Rate Development. The Market Rate Developer may under certain conditions extend the date for commencement of construction as set forth in Section 3.3 of the DDA.

**Financing:** Securing financing for both projects is the responsibility of the developers. Their anticipated financing plans are depicted in Exhibits C-1 and C-2 to the Agreement. Due to the complexity and timelines involved in securing financing for Affordable Housing projects, numerous rounds of applications to the various sources may be required. (See Exhibit C-2 to the DDA.) The City will partner with BRIDGE Housing, where possible, to help secure the funds. It is anticipated that the Affordable Housing Developer will request a predevelopment loan from the City’s Low Income Housing Trust Fund, akin to the loan provided to Eden Housing for the development of Hana Gardens. Such funds would increase the project’s competitiveness for funding and allow the developer to continue to move through the predevelopment process. This item will be brought to the City Council at a future Council meeting for consideration.

**ANALYSIS**
The proposed project is the culmination of many years of effort by the former RDA, the Successor Agency and the City. It is staff’s opinion that the project will achieve the longstanding goal of catalyzing investment in the vicinity of the Del Norte BART station while providing significant benefits to the City and neighborhood in the form of both market rate and affordable housing, new commercial space, public open space and high quality urban design. The development team was selected through a rigorous process and both the market rate and affordable housing developer have extremely successful track records. The proposed DDA differs slightly from a DDA that may have been contemplated by the former Redevelopment Agency, in two primary ways, including: 1) that the developer is paying fair market value for the property; and 2) the property may be conveyed before a Building Permit application is submitted. Due to the requirements imposed by the Dissolution Statutes and the required Compensation Agreement, the City
must dispose of the property and compensate affected taxing entities. The proposed DDA leverages the investment of the developers to fulfill the requirements of Dissolution while contributing to the City’s Regional Housing Needs Allocation (RHNA), increasing the City’s tax base, and improving overall quality of life by converting a long vacant property into a high quality transit-oriented development.

**STRATEGIC PLAN CONSIDERATIONS**
The proposed development fulfills the City's Strategic Plan Goal C: Deepen a sense of place and community identity and specifically the strategy to reimagine underdeveloped and underutilized properties and Goal B: Achieve long-term financial sustainability.

**ENVIRONMENTAL CONSIDERATIONS**
A Program Environmental Impact Report (program EIR) was certified for the San Pablo Avenue Specific Plan in 2014. This type of environmental documentation is authorized by section 15168 of the California Environmental Quality Act (CEQA) Guidelines for use in documenting the environmental impact of specific plans, and other planning “programs”. As explained in the CEQA Guidelines, a program EIR is useful in evaluating the potential environmental impacts of a project that involves a series of interrelated actions. Subsequent activities that fall within the scope of the program may not be subject to further review if the environmental effects of the subsequent activity have been adequately addressed in the program EIR. CEQA Guidelines 15168(c)(4) recommends using a written checklist or similar devise to confirm whether the environmental effects of subsequent activity were adequately covered in the program EIR.

An Initial Study Checklist has been prepared for the Mayfair project (available on the City's Community Development website, August 2, 2017 DRB meeting at p. 302). The responses contained in the checklist confirm that the project is considered within the scope of the evaluation completed for the program EIR. No new impacts were identified and no new mitigation measures are required. Conditions of approval were included in the Planning Commission and Design Review Board Resolutions to ensure that key mitigation measures of the San Pablo Avenue Specific Plan EIR are implemented with regard to the project (Attachments 2 and 3). The inclusion of these conditions ensures that the project will not have environmental effects that have not previously been addressed in the San Pablo Avenue Specific Plan EIR.

**FINANCIAL CONSIDERATIONS**
Upon Close of Escrow, pursuant to the terms in the proposed DDA, the City would remit the Disposition Proceeds (less the balance of the Valente Note which is secured by the Property) to the County Auditor-Controller for distribution to the Taxing Entities in proportion to their shares of the base property tax. For the City of El Cerrito, this share is approximately 22%. The City would thus receive approximately $432,419 from the disposition of the property per the terms of the proposed DDA. With the repayment of the Valente Note, the City (and other taxing entities) would also receive an increase in residual distributions from the Redevelopment Property Tax Trust Fund (RPTTF) via the ROPS. Finally, the City will also receive its portion of the increased property tax as the property would be reappraised at sale and again when the project is complete.
LEGAL CONSIDERATIONS
This has been reviewed by the Successor Agency Legal Counsel and City Attorney.

The proposed affordable housing units, will further the goals of the Housing Element of the El Cerrito General Plan, specifically Goals H2 and H5. The provided publicly accessible open space will provide a mid-block connection consistent with the goals of the Urban Greening Plan.

4. With the exceptions of shadow standards, building length, building height, ground floor transparency, frontage type, and vehicular access, the project is consistent with the standards of the San Pablo Avenue Specific Plan, including the standards of the Transit Oriented Higher-Intensity Mixed Use Transect Zone. The proposed land uses are permitted in the Transit Oriented Higher-Intensity Mixed
Use Transect Zone and the project is consistent with the land uses permitted throughout the San Pablo Avenue Specific Plan.

The project is consistent with the higher-intensity vision for the area surrounding the El Cerrito del Norte BART station. The project has been determined not to have environmental impacts which were not addressed in the San Pablo Avenue Specific Plan Program EIR. The project is consistent with the vision for an active and vibrant mixed-use environment near in the El Cerrito del Norte BART station area.

5. The intent of the Transit Oriented High-Intensity Mixed Use Transect Zone is to:

   Provide a vibrant, walkable, transit oriented higher intensity area within a 1/2 mile BART walkshed that allows a wide variety of uses including retail, commercial, residential and public uses in the distinctive Downtown and Uptown areas. Encourage multifamily residential uses to provide a variety of housing types, including units with 3 or more bedrooms, to meet the diverse needs of residents.

The proposed project will provide a mix of affordable and market-rate housing units adjacent to a major transit hub. In addition, the project will provide 8,893 square feet of commercial land uses. The project represents the higher-intensity vision of the Specific Plan for development near the El Cerrito del Norte BART station.

NOW, THEREFORE, BE IT RESOLVED, that after careful consideration of maps, facts, exhibits, correspondence, and testimony, and other evidence submitted in this matter, and, in consideration of the findings, the El Cerrito Planning Commission hereby approves Application No. PL16-0168, subject to the following conditions:

Conditions based on applicable mitigation measures from the San Pablo Avenue Specific Plan Program EIR:

10. Aesthetics and Visual Resources. (Mitigation 4.2): The project shall install landscaping and incorporate other measures into and around parking structure(s) (light source shielding, etc.) as necessary to ensure that potential light and glare from vehicles would be avoided toward the Ohlone Greenway, residential uses, and other sensitive uses, consistent with El Cerrito City Resolution 82-9 and the El Cerrito design review process.

    Regarding reflective building materials, for all future development in the Specific Plan area, facades shall be of non-reflective materials, and windows shall incorporate non-reflective coating.

11. Air Quality (Mitigation Measure 5.1): Implement the following BAAQMD-recommended measures to control particulate matter emissions during construction. City staff will spot check that these measures are being implemented throughout the construction phase of the project. These measures reduce diesel particulate matter PM2.5 and PM10 created from construction to ensure that short-term health impacts to nearby sensitive receptors are avoided or reduced:

    Dust (PM2.5 and PM10) Control Measures:

   Agency regarding dust complaints. This person shall respond and take corrective action within 48  
   hours. The Air District’s phone number shall also be visible to ensure compliance with applicable  
   regulations.

**Additional Measures to Reduce Diesel Additional Measures to Reduce Diesel Particulate Matter and**

**PM2.5 and other construction emissions:**

k. The developer or contractor shall provide a plan for approval by the City or BAAQMD  
   demonstrating that the heavy-duty (>50 horsepower) off-road vehicles to be used in the  
   construction project, including owned, leased and subcontractor vehicles, will achieve a project  
   wide fleet-average 20 percent NOX reduction and 45 percent particulate reduction compared to  
   the most recent CARB fleet average for the year 2011.

l. Clear signage at all construction sites shall be posted indicating that diesel and gasoline  
   equipment standing idle for more than five minutes shall be turned off. This would include trucks  
   waiting to deliver or receive soil, aggregate or other bulk materials. Rotating drum concrete  
   trucks could keep their engines running continuously as long as they were on-site or adjacent to  
   the construction site.

m. The contractor shall install temporary electrical service whenever possible to avoid the need for  
   independently powered equipment (e.g., compressors).

n. Properly tune and maintain equipment for low emissions.

12. Air Quality (Mitigation Measure 5.2): Prior to issuance of building permit the applicant shall require  
project-level construction health risk assessment shall be completed to the satisfaction of the Zoning  
Administrator. This assessment shall be completed either through screening or refined modeling to  
identify impacts and, if necessary, include performance standards and industry-recognized measures  
to be accomplished through, though is not limited to, the following measures:
   a. Construction equipment selection.
   b. Use of alternative fuels and engine retrofits temporary line power or electric equipment.
   c. Modified construction schedule; and
   d. Implementation of BAAQMD Basic and/or Additional Construction Mitigation Measures for  
control of fugitive dust.

13. Biological Impacts (Mitigation Measure 6.1): Removal of trees, shrubs, or weedy vegetation between  
February 1 and August 31 shall require a survey for nesting birds by a qualified wildlife biologist to the  
satisfaction of the Zoning Administrator. The survey shall be conducted no sooner than 14 days prior
to the start of removal of trees, shrubs, or weedy vegetation. Survey results shall be valid for 21 days following the survey. Any removal of trees, shrubs, or weedy vegetation more than 21 days after a survey shall require a new survey. The area surveyed shall include all construction sites, access roads, and staging areas, as well as areas within 150 feet outside the boundaries of the areas to be cleared or as otherwise determined by the biologist.

In the event that an active nest is discovered in the areas to be cleared, or in other habitats within 150 feet of construction boundaries, clearing and construction shall be postponed for at least two weeks or until a wildlife biologist has determined that the young have fledged (left the nest), the nest is vacated, and there is no evidence of second nesting attempts.

A qualified biologist shall conduct preconstruction surveys for bats and suitable bat roosting habitat at work sites where culverts, structures and/or trees would be removed or otherwise disturbed prior to the initiation of construction. If bats or suitable bat roosting habitat is detected, CDFW shall be notified immediately for consultation and possible on-site monitoring.

The survey for nesting birds, bats and suitable bat roosting habitat may be conducted simultaneously.

14. Prior to the issuance of a building permit, the applicant shall implement a program that includes the following elements:
   a. Archeological resource identification training procedures for construction personnel
   b. Procedures for reporting archeological discoveries

15. Historic and Cultural Resources (Mitigation Measure 7.2): If subsurface archeological or cultural resources are encountered during ground-disturbing activities, work in the immediate vicinity shall be stopped and a qualified archaeologist shall be retained to evaluate the finds following the procedures described in Mitigation Measure 7-3 of the San Pablo Avenue Specific Plan Environmental Impact Report. Project personnel shall not collect cultural resources. If human remains are found, special rules set forth in State Health and Safety Code section 7050.5 and CEQA Guidelines section 15126.4(b) shall apply, and there shall be no further excavation or disturbance of the site or any nearby area reasonably suspected to overlie adjacent remains until the Contra Costa County Coroner has been notified of the remains and has determined that the remains are not subject to the provisions of Section 27491 of the Government Code or any other related provisions of law concerning investigation of the circumstances, manner and cause of any death, and the recommendations concerning the treatment and disposition of the human remains have been made to the person responsible for the excavation, or to his or her authorized representative, in the manner provided in Section 5097.98 of the Public Resources Code.

16. Paleontological Resources (Mitigation Measure 7.3): The applicant shall implement a program that includes the following elements:
   c. Paleontological resource identification training procedures for construction personnel
   d. Spot-checks by a qualified paleontological monitor of all excavations deeper than seven feet below ground surface
   e. Procedures for reporting paleontological discoveries and their geologic context

If subsurface paleontological resources are encountered, excavation shall halt in the vicinity of the resources, and the project paleontologist shall evaluate the resource and its stratigraphic context. The monitor shall be empowered to temporarily halt or redirect construction activities to ensure avoidance of adverse impacts to paleontological resources. During monitoring, if potentially significant paleontological resources are found, “standard” samples shall be collected and processed by a qualified paleontologist to recover micro vertebrate fossils. If significant fossils are found and
collected, they shall be prepared to a reasonable point of identification. Excess sediment or matrix shall be removed from the specimens to reduce the bulk and cost of storage. Itemized catalogs of material collected and identified shall be provided to a local museum repository with the specimens. Significant fossils collected during this work, along with the itemized inventory of these specimens, shall be deposited in a local museum repository for permanent curatorship and storage. A report documenting the results of the monitoring and salvage activities, and the significance of the fossils, if any, shall be prepared and submitted to the Zoning Administrator.

17. Geology and Soils (Mitigation Measure 8.1): As required by the Building Official, subject to City review and approval, the applicant shall complete and implement the geotechnical mitigation recommendations identified in the required site-specific geotechnical investigations and engineering studies, in coordination with City grading permit and building permit performance standards.

18. Noise and Land Use Compatibility/ Construction Noise (Mitigation Measure 13.2): New commercial development proposed in the same building as or adjacent to residential development could result in noise levels exceeding City standards.
   a. Noise levels at residential property lines from commercial development shall be maintained not in excess of the general plan and municipal code limits for the Cities of El Cerrito and Richmond. The approval of the commercial development shall require a noise study demonstrating how the business- including loading docks, refuse areas, and ventilation system would meet these requirements and would be consistent with the respective City’s noise standards.
   b. Ensure that noise-generating activities, such as maintenance activities and loading and unloading activities, are limited to the hours of 7:00 AM to 9:00 PM.

19. (Mitigation Measure 13.3): Construction equipment shall be well-maintained and used judiciously to be as quiet as practical. The following measures shall be implemented to reduce noise from construction activities:
   a. Equip all internal combustion engine-driven equipment with mufflers that are in good condition and appropriate for the equipment.
   b. Utilize “quiet” models of air compressors and other stationary noise sources where technology exists.
   c. Locate stationary noise-generating equipment as far as feasible from sensitive receptors when sensitive receptors adjoin or are near a construction area.
   d. Prohibit unnecessary idling of internal combustion engines.
   e. Pre-drill foundation pile holes to minimize the number of impacts required to seat the pile.
   f. Construct solid plywood fences around construction sites adjacent to operational business, residences, or noise-sensitive land uses.
   g. If noise conflicts occur which are not irresolvable by proper scheduling, a temporary noise control blanket barrier shall be erected, as determined to be necessary by the Zoning Administrator, along building facades facing construction sites.
   h. Route construction-related traffic along major roadways and as far as feasible from sensitive receptors.
   i. Construction activities (including the loading and unloading of materials and truck movements) and excavating, grading, and filling activities (including warming of equipment motors) shall be limited to the hours of 7:00 AM to 6:00 PM on weekdays and to the hours of 9:00 AM and 5:00 PM on Saturdays. Work shall be prohibited on Sundays and Holidays.
   j. Businesses, residences, or noise-sensitive land uses adjacent to construction sites shall be notified of the construction schedule in writing.
   k. Designate a “construction liaison” who would be responsible for responding to any local complaints about construction noise. The liaison would determine the cause of the noise complaints (e.g., starting too early, bad muffler, etc.) and institute reasonable measures to
correct the problem. Conspicuously post a telephone number for the liaison at the construction site.

20. (Mitigation 13-4) The following measures are recommended to reduce vibration from construction activities:
   a. Avoid impact pile driving where possible. Drilled piles cause lower vibration levels where geological conditions permit their use.
   b. Avoid using vibratory rollers and tampers near sensitive areas.
   c. In areas where project construction is anticipated to include vibration-generating activities, such as pile driving, in close proximity to existing structures, site-specific vibration studies shall be conducted to determine the area of impact and to present appropriate mitigation measures that may include the following:
      a) Identify sites that would include vibration compaction activities (such as pile driving) and have the potential to generate ground-borne vibration, and the sensitivity of nearby structures to ground-borne vibration. Vibration limits shall be applied to all vibration-sensitive structures located within 200 feet of the project. A qualified structural engineer should conduct this task.
      b) Develop a vibration monitoring and construction contingency plan to identify structures where monitoring would be conducted, set up a vibration monitoring schedule, define structure-specific vibration limits, and address the need to conduct photo, elevation, and crack surveys to document before and after construction conditions.
      c) Design construction contingencies that would be implemented when vibration levels approached the limits.
      d) At a minimum, conduct vibration monitoring during initial demolition activities and during pile driving activities. Monitoring results may indicate the need for more or less intensive measurements.
      e) When vibration levels approach limits, suspend construction and implement contingencies to either lower vibration levels or secure the affected structures.
      f) Conduct post-survey on structures under either of these circumstances: (a) when construction monitoring has indicated high vibration levels or (b) when complaints of damage have been made due to construction activities. Make appropriate repairs or compensation when damage has resulted from construction activities.

Project Specific Conditions of Approval - Noise:

21. The project design shall implement the following measures for all units to reduce interior noise impacts in compliance with City noise standards:

This assessment shall be completed either through screening or refined modeling to identify impacts and, if necessary, include performance standards and industry-recognized measures to be accomplished through, though is not limited to, the following measures:
a. Construction equipment selection.
b. Use of alternative fuels and engine retrofits temporary line power or electric equipment.
c. Modified construction schedule; and
d. Implementation of BAAQMD Basic and/or Additional Construction Mitigation Measures for control of fugitive dust.

13. Biological Impacts (Mitigation Measure 6.1): Removal of trees, shrubs, or weedy vegetation between February 1 and August 31 shall require a survey for nesting birds by a qualified wildlife biologist to the satisfaction of the Zoning Administrator. The survey shall be conducted no sooner than 14 days prior to the start of removal of trees, shrubs, or weedy vegetation. Survey results shall be valid for 21 days following the survey. Any removal of trees, shrubs, or weedy vegetation more than 21 days after a survey shall require a new survey. The area surveyed shall include all construction sites, access roads, and staging areas, as well as areas within 150 feet outside the boundaries of the areas to be cleared or as otherwise determined by the biologist.

In the event that an active nest is discovered in the areas to be cleared, or in other habitats within 150 feet of construction boundaries, clearing and construction shall be postponed for at least two weeks or until a wildlife biologist has determined that the young have fledged (left the nest), the nest is vacated, and there is no evidence of second nesting attempts.

A qualified biologist shall conduct preconstruction surveys for bats and suitable bat roosting habitat at work sites where culverts, structures and/or trees would be removed or otherwise disturbed prior to the initiation of construction. If bats or suitable bat roosting habitat is detected, CDFW shall be notified immediately for consultation and possible on-site monitoring.

The survey for nesting birds, bats and suitable bat roosting habitat may be conducted simultaneously.

14. Prior to the issuance of a building permit, the applicant shall implement a program that includes the following elements:
a. Archeological resource identification training procedures for construction personnel
b. Procedures for reporting archeological discoveries

15. Historic and Cultural Resources (Mitigation Measure 7.2): If subsurface archeological or cultural resources are encountered during ground-disturbing activities, work in the immediate vicinity shall be stopped and a qualified archaeologist shall be retained to evaluate the finds following the procedures described in Mitigation Measure 7-3 of the San Pablo Avenue Specific Plan Environmental Impact Report. Project personnel shall not collect cultural resources. If human remains are found, special rules set forth in State Health and Safety Code section 7050.5 and CEQA Guidelines section 15126.4(b) shall apply, and there shall be no further excavation or disturbance of the site or any nearby area reasonably suspected to overlie adjacent remains until the Contra Costa County Coroner has been
notified of the remains and has determined that the remains are not subject to the provisions of Section 27491 of the Government Code or any other related provisions of law concerning investigation of the circumstances, manner and cause of any death, and the recommendations concerning the treatment and disposition of the human remains have been made to the person responsible for the excavation, or to his or her authorized representative, in the manner provided in Section 5097.98 of the Public Resources Code.

16. Paleontological Resources (Mitigation Measure 7.3): The applicant shall implement a program that includes the following elements:
   a. Paleontological resource identification training procedures for construction personnel
   b. Spot-checks by a qualified paleontological monitor of all excavations deeper than seven feet below ground surface
   c. Procedures for reporting paleontological discoveries and their geologic context

If subsurface paleontological resources are encountered, excavation shall halt in the vicinity of the resources, and the project paleontologist shall evaluate the resource and its stratigraphic context. The monitor shall be empowered to temporarily halt or redirect construction activities to ensure avoidance of adverse impacts to paleontological resources. During monitoring, if potentially significant paleontological resources are found, “standard” samples shall be collected and processed by a qualified paleontologist to recover micro vertebrate fossils. If significant fossils are found and collected, they shall be prepared to a reasonable point of identification. Excess sediment or matrix shall be removed from the specimens to reduce the bulk and cost of storage. Itemized catalogs of material collected and identified shall be provided to a local museum repository with the specimens. Significant fossils collected during this work, along with the itemized inventory of these specimens, shall be deposited in a local museum repository for permanent curatorship and storage. A report documenting the results of the monitoring and salvage activities, and the significance of the fossils, if any, shall be prepared and submitted to the Zoning Administrator.

17. Geology and Soils (Mitigation Measure 8.1): As required by the Building Official, subject to City review and approval, the applicant shall complete and implement the geotechnical mitigation recommendations identified in the required site-specific geotechnical investigations and engineering studies, in coordination with City grading permit and building permit performance standards.

18. Noise and Land Use Compatibility/ Construction Noise (Mitigation Measure 13.2): New commercial development proposed in the same building as or adjacent to residential development could result in noise levels exceeding City standards.
   a. Noise levels at residential property lines from commercial development shall be maintained not in excess of the general plan and municipal code limits for the Cities of El Cerrito and Richmond. The approval of the commercial development shall require a noise study demonstrating how the business- including loading docks, refuse areas, and ventilation system would meet these requirements and would be consistent with the respective City’s noise standards.
   b. Ensure that noise-generating activities, such as maintenance activities and loading and unloading activities, are limited to the hours of 7:00 AM to 9:00 PM.

19. (Mitigation Measure 13.3): Construction equipment shall be well-maintained and used judiciously to be as quiet as practical. The following measures shall be implemented to reduce noise from construction activities:
   a. Equip all internal combustion engine-driven equipment with mufflers that are in good condition and appropriate for the equipment.
   b. Utilize “quiet” models of air compressors and other stationary noise sources where technology exists.
c. Locate stationary noise-generating equipment as far as feasible from sensitive receptors when sensitive receptors adjoin or are near a construction area.
d. Prohibit unnecessary idling of internal combustion engines.
e. Pre-drill foundation pile holes to minimize the number of impacts required to seat the pile.
f. Construct solid plywood fences around construction sites adjacent to operational business, residences, or noise-sensitive land uses.
g. If noise conflicts occur which are not irresolvable by proper scheduling, a temporary noise control blanket barrier shall be erected, as determined to be necessary by the Zoning Administrator, along building facades facing construction sites.
h. Route construction-related traffic along major roadways and as far as feasible from sensitive receptors.
i. Construction activities (including the loading and unloading of materials and truck movements) and excavating, grading, and filling activities (including warming of equipment motors) shall be limited to the hours of 7:00 AM to 6:00 PM on weekdays and to the hours of 9:00 AM and 5:00 PM on Saturdays. Work shall be prohibited on Sundays and Holidays.
j. Businesses, residences, or noise-sensitive land uses adjacent to construction sites shall be notified of the construction schedule in writing.
k. Designate a “construction liaison” who would be responsible for responding to any local complaints about construction noise. The liaison would determine the cause of the noise complaints (e.g., starting too early, bad muffler, etc.) and institute reasonable measures to correct the problem. Conspicuously post a telephone number for the liaison at the construction site.

20. (Mitigation 13-4) The following measures are recommended to reduce vibration from construction activities:
  a. Avoid impact pile driving where possible. Drilled piles causes lower vibration levels where geological conditions permit their use.
  b. Avoid using vibratory rollers and tampers near sensitive areas.
  c. In areas where project construction is anticipated to include vibration-generating activities, such as pile driving, in close proximity to existing structures, site-specific vibration studies shall be conducted to determine the area of impact and to present appropriate mitigation measures that may include the following:
     a) Identify sites that would include vibration compaction activities (such as pile driving) and have the potential to generate ground-borne vibration, and the sensitivity of nearby structures to ground-borne vibration. Vibration limits shall be applied to all vibration-sensitive structures located within 200 feet of the project. A qualified structural engineer should conduct this task.
     b) Develop a vibration monitoring and construction contingency plan to identify structures where monitoring would be conducted, set up a vibration monitoring schedule, define structure-specific vibration limits, and address the need to conduct photo, elevation, and crack surveys to document before and after construction conditions.
     c) Design construction contingencies that would be implemented when vibration levels approached the limits.
     d) At a minimum, conduct vibration monitoring during initial demolition activities and during pile driving activities. Monitoring results may indicate the need for more or less intensive measurements.
     e) When vibration levels approach limits, suspend construction and implement contingencies to either lower vibration levels or secure the affected structures.
     f) Conduct post-survey on structures under either of these circumstances: (a) when construction monitoring has indicated high vibration levels or (b) when complaints of damage
have been made due to construction activities. Make appropriate repairs or compensation when damage has resulted from construction activities.

This Disposition and Development Agreement (the "Agreement") is entered into as of ___________, 2018 (the "Effective Date"), by and among the City of El Cerrito, a municipal corporation (the "City"), and HD Mayfair, LLC, a California limited liability company ("Holliday") and Mayfair Affordable LLC, a California limited liability company ("Mayfair Affordable" and collectively with Holliday, the "Developer"), with reference to the following facts, understandings and intentions of the parties:

**RECITALS**

A. These Recitals refer to and utilize certain capitalized terms which are defined in Article 1 of this Agreement. The Parties intend to refer to those definitions in connection with the use of capitalized terms in these Recitals.

B. The City is the owner of that certain property located at 11600 and 11690 San Pablo Avenue and 1925 Kearney as more particularly described in Exhibit A attached hereto (the "Property"). The City acquired the Property from the Successor Agency to the El Cerrito Redevelopment Agency ("Agency") in accordance with the Agency's approved Long Range Property Management Plan for future development consistent with the goals and objectives of the El Cerrito Redevelopment Plan. In accordance with the Long Range Property Management Plan, the City is required to enter into a compensation agreement with the affected taxing entities prior to conveyance of the Property for development.

C. The City issued a Request for Qualifications followed by a Request for Proposal for the development of the Property consistent with the goals and objectives of the Redevelopment Plan and the San Pablo Avenue Specific Plan.

D. The City, after consideration of the proposals received, selected BRIDGE Housing Corporation and Holliday Development LLC to acquire and develop the Property consistent with the Developers' proposal to develop a mixed income mixed use project consisting of 156 market rate residential units, 67 affordable residential units (including one manager's unit), 8,893 square feet of commercial space, 150 vehicle parking spaces, 348 bicycle parking spaces, 23,631 square feet of open space (consisting of 19,686 square feet of private/common open space and 3,945 square feet of public open space) and related landscaping and public amenities ("Project"). Mayfair Affordable is an Affiliate of BRIDGE Housing Corporation. HD Mayfair LLC is an Affiliate of Holliday Development LLC.

E. On August 23, 2016 the City and the Developers' predecessors in interest entered into an Exclusive Negotiating Rights Agreement ("ENRA"), which ENRA was extended pursuant to a First Amendment and Second Amendment (Resolutions No. 2016-55 and 2017-26).

F. This Agreement will further the City's goals to promote residential and commercial development along the San Pablo transit corridor and to provide housing for a mix of income ranges in support of and in accordance with the City's San Pablo Avenue Specific Plan. Developer may obtain two six (6) month extensions of the Outside Closing Date by depositing with Escrow seventy-five thousand dollars ($75,000) as a nonrefundable extension payment ("Extension Payment") for each such extension. Any Extension Payment made by Developer must be deposited in Escrow on or prior to the Outside Closing Date being extended. Any Extension Payment, along with any interest earned on the Extension Payment, shall be applied toward the Purchase Price in the event escrow closes prior to expiration of the Outside Closing Date, as extended. If for any reason (except for a City Event of Default) the Close of Escrow does not occur by the Outside Closing Date, as extended, the Extension Payment(s) and any interest earned thereon shall be released to the City and this Agreement shall be terminated and the City may proceed to market the Property. In addition to the conditions precedent set forth in Article 5, the following conditions must be satisfied, or waived in writing by the City, prior to or concurrently with, and as conditions of, the Close of Escrow:

(4) The Market Rate Developer has executed and delivered to the City the Grant Deed for the Market Rate Development Parcel, the Memorandum of DDA, the Reciprocal Easement Agreement and all other documents and instruments required to be executed and delivered, all in form and substance satisfactory to the City.

(b) "AS IS" PURCHASE. PRIOR TO THE EFFECTIVE DATE, THE DEVELOPER WAS PROVIDED THE OPPORTUNITY TO INVESTIGATE THE PROPERTY, AND HAS APPROVED THE PHYSICAL CONDITION OF THE PROPERTY. THE DEVELOPER SPECIFICALLY ACKNOWLEDGES AND AGREES THAT THE CITY IS SELLING AND THE DEVELOPER IS BUYING THE PROPERTY (AND ALL IMPROVEMENTS THEREON) ON AN "AS IS WITH ALL FAULTS" BASIS AND THAT WITH THE EXCEPTION OF THOSE REPRESENTATIONS AND WARRANTIES MADE BY THE CITY IN THIS AGREEMENT, THE DEVELOPER IS NOT RELYING ON ANY REPRESENTATIONS OR WARRANTIES OF ANY KIND WHATSOEVER, EXPRESS (EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT) OR IMPLIED, FROM THE CITY AS TO ANY MATTERS

THE DEVELOPER AFFIRMS THAT THE DEVELOPER HAS NOT RELIED ON THE SKILL OR JUDGMENT OF THE CITY OR ANY OF ITS AGENTS, EMPLOYEES OR CONTRACTORS TO SELECT OR FURNISH THE PROPERTY FOR ANY PARTICULAR PURPOSE, AND THAT THE CITY MAKES NO WARRANTY THAT THE PROPERTY IS FIT FOR ANY PARTICULAR PURPOSE. THE DEVELOPER ACKNOWLEDGES THAT IT SHALL USE ITS INDEPENDENT JUDGMENT AND MAKE ITS OWN DETERMINATION AS TO THE SCOPE AND BREADTH OF ITS DUE DILIGENCE INVESTIGATION WHICH IT SHALL MAKE RELATIVE TO THE PROPERTY AND SHALL RELY UPON ITS OWN INVESTIGATION OF THE PHYSICAL, ENVIRONMENTAL, ECONOMIC AND LEGAL CONDITION OF THE PROPERTY (INCLUDING, WITHOUT LIMITATION, WHETHER THE PROPERTY IS LOCATED IN ANY AREA WHICH IS DESIGNATED AS A SPECIAL FLOOD HAZARD AREA, DAM FAILURE INUNDATION AREA, EARTHQUAKE FAULT ZONE, SEISMIC HAZARD ZONE, HIGH FIRE SEVERITY AREA OR WILDLAND FIRE AREA, BY ANY FEDERAL, STATE OR LOCAL AGENCY). THE DEVELOPER UNDERTAKES AND ASSUMES ALL RISKS ASSOCIATED WITH ALL MATTERS PERTAINING TO THE PROPERTY'S LOCATION IN ANY AREA DESIGNATED AS A SPECIAL FLOOD HAZARD AREA, DAM FAILURE INUNDATION AREA, EARTHQUAKE FAULT ZONE, SEISMIC HAZARD ZONE, HIGH FIRE SEVERITY AREA OR WILDLAND FIRE AREA, BY ANY FEDERAL, STATE OR LOCAL AGENCY.

(c) Survival. The terms and conditions of this Section expressly survive the Close of Escrow, will not merge with the provisions of the Grant Deed, or any other closing documents and are deemed to be incorporated by reference into the Grant Deed. (e) **Developer's Release of the City.** The Developer, on behalf of itself and anyone claiming by, through or under the Developer hereby waives its right to recover from and fully and irrevocably releases the City, its officers, directors, agents, employees and consultants ("Released Parties") from any and all claims, responsibility and/or liability that the Developer may have or hereafter acquire against any of the Released Parties for any costs, loss, liability, damage, expenses, demand, action or cause of action arising from or related to: (1) the condition (including any construction defects, errors, omissions or other conditions, latent or otherwise), valuation, salability or utility of the Property, or its suitability for any purpose whatsoever; (2) any presence of Hazardous Materials; and (3) any information furnished by the Released Parties under or in connection with this Agreement.

(f) **Scope of Release.** The release set forth in this Section includes claims of which the Developer is presently unaware or which the Developer does not presently suspect to exist which, if known by the Developer, would materially affect the Developer's release of the Released Parties. The Developer specifically waives the provision of any statute or principle of law that provides otherwise. In this connection and to the extent permitted by law, the Developer agrees, represents and warrants that the Developer realizes and acknowledges that factual matters now unknown to the Developer may have given or may hereafter give rise to causes of action, claims, demands, debts, controversies, damages, costs, losses and expenses which are presently unknown, unanticipated and unsuspected, and the Developer further agrees, represents and warrants that the waivers and releases herein have been negotiated and agreed upon in light of that realization and that the Developer nevertheless hereby intends to release, discharge and acquit the Released Parties from any such unknown causes of action, claims, demands, debts, controversies, damages, costs, losses and expenses. Accordingly, the Developer, on behalf of itself and anyone claiming by, through or under the Developer, hereby assumes the above-mentioned risks and hereby expressly waives any right the Developer and anyone claiming by, through or under the Developer, may have under Section 1542 of the California Civil Code, which reads as follows:

"A general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the release, which if known by him or her must have materially affected his or her settlement with the debtor."

(2) The Developer must keep and maintain the Development Improvements and each portion thereof in compliance with, and may not cause or permit the Development Improvements or any portion thereof to be in violation of, any Hazardous Materials Laws;

(3) Upon receiving actual knowledge of the same the Developer must immediately advise the City in writing of: (i) any and all enforcement, cleanup, removal or other governmental or regulatory actions instituted, completed or threatened against the Developer or the applicable Development Improvements pursuant to any applicable Hazardous Materials Laws; (ii) any and all claims made or threatened by any third party against the Developer or the applicable Development Improvements relating to damage, contribution, cost recovery, compensation, loss or injury resulting from any Hazardous Materials (the matters set forth in the foregoing clause (i) and this clause (ii) are hereinafter referred to as "Hazardous Materials Claims"); (iii) the presence of any Hazardous Materials in, on or under the Development Improvements; or (iv) the Developer's discovery of any occurrence or condition on any real property adjoining or in the vicinity of the Development Improvements that is subject to any restrictions on the ownership, occupancy, transferability or use of the Development Improvements under any Hazardous Materials Laws. (4) Developer shall provide to the City written copies of all correspondence between Developer and regulatory agencies regarding the presence of any Hazardous Materials on, under or about the Development Improvements within three (3) days of receipt of such correspondence and shall also provide to the City copies of any submissions made by the Developer to regulatory agencies including any proposed remediation action plans related to the Property at the same time such submissions are made to the regulatory agencies. The City shall be entitled to submit comments to the Developer and regulatory agencies on any such submissions. The Developer will not take any remedial action in response to the presence of any Hazardous Materials on, under, or about the Development Improvements (other than in emergency situations or as required by governmental agencies having jurisdiction), nor enter into any settlement agreement, consent decree, or other compromise in respect to any Hazardous Materials Claims, without the City’s prior written consent, which shall not be unreasonably withheld, provided, however, the City shall consent to any such remedial action if it is being undertaken pursuant to a remedial action plan or order approved by the applicable regulatory agency pursuant to a submission that has been previously provided to the City.

(b) Indemnity. Without limiting the generality of the indemnification set forth in Section 13.6 below, in consideration of transfer of the Property to the Developer by the City and from and after the conveyance of the Property or any portion thereof by the City to a Developer, the applicable Developer hereby agrees to indemnify, protect, hold harmless and defend (by counsel reasonably satisfactory to the City) the Indemnitees from and against any and all claims, losses, damages, liabilities, fines, penalties, charges, administrative and judicial proceedings and orders, judgments, remedial action requirements, enforcement actions of any kind, and all costs and expenses incurred in connection therewith (including, but not limited to, reasonable attorney's fees and expenses), arising directly or indirectly, in whole or in part, out of: (1) the failure of such Developer or any other person or entity during Developer's ownership of the Developer Parcel to comply with any Hazardous Materials Law relating in any way whatsoever to the handling, treatment, presence, removal, storage, decontamination, cleanup, transportation or disposal of Hazardous Materials into, on, under or from the Development; (2) during such Developer's ownership of the Developer Parcel, the presence in, on or under the applicable Development Parcel of any Hazardous Materials or any releases or discharges of any Hazardous Materials into, on, under or from the applicable Development Parcel; or (3) during such Developer's ownership of the applicable Developer Parcel, any activity carried on or undertaken on or off the Developer Parcel whether by the Developer or any employees, agents, contractors or subcontractors of the Developer or any third persons at any time occupying or present on the applicable Developer Parcel, in connection with the handling, treatment, removal, storage, decontamination, cleanup, transport or disposal of any Hazardous Materials at any time located or present on or under the applicable Development Improvements. The foregoing indemnity applies to any residual contamination on or under the Development Improvements, or affecting any natural resources, and to any contamination of any property or natural resources arising in connection with the generation, use, handling, treatment, storage, transport or disposal of any such Hazardous Materials, and irrespective of whether any of such activities were or will be undertaken in accordance with Hazardous Materials Laws. The provisions of this subsection survive expiration of the Term or other termination of this Agreement, and will remain in full force and effect. The forgoing indemnity does not apply to any claims, losses, damages, liabilities, fines, penalties, or charges that are caused by the active negligence or willful misconduct of the City. For avoidance of doubt, the indemnification obligations hereunder are
not joint and several and neither the Affordable Developer nor the Market Rate Developer shall be liable for the others actions or obligations hereunder.

(c)  **No Limitation.** The Developer hereby acknowledges and agrees that the Developer's duties, obligations and liabilities under this Agreement, including, without limitation, under subsection (b) above, are in no way limited or otherwise affected by any information the City may have concerning the Development Improvements and/or the presence within the Development of any Hazardous Materials, whether the City obtained such information from the Developer or from its own investigations.

**Section 8.6  Taxes and Assessments.**

(a)  Each Developer shall be solely responsible for payment of all fees, assessments, taxes, charges, and levies imposed by any public authority or utility company with respect to the Developer Parcel to the extent owed by the Developer, and shall pay such charges prior to delinquency. However, the Developers shall not be required to pay and discharge any such charge so long as: (1) the legality thereof is being contested diligently and in good faith and by appropriate proceedings; and (2) if requested by the City, the applicable Developer deposits with the City any funds or other forms of assurance that the City in good faith from time to time determines appropriate to protect the City from the consequences of the contest being unsuccessful.

Section 9.2 Purpose of Restrictions on Transfer.

(a) This Agreement is entered into solely for the purpose of the development and operation of the Project and the subsequent use of the Development Improvements in accordance with the terms hereof. The Developer recognizes that the qualifications and identity of the Developers are of particular concern to the City, in view of:

(1) The importance of the redevelopment of the Property and each of the Developer Parcels to the general welfare of the community;

(2) The reliance by the City upon the unique qualifications and ability of the Developers, to serve as the catalyst for development of the Property and each of the Developer Parcels;

(3) The fact that a change in ownership or Control of the Developer, or applicable Developer, or of a substantial part thereof, or any other act or transaction involving or resulting in a significant change in ownership or with respect to the identity of the parties in control of a Developer or the degree thereof is for practical purposes a transfer or disposition of the Development Site or the applicable Developer Parcel;

(4) The fact that the Property and each of the Developer Parcels is not to be acquired or used for speculation, but only for development and operation by the Developer in accordance with the Agreement and associated ancillary documents; and

(5) The importance to the City and the community of the standards of use, operation and maintenance of the Property and each of the Developer Parcels.

(b) The Developer further recognizes that it is because of such qualifications and identity that the City is entering into this Agreement with the Developer and that Transfers are permitted only as provided in this Agreement.

Section 9.3 Prohibited Transfers. The limitations on Transfers set forth in this Article apply with respect to any of the Developer Parcels until such time as a Certificate of Completion
has been issued for such Developer Parcel. Except as expressly permitted in this Agreement, the Developer represents and agrees that the Developer has not made or created, and will not make or create or suffer to be made or created, any Transfer, either voluntarily or by operation of law without the prior written approval of the City.

Any Transfer made in contravention of this Section are void and are deemed to be a Developer Event of Default under this Agreement whether or not the Developer knew of or participated in such Transfer.

(g) A transfer to an Affiliate of Holliday Development, LLC or any change in the Market Rate Developer that does not result in a change in Control.

(h) A Transfer of a limited partnership interest in the Affordable Developer to the Tax Credit Investor, or to an Affiliate of the Tax Credit Investor (provided such Affiliate provides documentation reasonably acceptable to the City that the Affiliate has sufficient financial capability to provide the capital contributions set forth in the Affordable Development Financing Plan) and future Transfers of such interest provided that: (1) the Affordable Developer's Partnership Agreement provides for capital contributions of the limited partners consistent with Affordable Development Financing Plan and is first approved by the City in its reasonable discretion; (2) all documents associated with the tax credit syndication of the Affordable Development are submitted to the City for approval prior to execution, which approval may not be unreasonably withheld or delayed; and (3) in subsequent transfers the Tax Credit Investor (or an Affiliate of the Tax Credit Investor reasonably acceptable to the City) remains liable for all unpaid capital contributions. The Parties agree and acknowledge that an entity controlled by the Affordable Developer will remain the managing general partner of any assignee of the Affordable Developer throughout the Term. In the event the general partner of
the Affordable Developer is removed by the limited partner of the Affordable Developer for cause following default under the Developer's partnership agreement, the general partner interest of the Affordable Developer may be Transferred to a 501(c)(3) tax-exempt nonprofit public benefit corporation that is selected by the limited partner and approved in advance and in writing by the City, which approval may not be unreasonably withheld.

(i) The Transfer of the limited partner interest in the Affordable Developer provided that: (1) such Transfers do not affect the timing and amount of the limited partner capital contributions provided for in the Partnership Agreement approved by the City; (2) in such Transfers, a wholly owned Affiliate of the general partners retains a membership or partnership interest and serves as a managing member or managing general partner of the successor limited partner.

Section 9.5 Transfers of Market Rate Development.

(5) The proposed transferee's financial status and creditworthiness. The City will not consider any proposed transferee unless the proposed transferee has a net worth equal to or greater than the net worth of the Market Rate Developer as of the proposed date of Transfer and satisfactory credit as reasonably determined by the City; and
(6) Any other factors or criteria the City deems necessary to make a
determination of whether a proposed transferee has the necessary expertise, skill and ability to

Agreement.

(3) The City breaches any other material provision of this Agreement (including failure to timely respond to performance time frames set forth in this Agreement).

(b) Upon the happening of any of the above-described events, a Developer must first notify the City in writing of its purported breach or failure, giving the City forty-five (45) days from receipt of such notice to cure or, if cure cannot be accomplished within forty-five (45) days, to commence to cure such breach, failure, or act. In the event the City does not then so cure within said forty-five (45) days, or if the breach or failure is of such a nature that it cannot be cured within forty-five (45) days, the City fails to commence to cure within such forty-five (45) days and thereafter diligently complete such cure within a reasonable time thereafter, then the Developer will be afforded all of its rights at law or in equity, by taking all or any of the following remedies: (1) terminating in writing this Agreement (provided, however, that the indemnification provisions of this Agreement will survive such termination); and (2) prosecuting an action for specific performance.

Section 10.5 Remedies.

(a) Prior to Conveyance. Upon the happening of any of the above-described Developer Events of Default, and prior to the Close of Escrow, the City shall be afforded any of the following remedies including:

(1) Termination. The City shall have the right to terminate this Agreement by written notice to the Developer; provided, however, that the City's remedies pursuant to this Agreement, the indemnification provisions of Section 6.6, Section 7.8, Section 8.5, Section 12.2, Section 13.6 and Section 13.8, and the obligations that are specified to survive termination hereof, shall survive such termination.

(b) Remedies Following Conveyance. Upon the happening of any of the above-described Developer Events of Default following the Close of Escrow, the City shall be afforded all of its rights at law or in equity including:

(1) Termination. The City shall have the right to terminate this Agreement; provided, however, that the City's remedies pursuant to this Agreement, the indemnification provisions in this Agreement and the obligations that are specified to survive termination hereof, shall survive such termination;

(2) Specific Performance. The City shall have the right to mandamus or other suit, action, or proceeding at law or in equity to require the Developer to perform its obligations and covenants under this Agreement or to enjoin acts on things which may be unlawful or in violation of the provisions of this Agreement;

(3) Option to Purchase – Affordable Development Parcel. In addition to other remedies of the City, and in consideration for the City's agreement to enter into this Agreement and convey the Property, including the Affordable Development Parcel, the Developer grants to the City the additional right at the City's option to purchase, enter and take possession of the Affordable Development Parcel with all improvements thereon, after (1) a
Developer Event of Default caused by the Affordable Developer or as described in Sections 8.2, 10.2(b) or 10.3(c) prior to the issuance of a Certificate of Completion for the Affordable Development. If the Affordable Developer has commenced construction of the Affordable Development Improvements, the City may exercise this option only in the event of an uncured material Developer Event of Default by the Affordable Developer. Such option to purchase, enter and take possession, to the extent provided in this Agreement, shall be subordinate and subject to and be limited by and shall not defeat, render invalid or limit: any Security Financing Interest encumbering the Affordable Development Parcel permitted by this Agreement; or any rights or interest provided in this Agreement for the protection of the holder of such Security Financing Interest encumbering the Affordable Development Parcel.

To exercise the rights under this Section with respect to the Affordable Development Parcel, the City shall pay to the Affordable Developer, in cash an amount equal to: (i) the fair market value of the improvements existing on the Affordable Development Parcel at the time of the repurchase, reentry and repossession; less (ii) any gains or income (including, but not limited to developer fees) withdrawn or made by the Affordable Developer from the Affordable Development Parcel or the improvements thereon; less; (iii) the value of any unpaid liens or encumbrances on the Affordable Development which the City assumes or takes subject to.

Except in the event the City acquires the Affordable Development Parcel due to a Developer Event of Default caused by the Affordable Developer, if the City acquires the Affordable Development Parcel and within fifteen(15) years of such acquisition transfers the Affordable Development Parcel to a third party, the City shall pay to the Affordable Developer from any revenue received by the City from the transfer of the Affordable Development Parcel an amount equal to the verifiable and documented costs incurred by the Affordable Developer in connection with the Affordable Housing Development, including but not limited to its costs incurred in connection with: obtaining entitlements; preparing plans, specifications and drawings, and any due diligence or other reports and studies; paying property taxes, insurance and other carrying costs; attorney and consultant fees; and escrow and closing costs, provided such costs were not funded by a loan from the City, if any. Such payment to the Developer shall be made concurrently with the transfer of the Affordable Development Parcel by the City to a third party.

The City shall exercise its option to purchase, enter and take possession by giving written notice of such exercise to the Affordable Developer within ninety (90) days from the expiration of any applicable cure period of an uncured Developer Event of Default pursuant to Section 10.2 above or within one hundred twenty (120) days of the occurrence of the events described in Section 8.2 that trigger the City's option rights or the events described in Section 10.2(b). Upon the City's exercise of such option, the Affordable Developer shall execute a grant deed in a form acceptable to the City transferring the Affordable Development to the City. The granting of this option to purchase, enter and take possession to the City shall not impair or limit the City's ability to exercise any other rights or remedies granted to the City in this Agreement.

Section 10.6 Right to Cure at Developers' Expense.

The City shall have the right to cure any monetary defaults by a Developer under a loan in connection with the Developer Parcel after notice to a Developer of the City's intent to cure. Each of the Developers agree to reimburse the City for any funds advanced by the City to cure a monetary default by such Developer upon demand therefore, together with interest thereon at the
lesser of the rate of ten percent (10%) per annum or the maximum rate permitted by law from the date of expenditure until the date of reimbursement.

Section 10.7 Rights of Mortgagees.

Any rights of the City under this Article will not defeat, limit or render invalid any Security Financing Interest permitted by this Agreement or any rights provided for in this Agreement for the protection of holders of Security Financing Interests. Any conveyance or reentry of the Developer Parcel to the City pursuant to this Article will be subject to Security Financing Interests permitted by this Agreement.

Section 10.8 Remedies Cumulative.

No right, power, or remedy given by the terms of this Agreement is intended to be exclusive of any other right, power, or remedy; and each and every such right, power, or remedy will be cumulative and in addition to every other right, power, or remedy given by the terms of any such instrument, or by any statute or otherwise. Neither the failure nor any delay to exercise any such rights and remedies will operate as a waiver thereof, nor will any single or partial exercise of any such right or remedy preclude any other or further exercise of such right or remedy, or any other right or remedy.

Section 10.9 Waiver of Terms and Conditions.

The City Manager may, at the City Manager's discretion, waive in writing any of the terms and conditions of this Agreement (as applicable), without the City and a Developer completing an amendment to this Agreement. No waiver of any default or breach by the Developer hereunder will be implied from any omission by the City to take action on account of such default if such default persists or is repeated, and no express waiver will affect any default other than the default specified in the waiver, and such waiver will be operative only for the time and to the extent therein stated. Waivers of any covenant, term, or condition contained herein will not be construed as a waiver of any subsequent breach of the same covenant, term, or condition. The consent or approval by the City to or of any act by the Developer requiring further consent or approval will not be deemed to waive or render unnecessary the consent or approval to or of any subsequent similar act. The exercise of any right, power, or remedy will in no event constitute a cure or a waiver of any default under this Agreement, nor will it invalidate any act done pursuant to notice of default, or prejudice the City in the exercise of any right, power, or remedy under this Agreement, unless in the exercise of any such right, power, or remedy all obligations of the Developer to City are discharged in full.

Section 10.10 Limited Liability of Tax Credit Investor.

No Tax Credit Investor, nor any constituent partner, member, owner, officer, agent, employee, attorney or consultant of the Tax Credit Investor, including any person executing this instrument required under this Agreement, shall be liable personally under this Agreement (provided that the Tax Credit Investor is not acting as the general partner of the Partnership). No recourse shall be had against any Tax Credit Investor, or any constituent partner, member, owner, officer, employee or agent, as such, of the Tax Credit Investor or any successor whether by virtue of any constitution, statute or rule of law, or by the enforcement of any assessment or penalty or otherwise (provided that the Tax Credit Investor is not acting as the general partner of
the Partnership). The Tax Credit Investor shall be provided with any notice of default from the City to the Affordable Developer, at the address provided by Tax Credit Investor. Tax Credit Investor shall have the same cure rights and cure periods as the Affordable Developer under this Agreement and the Affordable Housing Regulatory Agreement.

ARTICLE 11.
SECURITY FINANCING AND RIGHTS OF HOLDERS

Section 11.1 No Encumbrances Except for Development Purposes.

Notwithstanding any other provision of this Agreement, mortgages and deeds of trust, or any other reasonable method of security are permitted to be placed upon the Developers' fee interest in the Developer Parcels. Mortgages, deeds of trust, or other reasonable security instruments securing loans approved by the City pursuant to the approved Financing Plan are each referred to as a "Security Financing Interest." The words "mortgage" and "deed of trust" as used in this Agreement include all other appropriate modes of financing real estate acquisition, construction, and land development.

Section 11.2 Holder Not Obligated to Construct.

The holder of any Security Financing Interest authorized by this Agreement is not obligated to construct or complete any improvements or to guarantee such construction or completion; nor will any covenant or any other provision in conveyances from the City to a Developer evidencing the realty comprising the Developer Parcel or any part thereof be construed so to obligate such holder. However, nothing in this Agreement is deemed to permit or authorize any such holder to devote the Developer Parcel or any portion thereof to any uses, or to construct any improvements thereon, other than those uses of improvements provided for or authorized by this Agreement and the Affordable Housing Regulatory Agreement, as applicable.

Section 11.3 Notice of Default and Right to Cure.

Whenever the City pursuant to its rights set forth in Article 10 of this Agreement delivers any notice or demand to a Developer with respect to the commencement, completion, or cessation of the construction of the Development Improvements, the City will at the same time deliver to each holder of record of any Security Financing Interest creating a lien upon the Developer's fee interest in the Developer Parcel or any part thereof, a copy of such notice or demand. Each such holder (insofar as the rights of the City are concerned) has the right, but not the obligation, at its option, within ninety (90) days after the receipt of the notice, to cure or remedy or commence to cure or remedy any such default or breach affecting the Developer Parcel which is subject to the lien of the Security Financing Interest held by such holder and to add the cost thereof to the security interest debt and the lien on its security interest. Nothing contained in this Agreement is deemed to permit or authorize such holder to undertake or continue the construction or completion of the Development Improvements (beyond the extent necessary to conserve or protect such improvements or construction already made) without first having expressly assumed in writing a Developer's obligations to the City relating to such Development Improvements under this Agreement pursuant to an assignment and assumption agreement prepared by the City and recordable among the Official Records (the "Security Financing Interest Assignment"). The holder in that event must agree to complete, in the manner
provided in this Agreement (or as may be amended by the Security Financing Interest Assignment; provided, however, the City is under no obligation to extend the dates for performance set forth in this Agreement), the Development Improvements to which the lien or title of such holder relates. Any such holder properly completing such Development Improvements pursuant to this paragraph must assume all rights and obligations of the Developer under this Agreement and will be entitled, upon completion and written request made to the City, to a Certificate of Completion from the City.

Section 11.4 Failure of Holder to Complete Improvements.

In any case after an uncured Developer Event of Default in completion of construction of the Development Improvements under this Agreement, the holder of record of any Security Financing Interest, having first exercised its option to construct pursuant to the Security Financing Interest Assignment, has not proceeded diligently with construction (as reasonably determined by the City) within six (6) months of taking possession of the Development Improvements, the City must be afforded those rights against such holder it would otherwise have against Developer under this Agreement.

Section 11.5 Right of City to Cure.

In the event of a default or breach by a Developer of a Security Financing Interest prior to the completion of the Development Improvements, and the holder has not exercised its option to complete the Development Improvements on the Developer Parcel, the City may cure the default, prior to the completion of any foreclosure. In such event the City will be entitled to reimbursement from the applicable Developer of all costs and expenses incurred by the City in curing the default. The City will also be entitled to a lien upon the Developer Parcel or any portion thereof to the extent of such costs and disbursements. The City agrees that such lien will be subordinate to any Security Financing Interest, and the City will execute from time to time any and all documentation reasonably requested by Developer to effect such subordination.

Section 11.6 Right of City to Satisfy Other Liens.

After the conveyance of title to the Property or any portion thereof and after the Developer has had a reasonable time to challenge, cure or satisfy any liens or encumbrances on the Property or any portion thereof, the City will have the right to satisfy any such lien or encumbrances; provided, however, that nothing in this Agreement will require the Developer to pay or make provision for the payment of any tax, assessment, lien or charge so long as the Developer in good faith may contest the validity or amount therein and so long as such delay in payment will not subject the Property or any portion thereof to forfeiture or sale.

Section 11.7 Holder to be Notified.

The Developer will insert each term contained in this Article into each Security Financing Interest or will procure acknowledgement of such terms by each prospective holder of a Security Financing Interest prior to its coming into any security right or interest in the Property or portion thereof.

ARTICLE 12.
REPRESENTATIONS, WARRANTIES AND COVENANTS

319:01:2290093.1
Section 12.1 Developer Representations and Warranties. Each Developer makes the following representations and warranties to the City as follows:

(a) Good Standing. The Developer is a duly organized and validly existing and in good standing under the laws of the State of California and has the power and authority to own its property and carry on its business as now being conducted.

(b) Corporate Authority. The Developer has full power and authority to execute and deliver this Agreement and to make and accept the grant contemplated hereunder, to execute and deliver all other documents or instruments executed and delivered, or to be executed and delivered, pursuant to this Agreement, and to perform and observe the terms and provisions of all of the above.

(c) Authority of Persons Executing Documents. This Agreement and all other documents or instruments executed and delivered, or to be executed and delivered, pursuant to this Agreement have been executed and delivered by persons who are duly authorized to execute and deliver the same for and on behalf the Developer and all actions required under the Developer's organizational documents and applicable governing law for the authorization, execution, delivery and performance of this Agreement and all other documents or instruments executed and delivered, or to be executed and delivered, pursuant to this Agreement, have been duly taken.

(d) Valid Binding Agreements. This Agreement and all other documents or instruments which have been executed and delivered pursuant to or in connection with this Agreement constitute or, if not yet executed or delivered, will when so executed and delivered constitute, legal, valid and binding obligations of the Developer, enforceable against the Developer in accordance with their respective terms.

(e) No Breach of Law or Agreement. Neither the execution nor delivery of this Agreement or of any other documents or instruments executed and delivered, or to be executed or delivered, pursuant to this Agreement, nor the performance of any provision, condition, covenant or other term hereof or thereof, will conflict with or result in a breach of any statute, rule or regulation, or any judgment, decree or order of any court, board, commission or agency whatsoever binding on the Developer, or any provision of the organizational documents of the Developer, or will conflict with or constitute a breach of or a default under any agreement to which the Developer is a party, or will result in the creation or imposition of any lien upon any assets or property of the Developer, other than liens established pursuant hereto.

(f) Compliance With Laws; Consents and Approvals. The Developer represents and warrants that the construction of the Development Improvements will comply with all applicable laws, ordinances, rules and regulations of federal, state and local governments and agencies and with all applicable directions, rules and regulations of the fire marshal, health officer, building inspector and other officers of any such government or agency.

(g) Pending Proceedings. The Developer is not in default under any law or regulation or under any order of any court, board, commission or agency whatsoever, and there are no claims, actions, suits or proceedings pending or, to the knowledge of the Developer, threatened against or affecting the Developer, respectively, or the Developer Parcel, at law or in
equity, before or by any court, board, commission or agency whatsoever which might, if
determined adversely to the Developer, materially affect the Developer's ability to perform its
obligations under this Agreement or impair the security to be given to the City pursuant hereto.

(h) **Financial Statements.** The financial statements of the Developer and other
financial data and information furnished by the Developer to the City fairly present the
information contained therein. There has not been any adverse, material change in the financial
condition of the Developer from that shown by such financial statements and other data and
information.

**Section 12.2 Effect of Representations and Warranties.** All of the representations and
warranties made by each of the Developers, respectively in this Agreement shall be true and
correct throughout the Term of this Agreement as they pertain to their properties and entities.
Each Developer shall indemnify and defend the Indemnitees against and hold the Indemnitees
harmless from all claims, demands, liabilities, losses, damages, costs and expenses, including
reasonable attorneys' fees and disbursements, that are suffered or incurred by the City if any
representation or warranty made by such Developer, respectively, in this Agreement was untrue
or incorrect in any respect when made or that are caused by any breach of the Developers,
respectively, of any such representation or warranty. The foregoing indemnity shall survive the
termination or expiration of this Agreement. Each representation and warranty in this
Agreement is made by each Developer on behalf of itself only. For the purposes of clarity, any
breach by a Developer under this Article 12 is not intended to result in any cross-default of
Affordable Developer's or Market Rate Developer's respective obligations hereunder.

**ARTICLE 13. GENERAL PROVISIONS**

**Section 13.1 Notices, Demands and Communications.**

Formal notices, demands, and communications between the City and the Developer will
be sufficiently given if, and not be deemed given unless, dispatched by registered or certified

Such written notices, demands and communications may be sent in the same manner to such other addresses as the affected Party may from time to time designate by mail as provided in this Section.

Section 13.2 Non-Liability of City Officials, Employees and Agents.

No board members, officers, directors, representatives, consultants, employees and agents of the City shall be personally liable to any Developer, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Developer or successor or on any obligation under the terms of this Agreement.

Section 13.3 Forced Delay.

In addition to specific provisions of this Agreement, performance by either party hereunder will not be deemed to be in default where delays or defaults are due to war; insurrection; strikes; lock-outs; riots; floods; earthquakes; fires; casualties; acts of God, or other deities; acts of terrorism or the public enemy; epidemics; quarantine restrictions; freight embargoes; governmental restrictions or priority; litigation (including suits filed by third parties concerning or arising out of this Agreement or the Project); acts of the other Parties; acts or failure to act of any public or governmental agency or entity (other than the acts or failure to act of the City); or any other causes (other than Developer's inability to obtain financing for the Development Improvements) beyond the control or without the fault of the party claiming an extension of time to perform. In no event will the cumulative delays exceed one hundred twenty (120) days, unless otherwise agreed to by the Parties in writing.

Section 13.4 Provision Not Merged with Deeds.

None of the provisions of this Agreement are intended to or will be merged by any grant deed transferring title to any real property which is the subject of this Agreement from City to a Developer or any successor in interest, and any such grant deed will not be deemed to affect or impair the provisions and covenants of this Agreement.

Section 13.5 Title of Parts and Sections.

Any titles of the articles, sections or subsections of this Agreement are inserted for convenience of reference only and should be disregarded in construing or interpreting any part of its provision.

Section 13.6 General Indemnification.

(a) Except for claims described in (b) below, the Developer, for itself and all assigns hereunder, hereby agrees to indemnify, defend (with counsel reasonably selected by the City) and hold the Indemnitees harmless against any and all claims, suits, actions, losses and liability of every kind, nature and description made against all or any of the Indemnitees, and expenses (including reasonable attorneys' fees) which arise out of or in connection with this Agreement.
(b) The Affordable Developer, for itself and all assigns hereunder, hereby agrees to indemnify, defend (with counsel reasonably selected by the City) and hold the Indemnitees harmless against any and all claims, suits, actions, losses and liability of every kind, nature and description made against all or any of the Indemnitees, and expenses (including reasonable attorneys' fees) which arise out of or in connection with Affordable Developers' actions or omissions, except to the extent such claim arises from the active negligence or willful misconduct of the Indemnitees. The Market Rate Developer, for itself and all assigns hereunder, hereby agrees to indemnify, defend (with counsel reasonably selected by the City) and hold the Indemnitees harmless against any and all claims, suits, actions, losses and liability of every kind, nature and description made against all or any of the Indemnified Parties, and expenses (including reasonable attorneys' fees) which arise out of or in connection with Market Rate Developers' actions or omissions, except to the extent such claim arises from the active negligence or willful misconduct of the Indemnitees. The provisions of this Section survive both the issuance of a Certificate of Completion by the City and termination of this Agreement.

Section 13.7 Applicable Law.

This Agreement must be interpreted under and pursuant to the laws of the State of California.

Section 13.8 No Brokers.

Each Party represents to the other that it has not had any contact or dealings regarding the property, or any communication in connection with the subject matter of this transaction, through any real estate broker or other person who can claim a right to a commission or finder's fee. If any broker or finder makes a claim for a commission or finder's fee based upon a contact, dealings, or communications, the Party through whom the broker or finder makes this claim must indemnify, defend with counsel of the indemnified party's or parties' choice, and hold the indemnified parties harmless from all expense, loss, damage and claims, including the indemnified parties' reasonable attorneys' fees, if necessary, arising out of the broker's or finder's claim. The provisions of this section survive expiration of the Term or other termination of this Agreement, and will remain in full force and effect.

Section 13.9 Severability.

If any term, provision, covenant or condition of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions will continue in full force and effect unless the rights and obligations of the Parties have been materially altered or abridged by such invalidation, voiding or unenforceability.

Section 13.10 Legal Actions.

Any legal action commenced to interpret or to enforce the terms of this Agreement must be filed in the Superior Court of the County of Contra Costa.

Section 13.11 Attorney's Fees.

In the event any legal action is commenced to interpret or to enforce the terms of this Agreement or to collect damages as a result of any breach thereof, the Party prevailing in any
such action will be entitled to recover against the Party not prevailing all reasonable attorneys' fees and costs incurred in such action.

Section 13.12 Binding Upon Successors.

This Agreement is binding upon and inures to the benefit of the heirs, administrators, executors, successors in interest and assigns of each of the Parties hereto, except that there may be no Transfer of any interest by any of the Parties hereto except pursuant to the terms of this Agreement. Any reference in this Agreement to a specifically named Party is deemed to apply to any successor, heir, administrator, executor or assign of such Party who has acquired an interest in compliance with the terms of this Agreement, or under law.

The covenants and restrictions set forth in this Agreement run with the land, and will bind all successors in title to the Property. Each and every contract, deed, or other instrument hereafter executed covering or conveying the Property will be held conclusively to have been executed, delivered, and accepted subject to such covenants and restrictions, regardless of whether such covenants or restrictions are set forth in such contract, deed, or other instrument, unless the City expressly releases the Property from the requirements of this Agreement.

Section 13.13 Parties Not Co-Venturers.

Nothing in this Agreement is intended to or does establish the Parties as partners, co-venturers, or principal and agent with one another.

Section 13.14 Discretion Retained by City.

The City's execution of this Agreement does not constitute approval by the City and in no way limits the discretion of the County in the permit and approval process in connection with development of the Development Improvements.

Section 13.15 Time of the Essence.

In all matters under this Agreement, the Parties agree that time is of the essence.

Section 13.16 Action by the City.

Except as may be otherwise specifically provided in this Agreement, whenever any approval, notice, direction, finding, consent, request, waiver, extension, or other action by the City is required or permitted under this Agreement, such action may be given, made, or taken by the City Manager, or by any person who have been designated in writing to the Developer by the City Manager, without further approval by the City Council. Any such action must be in writing.

Section 13.17 Entry by the City.

The City, through its officers, agents, consultants or employees, at all reasonable times, and upon forty-eight hours' notice, shall have the right to enter into the Development Improvements: (a) to inspect the work of construction to determine that the same is in conformity with the requirements of this Agreement; and (b), following completion of construction to inspect the ongoing operation and management of the Development
Improvements to determine that the same is in conformance with the requirements of this Agreement. The Developer acknowledges that the City is under no obligation to supervise, inspect, or inform the Developer of the progress of construction, or operations and the Developer may not rely upon the City therefor. Any inspection by the City during the construction is entirely for its purposes in determining whether the Developer is in compliance with this Agreement and is not for the purpose of determining or informing the Developer of the quality or suitability of construction. Each Developer must rely entirely upon its own supervision and inspection in determining the quality and suitability of the materials and work, and the performance of architects, subcontractors, and material suppliers.

Section 13.18 Entire Understanding of the Parties. This Agreement constitutes the entire understanding and agreement of the Parties. All prior discussions, understandings and written agreements are superseded by this Agreement. The Developer and the Developers' counsel have read and reviewed this Agreement and agree that any rule of construction (including, but not limited to Civil Code Section 1654, as may be amended from time to time) to the effect that ambiguities are to be resolved against the drafting Party will not apply to the interpretation of this Agreement.

Section 13.19 Operating Memoranda; Implementation Agreements.

(a) The parties acknowledge that the provisions of this Agreement require a close degree of cooperation and that new information and future events may demonstrate that changes are appropriate with respect to the details of performance of the Parties under this Agreement. The Parties desire, therefore, to retain a certain degree of flexibility with respect to the details of performance for those items covered in general terms under this Agreement. If and when, from time to time, the Parties find that refinements or adjustments are desirable, such refinements or adjustments may be accomplished through operating memoranda or implementation agreements approved by the Parties which, after execution will be attached to this Agreement as addenda and become a part hereof, each an "Operating Memorandum". This Agreement describes some, but not all, of the circumstances in which the preparation and execution of operating memoranda or implementation agreements may be appropriate. Such refinements and adjustments may include changes to the dates for performance in this Agreement and the Development Schedule, as well as extensions thereto.

(b) Each Operating Memorandum or implementation agreements may be negotiated and executed on the City's behalf by the City Manager, or his or her designee. In the event a particular subject requires notice or hearing, such notice or hearing must be appropriately given. Any significant modification to the terms of performance under this Agreement must be processed as an amendment of this Agreement in accordance with Section 13.20 and must be approved by the City Council.

Section 13.20 Amendments. The Parties can amend this Agreement only by means of a writing executed by the Developer and the City.

Section 13.21 Counterparts; Multiple Originals. This Agreement may be executed in counterparts, each of which is deemed to be an original.
Section 13.22 Third Party Beneficiary. This Agreement is made solely for the benefit of the Parties and the Parties' permitted successors and assigns, and no other person or entity shall have or acquire any right by virtue of this Agreement.

The financing for the 68-unit Mayfair Affordable Housing Development includes several capital and operating sources that BRIDGE is expecting to secure over the next few years. The Affordable Housing & Sustainable Communities Program (AHSC) will be evaluated as a potential capital source for the project. AHSC is awarded on an annual basis and applications are due every year in January. A key threshold requirement to apply for AHSC is that 90% of the project’s financing (inclusive of the AHSC award and projected 4% tax credit equity) has been secured. Therefore nearly all of the soft sources must be committed before BRIDGE may apply for AHSC.

Another important source of funding for this project could be SB 3 bond funds. In late 2016, Governor Brown signed this bill which places a $3B bond measure on the November 2018 statewide ballot to pay for the construction of affordable housing. If the bond measure passes, our financial consultants believe that applications will be available by late 2019 and that the soonest these funds will be committed is in 2020, potentially enabling an AHSC application in January 2021. Assuming a substantial commitment of State affordable housing bond funds and a successful AHSC application, construction on the Affordable Project can commence by December 2021 but is contingent on securing all gap subsidy needed for the project. The start of construction may be delayed to the extent subsidy sources are not available per the below schedule.

Below is a summary of the ideal, approximate timing to secure the project’s financing sources:

This schedule represents an approximation taking into account the timing required to secure funds and start construction in a timely manner based on the information available as of the Effective Date in the DDA. Should any of these financing applications be unsuccessful, or should the tax credit/debt market materially change, the project may need to pursue additional gap financing sources which could delay construction commencement.

MARKET RATE DEVELOPMENT FINANCING PROPOSAL

Proposed Financing Plan for El Cerrito Market Rate Housing Development
January 26, 2018

For nearly 30 years, Holliday Development has successfully worked to design, finance, and construct complex infill developments. We are excited to now be working on the Mayfair project and bringing new housing and investment to El Cerrito. During 2018, Holliday Development will invest predevelopment funds to further the Mayfair project through design development and into construction drawings towards the goal of refining the project budget and making a formal building permit submittal. During this time, we will be continuing working with our potential equity partners and construction lenders for the project construction. In particular, Citi Community Capital is a lender that we have worked with for over a decade and that has expressed strong interest in financing the Mayfair project.

Below please find our preliminary budget, sources, and uses for taking the Mayfair project through construction.

In the event Owner exercises its right to contest any tax, assessment, or charge against it, Owner, on final determination of the proceeding or contest, shall immediately pay or discharge any decision or judgment rendered against it, together with all costs, charges and interest.

Section 5.3 Nondiscrimination. All of the Units shall be available for occupancy on a continuous basis to members of the general public who are income eligible. ARTICLE 6.
PROPERTY MANAGEMENT AND MAINTENANCE

Section 6.1 Management Responsibilities. The Owner is responsible for all management functions with respect to the Affordable Development, including without limitation the selection of residents, certification and recertification of household size and income, evictions, collection of rents and deposits, maintenance, landscaping, routine and extraordinary repairs, replacement of capital items, and security. The City shall have no responsibility over management of the Affordable Development. The Owner shall retain a professional property management company, approved by the City in its reasonable discretion, to perform its management duties hereunder. A resident manager shall also be required. At least six (6) months prior to completion of construction of the Affordable Development Owner shall submit a proposed management plan to the City for approval by the City. The City shall approve or disapprove (with written explanation for disapproval) of the proposed management plan by notifying the Owner in writing within sixty (60) days of the date of submission to the City.

Section 6.2 Management Agent; Periodic Reports. The Affordable Development shall be at all times be managed by an experienced management agent reasonably acceptable to the City, with demonstrated ability to operate residential facilities like the Affordable Development in a manner that will provide decent, safe, and sanitary housing (as approved, the "Management Agent"). The City approves BRIDGE Property Management, Inc. as the initial Management Agent. The Owner shall submit for the City's approval the identity of any proposed Management Agent and on-site resident manager. The Owner shall also submit such additional information about the background, experience and financial condition of any proposed Management Agent and on-site resident manager as is reasonably necessary for the City to determine whether the proposed Management Agent or on-site resident manager meets the standard for a qualified Management Agent or on-site resident manager set forth above. If the proposed Management Agent or on-site resident manager meets the standard for a qualified Management Agent or on-site resident manager set forth above, the City shall approve the proposed Management Agent or on-site resident manager by notifying the Owner in writing. Unless the proposed Management Agent or on-site resident manager is disapproved by the City within thirty (30) days, which disapproval shall state with reasonable specificity the basis for disapproval, it shall be deemed approved.

Section 6.3 Performance Review. The City reserves the right to conduct an annual (or more frequently, if deemed reasonably necessary by the City) review of the management practices of the Affordable Development. The purpose of each periodic review will be to enable
the City to determine if the Affordable Development is being operated and managed in accordance with the requirements and standards of this Agreement. The Owner shall cooperate with the City in such reviews.

Section 6.4 Replacement of Management Agent or On-Site Resident Manager. If, as a result of a periodic review, the City determines, in its reasonable judgment, that the Affordable Development is not being operated and managed in accordance with any of the material requirements and standards of this Agreement, the City shall deliver notice to Owner of its intention to cause replacement of the Management Agent or on-site resident manager, including the reasons therefore. Within fifteen (15) days of receipt by Owner of such written notice, City staff and the Owner shall meet in good faith to consider methods for improving the operating status of the Affordable Development. If, after a reasonable period as determined by the City (not to exceed sixty (60) days), the City determines that the Owner is not operating and managing the Affordable Development in accordance with the material requirements and standards of this Agreement, the City may require replacement of the Management Agent or on-site resident manager.

If, after the above procedure, the City requires in writing the replacement of the Management Agent or on-site resident manager, Owner shall promptly dismiss the then Management Agent or on-site resident manager, and shall appoint as the Management Agent or on-site resident manager a person or entity meeting the standards for a Management Agent or on-site resident manager set forth in Section 5.2 above and approved by the City pursuant to Section 5.2 above.

Any contract for the operation or management of the Affordable Development entered into by Owner shall provide that the contract can be terminated as set forth above. Failure to remove the Management Agent or on-site resident manager in accordance with the provisions of this Section shall constitute default under this Agreement, and the City may enforce this provision through legal proceedings as specified in Section 6.4.

Section 6.5 Approval of Management Policies. The Owner shall submit its written management policies with respect to the Affordable Development to the City for its review, and shall amend such policies in any way necessary to ensure that such policies comply with the provisions of this Agreement.

Section 6.6 Property Maintenance. The Owner agrees, for the entire Term of this Agreement, to maintain all interior and exterior improvements, including landscaping, on the Property in good condition and repair (and, as to landscaping, in a healthy condition) and in accordance with all applicable laws, rules, ordinances, orders and regulations of all federal, state, county, municipal, and other governmental agencies and bodies having or claiming jurisdiction and all their respective departments, bureaus, and officials.

The City places prime importance on quality maintenance to protect its investment and to ensure that all affordable housing projects within the City are not allowed to deteriorate due to below-average maintenance. Normal wear and tear of the Affordable Development will be acceptable to the City assuming the Owner agrees to provide all necessary improvements to assure the Affordable Development is maintained in good condition. The Owner shall make all repairs and replacements necessary to keep the improvements in good condition and repair.
In the event that the Owner breaches any of the covenants contained in this section and such default continues for a period of ten (10) days after written notice from the City with respect to graffiti, debris, waste material, and general maintenance or thirty (30) days after written notice from the City with respect to landscaping and building improvements, then the City, in addition to whatever other remedy it may have at law or in equity, shall have the right to enter upon the Property and perform or cause to be performed all such acts and work necessary to cure the default unless the Owner has commenced to cure such breach within the applicable cure period and is diligently pursuing such cure. Pursuant to such right of entry, the City shall be permitted (but is not required) to enter upon the Property and perform all acts and work necessary to protect, maintain, and preserve the improvements and landscaped areas on the Property, and to attach a lien on the Property, or to assess the Property, in the amount of the expenditures arising from such acts and work of protection, maintenance, and preservation by the City and/or costs of such cure, including a fifteen percent (15%) administrative charge, which amount shall be promptly paid by the Owner to the City upon demand.

ARTICLE 7.
MISCELLANEOUS

Section 7.1 Term. The provisions of this Agreement shall apply to the Property for the entire Term. This Agreement shall bind any successor, heir or assign of Owner, whether a change in interest occurs voluntarily or involuntarily, by operation of law or otherwise, except as expressly released by the City. The City conveyed the Property to the Owner on the condition, and in consideration of, this provision, and would not do so otherwise.

Section 7.2 Covenants to Run With the Land. The City and Owner hereby declare their express intent that the covenants and restrictions set forth in this Agreement shall run with the land, and shall bind all successors in title to the Property, provided, however, that on the expiration of the Term of this Agreement said covenants and restrictions shall expire. Each and every contract, deed or other instrument hereafter executed covering or conveying the Property or any portion thereof shall be held conclusively to have been executed, delivered and accepted subject to such covenants and restrictions, regardless of whether such covenants or restrictions are set forth in such contract, deed or other instrument, unless the City expressly releases such conveyed portion of the Property from the requirements of this Agreement.

**Section 7.8 Governing Law.** This Agreement shall be governed by the laws of the State of California.

**Section 7.9 Amendments.** This Agreement may be amended only by a written instrument executed by all the parties hereto or their successors in title, and duly recorded in the real property records of the County of Contra Costa, California.

**Section 7.10 Notice.** All notices given or certificates delivered under this Agreement shall be in writing and be deemed received on the delivery or refusal date shown on the delivery receipt, if: (i) personally delivered by a commercial service which furnishes signed receipts of delivery or (ii) mailed by certified mail, return receipt requested, postage prepaid, addressed as shown on the signature page. Any of the parties may, by notice given hereunder, designate any further or different addresses to which subsequent notices, certificates or communications shall be sent.

**Section 7.11 Severability.** If any provision of this Agreement shall be invalid, illegal or unenforceable, the validity, legality and enforceability of the remaining portions of this Agreement shall not in any way be affected or impaired thereby.

LEGAL DESCRIPTION OF THE PROPERTY

The land referred to is situated in the County of Contra Costa, City of El Cerrito, State of California, and is described as follows:
Date: February 6, 2018
To: El Cerrito City Council
From: Yvetteh Ortiz, Public Works Director/City Engineer

Subject: Temporary Modular Buildings for Senior Services – Lease Agreement with Mobile Modular

ACTION REQUESTED
Adopt a resolution for the following actions:
1. Authorize the City Manager to execute an agreement with Mobile Modular for leasing of temporary modular buildings for senior services with one-time charges of $103,800 and monthly rent charges of up to $10,000 for a 60-month term;
2. Approve a contingency amount of $10,000 for delivery and installation charges by Mobile Modular; and
3. Waive all City-related fees for Planning Approvals and Building Permits.

BACKGROUND
On May 24, 2017, without notice, the West Contra Costa Unified School District (WCCUSD) Board of Education, in closed session, gave District staff direction to terminate the lease of the El Cerrito Open House Senior Center located at 6500 Stockton Avenue. The El Cerrito Open House Senior Center has been at its current location for over fifty years. City representatives requested that the District allow the City more time so that a comparable or better location could be identified in a reasonable timeframe. The District did not respond to these requests. As a result, the City must vacate the current location on Stockton Avenue by June 30, 2018. City staff diligently worked to investigate various options for a temporary or permanent facility and location to maintain the City’s senior services. Options to relocate senior services, given the minimal amount of time provided by WCCUSD, are very limited since the City does not have the funding necessary to construct a new building or renovate an existing one.

On October 3, 2017, the City Council directed City staff to proceed with accommodating senior services at two facilities:

- A temporary modular facility at 10940 San Pablo Avenue, the site of the temporary City Hall facility between 2006 and 2008, north of the Public Safety Building and Assembly of God Church; and
- A permanent facility on the ground floor of the Hana Gardens senior affordable housing development under construction next to City Hall, at 10860 San Pablo Avenue.
The modular buildings would provide space similar in size to the current senior center. The Hana Gardens space, consisting of 2,000 square feet, would provide the City an opportunity to expand current programming. Eden Housing, the owner of Hana Gardens, generously offered to lease this facility to the City at a cost of $1.00 per year for five years, as well as, to provide funding and implementation for tenant improvements.

**ANALYSIS**

City staff researched modular building companies in the nine-county Bay Area that would be able to provide adequate facilities for existing senior services, including offices, dining room, and flexible programming spaces, within a very tight schedule, and would also collaboratively work with City staff to refine building layout plans. Only two modular companies were available to provide these services – Mobile Modular and Design Space Modular Buildings.

Mobile Modular, the company who provided modular buildings for the temporary City Hall, and Design Space, a General Services Administration (GSA) Vendor, were requested to assist staff in refining preliminary designs and provide preliminary estimates of schedule and costs. After various design iterations, Design Spaces informed City staff that they would not be able to honor a GSA pricing structure and provided new estimates that were significantly higher than previously provided. Mobile Modular continued to assist City staff and confirmed that they could meet the City’s schedule.

Mobile Modular has submitted a proposal that is consistent with the needs for senior services including two modular buildings totaling 5,760 square feet, deck, ramps, steps and select furnishings and equipment. Based on their responsiveness, recent experience with the El Cerrito temporary City Hall, delivery schedule and comparative price as summarized below, City staff believes that Mobile Modular best meets the interests of the City.

*Based on initial cost estimates as described above

Mobile Modular’s proposal is for total one-time charges of $103,800 including delivery and return charges, and monthly rent charges of $9,700 for a 60-month term. City staff is requesting City Council approve a contingency amount of $10,000 for delivery and installation charges to address adjustments related to site conditions. City staff is also requesting approval of monthly rent of up to $10,000 to allow for changes in interior layout and windows, as well as, for potential changes in Mobile Modular’s available inventory of modular buildings. City staff will investigate other options for cabinets, deck, and ramps as an opportunity to reduce the monthly rental costs.
The schedule for delivery and installation of the modular buildings is approximately nine weeks after execution of the lease agreement. Pending approval by the City Council, City staff estimates that the modular buildings would be installed in mid to late April. This will provide for approximately two months to complete site improvements and make the buildings fully operational for move-in.

**STRATEGIC PLAN CONSIDERATIONS**

The City’s Strategic Plan articulates the mission of the City to serve, lead, and support our diverse and transit-rich community by providing exemplary and innovative services, public places and infrastructure, ensuring public safety, and creating an economically and environmentally sustainable future. Approval of the lease agreement with Mobile Modular will allow the City to continue to provide much needed senior services given extraordinary time constraints and is therefore consistent with Strategic Plan Goal A - Delivering Exemplary Government Services.

**ENVIRONMENTAL CONSIDERATIONS**

The project is categorically exempt from review under the California Environmental Quality Act (CEQA). More specifically, the project is exempt under Section 15303, New Construction or Conversion of Small Structures, Subsection c. This Class 3 category consists of construction and location of limited numbers of new, small facilities or structures; installation of new equipment and facilities in small structures; and the conversion of existing small structures from one use to another where only minor modifications are made in the exterior of the structure. In urbanized areas, the exemption applies to up to four such commercial buildings not exceeding 10,000 square feet in floor area on sites zoned for such use if not involving the use of significant amounts of hazardous substances where all necessary public services and facilities are available, and the surrounding area is not environmentally sensitive. The temporary modular buildings at 10940 San Pablo Avenue meet these conditions.

**FINANCIAL CONSIDERATIONS**

Fiscal Year (FY) 2017-18 expenses related to the Mobile Modular lease would total $96,000, which includes the delivery costs and up to three months of rent. City staff is in the process of refining upfront costs for other items of work related to the relocation of senior services to the 10940 San Pablo Avenue site. These include utility connections, parking lot striping, communications, furniture, fixtures, equipment, landscaping, and moving costs among others. At this time, the estimated total cost ranges between $400,000 and $450,000 for upfront costs including those for the modular buildings as noted above.

The costs related to the relocation of senior services are unbudgeted expenses. Although a portion of these costs can be absorbed within current General Fund appropriations, City staff will need to obtain supplemental appropriations in the General Fund to cover these costs as part of the FY 2017-18 mid-year budget update that will be brought to City Council for review in March. The monthly rental expenses will be included in the Recreation Department operating budget beginning in FY 2018-19 as part of the City’s annual budget.
LEGAL CONSIDERATIONS
The City Attorney has reviewed and provided comments on the Lease Quotation and Agreement and affirms their legality. The final version will be substantially in the form attached and subject to the approval of the City Attorney.

The parties hereto, Mobile Modular Management Corporation, a California corporation, as lessor ("Lessor") and lessee ("Lessee"), as described in the Lease Agreement in the section titled "Customer Information") hereby agree to this Lease Agreement and the terms and conditions set forth in the Lease Terms and Conditions, attached hereto as Attachment A, which are hereby incorporated by reference. The individual signing this Lease Agreement affirms that he/she is duly authorized to execute and commit to this Lease Agreement for the above named Lessee.

**ATTACHMENT A**

**LEASE TERMS AND CONDITIONS**

1. **LEASE.** Lessor leases to Lessee, and Lessee leases from Lessor, the equipment listed on the Lease Agreement hereto (the "Equipment") on the terms and conditions set forth herein. Each such Lease Agreement ("Agreement") and the lease provisions on Lessor’s website at [www.MobileModular.com/ContractTerms] (the "Incorporated Provisions"), which are incorporated by reference into the Agreement, shall constitute a separate and independent lease (a "Lease") of the Equipment listed in the Agreement under "Product Information". In the event of a conflict between this Agreement and Lessee’s contract, purchase order or other document, the terms of this Agreement shall prevail.

2. **LEASE TERM.** The Agreement shall be in full force and effect upon the date of execution by Lessee. The Lease Term and Monthly Rent shall commence on the Start Rent Date specified in the Agreement (which may be adjusted by mutual agreement of Lessee and Lessor), and shall continue thereafter for the number of months specified in the Agreement as the “Contract Term” (the “Lease Term”). Lessee is responsible for paying the Monthly Rent specified in the Agreement (as such may be adjusted pursuant to Section 4) for each month during the Lease Term. This Lease Agreement defines a month as 30 calendar days; rent will be billed monthly unless otherwise specified. In the event that Lessor terminates the Agreement prior to the expiration of the Lease Term, Lessor shall be entitled to charge an early termination fee, even if such termination occurs prior to delivery of the Equipment. Such fee shall be determined by Lessor following the receipt of the termination request. Such early termination fee may include charges related to the preparation of the Equipment for delivery and/or the rental value of the Agreement. In no event shall any such early termination fee exceed the total value of the Lease Agreement. Lessor shall not be liable to Lessee for any failure or delay in obtaining, delivering or setting up the Equipment. In the event Lessor is responsible for delay in obtaining, delivering or setting up the Equipment, the Start Rent Date shall be deemed to be revised to the date that Lessor substantially completes setting up the Equipment. If any delay in obtaining, delivering or setting up the Equipment is caused by failure of the site to be ready or for any other reason not solely the responsibility of Lessor, the Lease shall commence as of the Start Rent Date originally stated notwithstanding such delay.

3. **RETURN OF EQUIPMENT.** Regardless of the stated Lease Term, Lessee must provide a minimum of 30 days’ prior notice for return delivery of Equipment. Please review the Incorporated Provisions on Lessor’s website at [https://www.mobilemodular.com/contractterms] for the conditions under which the Equipment must be returned. Unless otherwise agreed upon by Lessor in writing, Monthly Rent shall be due until return of the Equipment to Lessor is completed and shall not be based upon the date such return is requested. Lessor prorates rent in one-half (1/2) month increments only. Lessee is responsible for paying the full month’s rental payment for Equipment returned after the fifteenth (15th) day of the billing cycle.

4. **HOLDING OVER; LEASE EXTENSION.** Following the expiration of the Lease Term, the Lease and the terms and conditions set forth herein, shall be extended on a month-to-month basis until the Equipment is returned to Lessor. In this event, Lessor may establish a revised rental rate which shall constitute the Monthly Rent. The charges upon return and any other charges related to the return of the Equipment may be reasonably revised from those reflected in the Agreement, at Lessor's discretion, should the Lease be extended beyond the initial Lease Term.

5. **LESSEE AGREEMENTS.** Lessee agrees that:

   (a) Lessor may insert in the applicable Agreement the serial number and other identification data relating to the Equipment when ascertained by Lessor; and

   (b) Lessor (or its agents, employees or contractors) may, from time to time at any reasonable time, enter upon the premises of Lessee for the purposes of (1) inspecting the Equipment or posting “Notices of Non-Responsibility” or similar notices thereon, or (2) photographing the Equipment,
including any items or occupants within or surrounding the Equipment, for promotional or other purposes, pursuant to Section 6 of the Incorporated Provisions. If Lessor determines that repairs to the Equipment are needed, Lessee shall grant access for said repairs. Lessor shall bear the expenses that it determines are needed to ameliorate normal wear and tear; the expense of all other repairs (including any repairs requested by Lessee) shall be borne by Lessee. If Lessee does not grant access for such repairs between 8:00 a.m. and 5:00 p.m., Monday through Friday, Lessee shall bear the cost of repair rates for labor at the applicable overtime rates.

6. SECURITY DEPOSIT. Lessee shall pay to Lessor the Security Deposit specified in the Agreement, which may be due upon execution of the Agreement, if specified. The Security Deposit shall be held by Lessor (who shall have no obligation to collect or pass through to Lessee any interest thereon) as security for Lessee’s faithful performance of the terms and conditions of the applicable Lease, including without limitation Lessee’s indemnification obligations under Section 12. If an Event of Default occurs, Lessor may apply the Security Deposit to payment of its costs, expenses and attorney fees in enforcing the terms of the Lease and to indemnify Lessor against any costs, expenses or damages sustained by Lessor in connection with the Lease (provided, however, nothing herein contained shall be construed to mean that the recovery of damages by Lessor shall be limited to the amount of the Security Deposit). In the event all or any portion of the Security Deposit is applied as aforesaid, Lessee shall deposit additional amounts with Lessor so that the Security Deposit shall always be maintained at the amount specified in the Agreement. At the end of the Lease Term, Lessor shall apply any remaining balance of the Security Deposit to the payment of any monies owed to Lessor under the Lease. Thereafter, if no Event of Default has occurred and is continuing and Lessee has complied with Section 3, Lessor shall return to Lessee any remaining balance of the Security Deposit.

7. ASSIGNMENT. Lessee will not assign, convey, transfer, or pledge as security or collateral its interest, or any part thereof, in and to any Lease or the Equipment without the prior written consent of Lessor; and any such attempted assignment, conveyance, transfer, or pledge of security or collateral, whether voluntary or involuntary, shall be null and void, and any such attempt act may be considered an Event of Default. Lessor may, at its option and without the prior approval of Lessee, transfer, convey, assign or pledge as security or collateral its interest or any part thereof, in and to the Lease.

8. PAYMENTS. Lessee agrees to pay to Lessor (at the office of Lessor or to such other person or at such other place as Lessor may from time to time designate to Lessee in writing) each payment specified herein on a net invoice basis without demand by Lessor. Payment terms are net due upon receipt unless otherwise agreed upon in writing. All payments due from Lessee pursuant to the terms of the Lease shall be made by Lessee without any abatement or setoff of any kind whatsoever arising from any cause whatsoever.

9. TAXES AND LIENS. Lessee agrees to keep the Equipment free of all levies, liens or encumbrances. Lessee shall, in the manner directed by Lessor, (a) make and file all declarations and returns in connection with all charges, fees and taxes (local, state and federal) levied or assessed either upon Lessee or Lessor, or upon the ownership, leasing, rental, sale, possession, use, or operation of the Equipment, and (b) pay all such charges, fees and taxes. However, Lessor shall pay all local, state or federal net income taxes relating to the Lease.

10. LOSS OR DAMAGE. Until the Equipment is returned to Lessor, Lessee assumes all risk of loss or damage to the Equipment. Subject to Section 12(b), should any Equipment damaged be capable of repair, the Lease shall not terminate, but Lessee shall cause the Equipment to be repaired and restored to its condition existing prior to such damage, at Lessee’s sole expense. In the event any of the Equipment is damaged beyond repair or is lost, stolen or wholly destroyed, this Agreement shall cease and terminate as to such Equipment as of the date of the event, accident or occurrence causing such loss or destruction, and Lessee shall pay Lessor within ten (10) days thereafter, an amount equal to the full replacement value of the Equipment. Lessee shall be entitled to the benefit of the proceeds from any insurance recovery received by Lessor, up to an amount equal to that which Lessee has paid to Lessor pursuant to this paragraph.

11. INSURANCE. Lessee shall provide, maintain, and pay all premiums for property insurance covering the loss, theft, destruction, or damage to the Equipment in an amount not less than the full replacement value thereof, naming Lessor as loss payee of the proceeds. Lessee shall also provide, maintain, and pay all premiums for general liability insurance (minimum of $1,000,000 per occurrence), naming Lessor as an additional insured. All insurance shall be in a form and with a company having an A.M. Best rating of A- or better, and shall not be subject to cancellation without thirty-(30) day’s prior written notice to Lessor. Lessee shall deliver to Lessor insurance certificates, or evidence of insurance related thereto, meeting the above requirements. Proceeds of such insurance shall, at Lessor’s option, be applied either towards replacement, restoration or repair of the Equipment or towards payment of Lessee’s obligations under the Lease. Lessor may require Lessee’s insurance carrier to be licensed to do business in the state where the Equipment is being leased. Lessor will not and does not provide insurance for any of Lessee’s personal property that may be in or on any Equipment.

12. WAIVER AND INDEMNIFICATION

(a) Lessee hereby waives and releases all claims against Lessor for (i) loss of or damage to all property, goods, wares and merchandise in, upon or about the Equipment, (ii) injuries to Lessee, Lessee’s agents and third persons, and (iii) the use, misuse, or malfunction of any security screens provided with the Equipment, in each case, irrespective of the cause of such loss, damage or injury. Under no circumstances shall Lessor be liable to Lessee for any special, incidental or consequential damages of any kind (including, but not limited to damages for loss of use, or profit, by Lessee or for any collateral damages), whether or not caused by Lessor’s negligence or delay, resulting from the Lease or the manufacture, delivery, installation, removal or use of the Equipment, or in connection with the services rendered by Lessor hereunder, even if the parties have been advised of the possibility of such damages.

(b) Lessee agrees to indemnify and hold harmless Lessor from and against any and all losses, liabilities, costs, expenses (including attorney fees), claims, actions, demands, fines, forfeitures, seizures or penalties (collectively, “Claims”) arising out of (i) the maintenance, possession or use of the Equipment by Lessee, its employees, agents or any person invited, suffered or permitted by Lessee to use or be in, on or about the Equipment, including to the extent arising from Lessor’s negligence, (ii) Lessee’s failure to comply with any of the terms of the Lease, and (iii) any theft or destruction of, or damage to, the Equipment. If the foregoing obligations are not enforceable against Lessee under applicable law, Lessee agrees to indemnify and hold harmless Lessor from and against any and all Claims to the maximum extent permitted by applicable law. Lessee shall make all payments due under this Section upon demand by Lessor.
13. EVENTS OF DEFAULT.

(a) Each of the following shall constitute an "Event of Default": (1) default by Lessee in making any required payment to Lessor and the continuance of such default for ten (10) consecutive days; (2) default by Lessee in the performance of any obligation, covenant or liability contained in the Lease or any other agreement or document with Lessor and the continuance of such default for ten (10) days after written notice, thereof by Lessor to Lessee; (3) any warranty, representation or statement made or furnished to Lessor by or on behalf of Lessee proves to have been false in any material respect when made or furnished; (4) loss, theft, damage, destruction or the attempted sale or encumbrance by Lessee of any of the Equipment, or any gift, lease, sale, gift, or attachment thereof or thereon; or (5) Lessee's dissolution, termination of existence, discontinuance of business, insolvency, or business failure; or the appointment of a receiver of any part of, the assignment for the benefit of creditors by, or the commencement of any proceedings under any bankruptcy, reorganization or arrangement laws by or against, Lessee. Lessee acknowledges that any Event of Default will substantially impair the lease value hereof.

(b) REMEDIES OF LESSOR: Upon the occurrence of any Event of Default and any time thereafter, Lessor may, without notice, exercise one or more of the following remedies, as Lessor, in its sole discretion shall elect: (1) declare all unpaid lease payments under the Lease to be immediately due and payable; (2) terminate the Lease as to any or all items of the Equipment; (3) take possession of the Equipment wherever found, and for this purpose enter upon any premises of Lessee and remove the Equipment, without any liability for suit, action or other proceedings by Lessee; (4) direct Lessee at its expense to promptly prepare the Equipment for pickup by Lessor; (5) use, hold, sell, lease or otherwise dispose of the Equipment or any item thereof on the site specified on the applicable Agreement or any other location without affecting the obligations of Lessee as provided in the Lease; (6) proceed by appropriate action either in law or in equity to enforce performance by Lessee of the terms of the Lease or to recover damages for the breach hereof; (7) apply the Security Deposit to payment of Lessor's costs, expenses and attorney fees in enforcing the terms of the Lease and to indemnify Lessor against any damages sustained by Lessor (provided, however, nothing herein shall be construed to mean that the recovery of damages by Lessor shall be limited to the amount of the Security Deposit); (8) exercise any and all rights accruing to Lessor under any applicable law upon an Event of Default. In addition, Lessor shall be entitled to recover immediately as damages, and not as a penalty, a sum equal to the aggregate of the following: (i) all unpaid payments as are due and payable for any items of Equipment up to the date of repossession by Lessor; (ii) any expenses paid or incurred by Lessor in connection with the repossession, holding, repair and subsequent sale, lease or other disposition of the Equipment, including attorney's fees and other reasonable costs and expenses; (iii) an amount equal to the excess of (a) all unpaid payments for any item of Equipment repossessed by Lessor from the date thereof to the end of the term of the Lease over (b) the fair market lease value of such item or items of Equipment for such unexpired lease period (provided however, that the fair market lease value shall be deemed to not exceed the proceeds of any sale of the Equipment or lease thereof by Lessor for a period substantially similar to the unexpired lease period); and (iv) the replacement cost of any item of Equipment which Lessee fails to prepare for return to Lessor as provided above or converts or is destroyed, or which Lessee is unable to repossess.

14. OWNERSHIP AND MARKING OF EQUIPMENT. Title to the Equipment shall remain with Lessor (or its Principal). Unless otherwise specified in writing by Lessor, no option or other right to purchase the Equipment is granted or implied by the Lease to Lessee or any other person. The Equipment shall remain and be deemed to be personal property of Lessor, whether attached to realty or not, and upon termination of the Lease or the occurrence of an Event of Default, Lessee shall have the duty and Lessor shall have the right to remove the Equipment whether or not affixed to any realty or building without any liability to Lessor for damage to the realty or building caused by the removal of the Equipment. Any replacement, substitutes, accessories or parts, whether placed in or upon the Equipment or not, whether made a component part thereof or not, shall be the property of Lessor and shall be included under the terms of the Lease.

15. COMPLIANCE WITH LAW. Lessee assumes all responsibility for any and all licenses, clearances, permits and other certificates as may be required for Lessee's lawful operation, use, possession and occupancy of the Equipment. Lessee agrees to fully comply with all laws, rules, regulations and orders of all local, state and federal governmental authorities which in any way relate to the Equipment. Lessee shall pay the cost of all license and registration fees and renewals thereof.

16. GOVERNING LAW. Lessee and Lessor agree that the Lease shall be governed in all respects by, and interpreted in accordance with the laws of, the State of California, without regard to its conflicts of laws provisions.

Subject to Section 12, the prevailing party shall be entitled to recover reasonable attorneys' fees and court costs, whether or not the action proceeds to judgment.

(b) In all other cases, the Federal District Courts located within the State of California shall have non-exclusive jurisdiction over any lawsuit brought by Lessee or Lessor as a result of any dispute regarding matters arising in connection with the Lease. Further, it is agreed that the venue for a legal action relating to the Lease shall be proper if brought in Alameda County, State of California. Subject to Section 12, the prevailing party shall be entitled to recover reasonable attorneys' fees and court costs, whether or not the action proceeds to judgment.

18. MEDIATION; ARBITRATION. Lessee agrees to abide by Lessor's option (if Lessor shall so choose) to have any claims, disputes, or controversies arising out of or in relation to the performance, interpretation, application, or enforcement of the Lease, including but not limited to breach thereof, referred to mediation before, and as a condition precedent to, the initiation of any adjudicative action or proceeding, including arbitration. If mediation fails to resolve the claims, disputes or controversies between Lessor and Lessee, Lessee agrees to abide by Lessor's option (if Lessor shall so choose) to have the claims, disputes or controversies referred to binding arbitration. The parties hereto acknowledge that the subject matter of the Lease is a matter of interstate commerce.

19. CREDIT CARD AUTHORIZATION. Lessee hereby gives authorization to Lessor to charge against credit card provided all amounts billed for this transaction including applicable taxes, shipping and handling charges. For a rental/lease transaction, charges may be recurring and additional billing and charges will occur until such time as all Equipment and respective accessories are returned and the rental is terminated.

20. HAZARDOUS MATERIALS. Lessee agrees that no water, paint or chemicals, and no illegal, hazardous, controlled, toxic, explosive, flammable, restricted, contaminated or other dangerous materials, shall be maintained or stored in or on the Equipment.

22. **MISCELLANEOUS.** Time is of the essence of each and every provision of the Lease. Failure of Lessor to enforce any term or condition of the Lease shall not constitute a waiver of subsequent defaults by Lessee, nor shall it, in any manner, affect the rights of Lessor to enforce any of the provisions hereunder. The invalidity or unenforceability of any provision of the Lease shall not affect the validity or enforceability of any other provision.

23. **ENTIRE AGREEMENT.** The Lease constitutes the entire agreement between Lessor and Lessee with respect to the subject matter hereof and, except for the Incorporated Provisions that may be updated by Lessor from time to time in its sole discretion, may not be amended, altered or modified except by a writing signed by both Lessor and Lessee.

Stairs shall not be altered in any form from the delivered state. Any modification to or failure of Lessee to properly maintain the stairs may result in failure to comply with applicable code.

i. SECURING. Securing the stairs to the other Equipment, adjusting the stairs to the threshold of the doorway, adjustment of the treads, landing, or handrails to meet local, state or federal requirements, maintenance of the stairs or any other item not specifically indicated above is solely the responsibility of the Lessee. Attaching steps and ramps directly to the doorjamb will result in an inoperable door.

ii. CODE AND EGRESS REQUIREMENTS. Lessor hereby advises the Lessee of the need to meet applicable code requirements, adjust and secure the stairs to the exit way upon completion of the installation of the Equipment and to maintain the stairs such that the safety of all users is ensured. It is the Lessee’s responsibility to ensure that steps or a ramp are provided for each building egress. Lessee is responsible for the provision of level landing sufficient per any applicable code. Lessee must make the transition from wherever the stairs end to the existing grade. This transition may require grading, paving or other work by the Lessee to ensure that the finished stairs comply with all applicable codes.

iii. SITE CONDITIONS. Lessee should be aware that certain site conditions may impact the use of Equipment consisting of stairs. Standard threshold heights on properly prepared sites vary based on Equipment, Equipment or sites not meeting this threshold height may result in additional charges for special Equipment.

b. RAMPS. Lessor recommends that Lessee looks closely at all conditions of impact. Any Equipment consisting of ramps are not to be altered in any form from the installed state. Any modifications may result in failure to comply with applicable code. Additionally, any modification or change to handicap ramp, including cosmetic changes, may result in additional fees to the Lessee for up to the replacement cost of the ramp.

i. SITE CONDITIONS. Sloping site or other conditions may impact the use of a prefabricated ramp and require longer ramps or alternate configurations. This may result in additional charges to Lessee. After installation of the Equipment, the landing for any ramp will be set up such that it is in conformance with door threshold
requirements (provided that Lessee’s site will allow such). The ramp will then be affixed to the landing. It will be the responsibility of the Lessee to make the transition from wherever the ramp ends to the existing grade. This transition may require grading, paving or other work by the Lessee to ensure that the finished ramp complies with all applicable codes. Adjacent buildings may require additional ramping or render the standard prefabricated ramps unusable.

c. **RESTROOM/PLUMBING.** If any Equipment consists of restrooms or plumbing, the Lessee is responsible for making both waste and water connections to the building stub outs. If a plumbing manifold is provided with the Equipment, Lessee is responsible for assembly of the manifold and for final on-site connections. Lessor makes no guarantees that the stub out locations or set height of the building will coincide with existing stub outs, holding tanks, or other connection-related items.

   i. **MALFUNCTIONS.** Lessee is responsible for any malfunction of lines, valves, piping, etc., related to foreign matter, improper connection of waste/water lines or misuse, or for any other malfunction not directly attributable to a defect in the plumbing systems contained within the Equipment as provided by Lessor.

   ii. **TEMPORARY/PORTABLE HOLDING TANKS.** Lessor shall not be liable for loss or damage as a result of holding tanks that fill up more quickly than expected, or that overflow. For Lessee’s comfort and convenience, Lessor strongly recommends that the Equipment be connected directly to sanitary sewer lines.

   iii. **CONNECTION TESTING AND VERIFICATION.** Testing of water for chlorination, pressure, or other items/issues is the responsibility of the Lessee.

d. **BUILDINGS.** Equipment consisting of buildings may be used only for office space, light storage or classroom facilities and for no other purpose without the prior written consent of Lessor.

   i. **SITE INSTALLATION REQUIREMENTS FOR DSA CLASSROOM BUILDINGS.** In the case of Equipment located in the State of California, the Lessee is responsible for the site being cleared (free of grass, shrubs, trees, etc.) and graded to within 4 1/2” of level grade for each building. If the site exceeds the 4 1/2’ requirement additional costs may be charged to Lessee. Under no circumstances should the site be greater than 9” from level grade or have less than a 1000 psf minimum soil bearing pressure. PRIOR TO DELIVERY, the Lessee shall mark the four corners of the building on the site, including the door location. Special handling be required to place, install or remove the classroom on the Lessee’s site due to site obstructions such as fencing, landscaping, other classrooms, etc., Lessee may be responsible for additional charges.

   ii. **EQUIPMENT LOCATED IN THE STATE OF FLORIDA.** Hybrid Campus Maker and Type IIB Side Stackable classrooms have a one-hour fire rating on the long side walls. Penetration of these walls may cause the Equipment to lose its one-hour fire rating and the Equipment will not be code compliant.

e. **SEISMIC/WIND.** Equipment consisting of either friction based or earth anchor seismic/wind restraint systems are rated for exposure C wind loads as defined on plans provided to Lessee and are designed to be used on sites with a minimum soil bearing pressure as specified on such engineered plans. Lessor recommends that Lessee verify with the local governing authority that these systems are appropriate for the site. In some cases, additional charges may be incurred by Lessee for custom foundation engineering and additional foundation work.

   i. **FRICITION BASED SYSTEM.** The price quoted is for the rental, installation and removal of the system and is valid for the initial Lease Term specified in the Agreement. The system can be provided with wet stamped engineered plans and calculations for an additional charge. Lessor does not warrant that the Lessee’s site conditions will be adequate for the seismic/wind support system. Any testing required by any agency of the soil or the product, is the responsibility of the Lessee.

   ii. **EARTH ANCHORS.** Any earth anchors and strapping to be used are designed to meet specific pullout capacities when suitable soil conditions are provided. The Lessee is responsible for providing soil conditions that will allow for achievement of a pullout capacity of the rated number of pounds shown on the applicable engineered plans for each earth anchor. If applicable, Lessor will install a specific number of earth anchors and strapping, based upon the above pullout capacities. Lessor recommends, and local governing authorities may require, that the Lessee have a pullout test performed to insure that the soil is adequate to achieve the required pullout capacities mentioned above. All costs associated with such testing and its results are the responsibility of the Lessee. These costs include, but are not limited to: testing, an increase in the number of earth anchors to be provided to meet the required loads, any re-testing and engineering time. Lessor will not warrant that the number of earth anchors installed will meet the required pullout capacities, unless the Lessee provides pullout test results and verification that the completion of any resulting corrective action has taken place.

   iii. **DAMAGE AND ADDITIONAL COSTS.** At the time of installation of earth anchors, should ground penetration be hindered by elements such as large rocks, lime, cement, utility lines, etc., Lessee will be responsible for all additional costs, including replacement of broken earth anchors provided that such damage is incurred while property completing the installation. Further, should damage to any underground utility lines occur, the cost of repair will be borne entirely by Lessee. At the time of dismantle, Lessor will cut the straps of the earth anchors in order to remove the Equipment. Lessee is then responsible for the removal of the earth anchors from the site.
iv. **WARRANTY.** The warranty set forth in Section 1 does not apply to any seismic/wind restraints in the event that the Lessee has elected not to contract for a wet stamped engineered foundation plan. Lessor will not inspect the installation of the foundation system.

v. **APPROVAL.** Lessee is responsible for obtaining site inspection and approval of the foundation system by the appropriate local jurisdiction.

f. **MISCELLANEOUS.** The Equipment is not pre-wired for features such as telephones, data lines, fire alarms, intercoms, lightning suppression; it is Lessee’s responsibility to wire these items for individual preference and usage. Lessee shall also have the sole responsibility for any utility or other connections to the Equipment.

g. **CABINETRY.** The Equipment may include cabinetry that is fabricated with particleboard. Particleboard is known to emit certain levels of formaldehyde. Lessee acknowledges that it has been made aware that lower emission and formaldehyde free options are available.

h. **CARPET.** The Equipment may include new carpeting. Most of the carpeting products provided by Lessor meet the Carpet and Rug Institute’s Green Label testing standards for indoor air quality. Nonetheless, it is recommended that new carpeting receive a minimum of 72 hours airing-out time, under well-ventilated conditions, prior to occupancy.

6. **PHOTOGRAPHY RELEASE.** Lessee agrees to grant Lessor, and any person acting on behalf of Lessor, the right to use Lessee’s photography for any of Lessor’s company business or for marketing purposes. Lessee understands that Lessee’s purposes may include, but are not limited to, use in marketing collateral, digital content (websites, email campaigns), publicity, advertising and any internal or external company communications. Lessee further understands the photography will become the property of Lessor and that Lessee will not be compensated for provided permission to photograph. Lessee hereby irrevocably authorizes Lessor, or any person acting on its behalf, to edit, alter, copy, exhibit, publish or distribute any photograph for the purposes described above. In addition, Lessee consents to such use or disclosure without Lessee’s prior inspection or approval of the finished product, including written or electronic copy, wherein such photography may appear. Lessee understands that Lessor is not responsible for any use or disclosure of any photography not authorized by Lessor. Lessee holds Lessor harmless from any loss, damage or injury resulting from any such unauthorized use or disclosure.
